Lansing Mi
Attn Barb Byrum

07-14-09

Dear Rep Barb Byrum, I read the article in todays Freepress concerning Insurance Company

In the year of 2005 My Wife and I were involved in a accident in Wixom, Mi

We were injured and had several operations at Local Hospitals.

The other driver ran a traffic signal and totaled our auto.

Our Insurance Company Citizens of Howell Mi refused to pay several claims to one of our Doctors and stated that, our Doctors bills have not in their network.

The Doctors office reported us to the Credit Bureau and I have tried for 4 yrs to ask them to pay this bill and also a bill to Beaumont Hospital.

Community Orthopedic in Ypsilanti Mi was finally paid 2 week ago and I had to keep calling Citizens and Community Orthopedic constantly.

They have ruined my Wifes credit and several Banks refused a auto loan recently.

I talked with Community last week and they stated that now that they have

Paid in Full. They would notify the Credit Bureau

I am elated to hear that someone in Lansing is concerned about this problem.

Since we are paying for Insurance? Why do we have to negotiate between Doctors and Insurance Companys.

Thank For investigating this problem.

Sincerely

Chas. Scannell
