Chairman Lund
House Appropriations
State Capitol Building
Lansing Michigan

Dear Chairman Lund,

Putting dollar cap limitations on medical expenses for survivors of auto accidents will only do more to burden individuals and families dealing already unthinkable circumstances. Michigan's no-fault system is simply the nation's best auto injury system. To allow insurance companies to play numbers games with the health and well being of Michigan citizens would be a travesty.

Preserving Michigan's no-fault system is a moral priority.

Sincerely,

Steven Nicolich
