American Red Cross

May 13, 2013

The Honorable Phil Potvin
Michigan House of Representatives
P.O. Box 30014
Lansing, MI 48909-7514

Dear Representative Potvin:

We have noted your sponsorship of HB 4156 to provide liability protection for certain volunteer nurses. Nursing has been a cornerstone of the American Red Cross since its inception in 1881. As medical knowledge has expanded, nursing services have grown and adapted as well to meet new needs. We believe the role of volunteer nurses fills an important area of the medical services spectrum and hope your legislation will further the profession. Accordingly, we are pleased to support HB 4156 and look forward to working with you to see its enactment.

Sincerely,

John H. Cauley, Jr. CFRE
Government Relations, Lead Executive
