Honorable Marie Donigan, Chair and
Honorable Members of the House Committee on
Intergovernmental & Regional Affairs

Dear Representatives:

This communication is to express the Redford Township Employees Civil Service Commission's support and that of Township Supervisor Tracey Schultz Kobylarz, Clerk Garth Christie, and Treasurer Lily Cavanagh for passage of House Bill 5685. This bill if passed would amend 1965 PA 246, and provide some economic relief to townships like Redford that have an Act 246 civil service system. The economic relief will come from not spending the time and thousands of dollars to recruit and test for individuals who by civil service rules work less than 1,080 hours a year, receive only statutorily mandated fringe benefits and would not have civil service status.

Your assistance in the passage of this bill would be greatly appreciated.

Sincerely

Thomas P. Sesko
