Subject: House Bill 4917

Dear Sir,

As a retired Sergeant from the Detroit Police since 1985, I very strongly support the passage of House Bill 4917, with all of its intended features, including the right to vote for elected pension board representatives.

My fellow retirees living in the State of Michigan along with all of us retirees residing elsewhere are of one mind in this very important matter. Without exception we appreciate your past support of House Bill 4917 and are depending on your vigorous continued efforts to see it through to final enactment. Kindly convey my strong support on this important matter to all of your colleagues in the Michigan Legislature.

Respectfully,

John W. Krause
