Rev. Terry Kerner, Pastor of St. Kateri Catholic Church in Dearborn, offered the following invocation:

“ALMIGHTY GOD AND CREATOR OF ALL GOOD THINGS, WE SEEK YOUR GENEROUS BLESSING ON OUR ASSEMBLY TODAY. LIKE THE SEASON OF SPRING, WE COME TOGETHER ANTICIPATING GROWTH AND CHANGE FOR BETTER AND KINDER DAYS.

HELP REMEMBER THAT CHANGE ONLY COMES WITH A WILLINGNESS TO LOOK FOR THE NOVELTY IN ANOTHER PERSON’S IDEAS AND NURTURE IT WITH OUR OWN EXPERIENCE AND WISDOM.

HELP US TO REMEMBER EACH DAY THE TRUST PLACED IN US TO LEAD, TO SERVE, TO WORK TOGETHER, RESPECTING THE PRIVILEGE GIVEN US AS ELECTED CITIZENS OF OUR GREAT STATE OF MICHIGAN.

MAY WE NEVER YIELD TO PETTINESS NOR BECOME SMALL-MINDED. MAY WE ALWAYS BE OPEN TO EACH OTHER’S SINCERITY AND SEEK TO GROW OUR TRUST AND COLLABORATION WORKING ONLY TO CREATE THE VERY BEST FOR THE CITIZENS WHOM WE SERVE.

AND LORD, AFTER THIS MONUMENTAL TASK OF HELPING US, PLEASE TAKE A QUIET MOMENT TO GRANT TO ONE OF MICHIGAN’S GREATEST ASSETS, OUR BOYS, OUR DETROIT TIGERS! AMEN.”

Rep. Nesbitt moved that Rep. Muxlow be excused from today’s session.  
The motion prevailed.

### Motions and Resolutions

Reps. Derek Miller, Sarah Roberts, Yanez, Greig, Chirkun, Zemke, Plawecki, Townsend, Schor, Brinks, Dillon, Talabi, Chang, Garrett, Brunner, Liberati, Pagan, Rutledge, Banks, Hovey-Wright, LaVoy and Durhal offered the following resolution:

#### **House Resolution No. 33.**

A resolution to urge the Governor to promote the use of energy-efficiency measures and LEED standards in the design, construction, and renovation of state-owned buildings.

Whereas, The state of Michigan owns dozens of office buildings and workspaces. Facilities managed by the Department of Technology, Management and Budget alone comprise over 12 million square feet of space and consume enormous amounts of water as well as energy for lighting, heating, cooling, and computers and other equipment. This energy usage costs the state around \$23 million annually and is responsible for significant greenhouse gas emissions; and

Whereas, Maximizing the use of energy-efficient measures, such as LED lighting, high R-factor building materials, low U-factor windows, and Energy Star-rated heating and cooling systems could significantly reduce the state’s energy consumption, save millions of taxpayer dollars, support local businesses and job creation, and reduce harmful emissions; and

Whereas, The LEED green building rating system is one of the most widely used measures of a building’s energy efficiency, used by eighty-eight Fortune 100 companies and hundreds of cities. Moreover, nearly 20 states require that newly constructed or renovated state buildings achieve LEED or a similar level of certification. There are over 44,000 registered and certified LEED projects in the United States. A building that has been designed, renovated, built, operated, and certified as compliant with LEED is recognized to reduce energy consumption and costs; reduce water consumption and costs; reduce carbon emissions; promote renewable, clean energy; improve building value and reduce operating costs; and improve occupant health and comfort; and

Whereas, Public Act 295 of 2008 established a goal to reduce state energy consumption by 25 percent by 2015 when compared to 2002. The act also requires the Department of Technology, Management and Budget to examine the costs and benefits of using LEED building code standards when constructing or remodeling a state building and when leasing a building. As of June 2014, only the Michigan State Housing Development Authority’s leased office building in Lansing has achieved LEED certification. It is estimated to save Michigan taxpayers \$31,500 annually with a 1.23 years payback period; and

Whereas, The state of Michigan should meet its own energy goals and requirements. This would demonstrate energy leadership, raise public awareness of the benefits of energy efficiency, and provide a model for the private sector; now, therefore, be it

Resolved by the House of Representatives, That we urge the Governor to promote the use of energy-efficiency measures and LEED standards in the design, construction, and renovation of state-owned buildings; and be it further

Resolved, That copies of this resolution be transmitted to the Governor and the Director of the Department of Technology, Management and Budget.

The resolution was referred to the Committee on Appropriations.

In The Chair: Cotter

The House agreed to the title of the bill.

Rep. Nesbitt moved that the bill be given immediate effect.

The motion prevailed, 2/3 of the members serving voting therefor.

Rep. Pagan, having reserved the right to explain her protest against the passage of the bill, made the following statement:

“Mr. Speaker and members of the House:

Thank you, Mr. Speaker.

Today I rise in opposition to House Bill 4122, a bill that prohibits the Michigan Film office from operating or funding film and digital media production.

At a time when we are talking about supporting new and exciting industries in Michigan, we cannot forget about how strong of an impact the Michigan Film Incentive program has made in our great state.

First, this incentive program is about creating jobs. Since its creation in 2008, this incentive program has created over 10,000 jobs - all highly skilled, good paying jobs. The very same kind of jobs our Governor is focused on creating. In fact, every \$1 we invest in the film incentive program generates \$10 in economic impact. Many out of work Michiganders, especially in the carpentry, electrical, and sound and lighting trades, are now finding work in building movie studios and sets right here in our local communities.

And of course, besides the strong economic impact and the creation of good paying jobs, there is a cool factor. Who doesn't want to see Ben Affleck or Amy Adams walking down our local streets?

This film incentive program is good for Michigan's business, it's good for Michigan's local communities, and it's good for Michigan's families. I strongly urge my colleagues to vote NO on HB 4122.

Thank you Mr Speaker."

Rep. Hoadley, having reserved the right to explain his protest against the passage of the bill, made the following statement:

"Mr. Speaker and members of the House:

While I support efforts to control legacy tax costs, the current film incentive program as a pay-as-you-go system creates smart economic investment in the state. I support the reasonable role of leveraging state investment in a growing industry. This bill punishes a model that is sustainable and working while failing to address a broader set of issues related to legacy tax credits."

Rep. Moss, having reserved the right to explain his protest against the passage of the bill, made the following statement:

"Mr. Speaker and members of the House:

The most pressing problem we are going to tackle in this Legislature is how to grow our population, as Michigan was the only state in the country in the last census that faced population loss. The solution to that problem includes retaining the creative talent we have here now, and attracting young talent to plant their roots in Michigan. Michigan's film incentive program is part of that solution and is reaching the creative talent who left Michigan or bypass Michigan. Therefore, I voted against House Bill 4122."

Rep. Robinson, having reserved the right to explain her protest against the passage of the bill, made the following statement:

"Mr. Speaker and members of the House:

I voted to protect the jobs created in this industry. It is my belief that this bill is a ploy to negotiate another deal with the film industry and not the elimination of corporate welfare."

Rep. Yanez, having reserved the right to explain his protest against the passage of the bill, made the following statement:

"Mr. Speaker and members of the House:

Mr. Clerk,

I voted NO on HB 4122 because last term I supported the Governors recommendation to phase out the tax credits. Many Michigan workers that are still trying to financially get back on their feet after our 'Great Recession' and they have found jobs in the film industry. Individuals have have committed large financial investments in Michigan because of these credits. It's unfair to simply 'pull the rug out from under them' after making those investments in our community and our state. Therefore I voted 'NO'."

Rep. Guerra, having reserved the right to explain her protest against the passage of the bill, made the following statement:

"Mr. Speaker and members of the House:

*I voted against House Bill 4122 because this bill would prohibit the Michigan Film Office from funding the film incentives. I believe we should invest in programs that create jobs for Michigan workers and boost Michigan's economy which is exactly what the film incentives do."*

Rep. Chirkun, having reserved the right to explain his protest against the passage of the bill, made the following statement:

"Mr. Speaker and members of the House:

Thank you Mr. Speaker,

Today, I rise in opposition to House Bill 4122. I believe this bill is sending the wrong message to businesses who want to come to Michigan and bring movie projects here and provide job opportunities for Michigan residents.

I do not understand the need for this legislation when just months ago, the previous legislature passed a bill that would phase out the film incentive program by 2021.

Now, literally, three months later, we (the legislature) are now saying that despite what was passed in December, we must eliminate the tax incentive program all together now and end the job prospects for many of Michigan's residents who are currently employed by the film industry.

Some say the industry is full of transient workers. Well, the reason for that is because we keep changing the rules of the game. If there was a consistent set of incentives and funding, more movie projects would come to Michigan and these employees would continuously be involved in making these movies, like in Georgia.

The executive budget recommendation calls for the film tax incentives to remain in place and I, Mr. Speaker, agree.

If we want to continue to diversify our state's economy and build up a workforce that is permanent, we must not support this bill. I urge my colleagues on both sides to oppose this legislation and let the changes made last year have the time to be implemented.

Thank you Mr. Speaker."

Rep. Driskell, having reserved the right to explain her protest against the passage of the bill, made the following statement: "Mr. Speaker and members of the House:

Today I will vote no on House Bill 4122, a bill that prohibits the Michigan Film office from operating or funding film and digital media production.

The Michigan Film Office's Film and Digital Media Production Assistance Program has been successful in diversifying our state's economy. It has jump-started a new industry in our state that is creating jobs for skilled workers.

Since it was created in 2008, this incentive program has generated thousands of jobs. A report from Ernst & Young found that from 2009-2010 alone, Michigan's film industry generated 6,491 full-time jobs. Furthermore, every \$1 we invest in the film incentive program generates \$6 in economic gain.

When there are so many business tax credits and tax incentive programs in our state, why is the legislature singling out this particular program for elimination? I believe we should address corporate tax incentives as a whole, rather than cherry-picking programs for elimination.

With more time, we will see continued and improved benefits from the program. I voted no on House Bill 4122 because the the film incentive program is good for Michigan's economy, communities, and families."
