#### Senate Concurrent Resolution No. 11.

A concurrent resolution to approve the State Officers Compensation Commission determinations.

Whereas, Pursuant to the provisions of Article IV, Section 12 of the Michigan Constitution, the State Officers Compensation Commission is responsible for making determinations regarding the salaries and expense allowances of the members of the Legislature, the Governor, the Lieutenant Governor, the Attorney General, the Secretary of State, and the Justices of the Supreme Court; and

Whereas, The State Officers Compensation Commission met on February 12, 2009, and March 9, 2009, to determine the salaries and expense allowances for the members of the Legislature, the Governor, the Lieutenant Governor, the Attorney General, the Secretary of State, and the Justices of the Supreme Court; and

Whereas, The State Officers Compensation Commission has concluded its proceedings and on March 9, 2009, made its determinations that a 10 percent reduction to current salaries, supplemental salaries, and expense allowances for legislative and executive branch positions is appropriate. Rep. Cushingberry, having reserved the right to explain his nay vote, made the following statement:

“Mr. Speaker and members of the House:

The issue is as French Philosopher Rene Descartes ‘I think therefore I am.’ The problems of Michigan is not the salary of the elected officials - it’s the constant denigration of the value of the service of labor. The manipulation of symbols to head off the reform proposals of wholesale constitutional change of government is wrong headed. The old adage that you get what you pay for is as true as one of my mentors statement; Chairman George Montgomery said of a similar resolution that those who support such are worth less. The privilege of serving the people of Michigan is hard work when done properly. The sad fact is that term limits has daunted the aspirations of Michigan’s Constitutional parents dream - a truly people’s House wizened through rigor, reform, real references to history, arts, and sciences. No matter the cut in salary it will never be enough to greedy naysayer, anarchists, and mischievous self servers still trying to pull the wool over the publics eyes! We must better educate our legislators, judges, executives, and citizenry on the value of an activist government free of undue pressure- truly public servants.”

Whereas, The first Michigan two-year college, Grand Rapids Junior College, opened in 1914, and provided high school graduates with two years of general education classes preparing them for future education or workforce experience; and

Whereas, Twenty-seven additional community colleges have been established throughout the state of Michigan since 1914. The community colleges of Michigan include: Alpena Community College, Bay College, Delta College, Glen Oaks Community College, Gogebic Community College, Grand Rapids Community College, Henry Ford Community College, Jackson Community College, Kalamazoo Valley Community College, Kellogg Community College, Kirtland Community College, Lake Michigan Community College, Lansing Community College, Macomb Community College, Mid Michigan Community College, Monroe County Community College, Montcalm Community College, Mott Community College, Muskegon Community College, North Central Michigan Community College, Northwestern Michigan College, Oakland Community College, St. Clair County Community College, Schoolcraft College, Southwestern Michigan College, Washtenaw Community College, Wayne County Community College District, and West Shore Community College. These institutions educate nearly a half-million students each year; and

Resolved in the House of Representatives, That the members of this legislative body recognize April 2, 2009, as Community College Day in the state of Michigan and urge the appropriate observance; and be it further

Resolved, That copies of this resolution be transmitted to the Michigan Community College Association members as a token of our appreciation.

**House Resolution No. 60.**

A resolution recognizing April 2009 as Multiple Birth Awareness Month in the state of Michigan.

Whereas, The National Organization of Mothers of Twins Clubs, Inc., Twins Magazine and the Fetal Hope Foundation have joined with local organizations to establish and celebrate April as the first annual National Multiple Birth Awareness Month; and

Whereas, Multiple births are on the rise. The number of live births in twin deliveries rose 1 percent between 2004 and 2005 to 133,122 births; this number has almost doubled since 1980 (from 68,339). In 2005, there were also 6,208 triplets, 418 quadruplets and 68 quintuplets born nationwide; and

Whereas, This month will be used to spread awareness about the issues that families of multiple births face including what to know when expecting multiples, twin-to-twin transfusion Syndrome and other fetal issues directly affecting multiple birth pregnancies, premature births and low birth weights, multiples with special needs; the exception physical and bonding demands placed on parents, and the separation of multiples in classrooms; and

Whereas, There are many local support groups for parents of multiples. By raising awareness of multiple births, this month also encourages parents of multiples or who are expecting multiples to seek out the resources and support found with local mothers of twins clubs, through their prenatal care provider, pediatrician, local hospital or the Michigan Organization of Mothers of Twins Clubs. These clubs are established to serve parents or guardians of multiple birth children through education, research and fellowship; and

Whereas, We join with the many parents of multiples to celebrate the joys and challenges they face in raising their twins, triplets or more and support efforts to educate our communities about the needs and challenges of multiple birth children; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body recognize and celebrate the month of April 2009 as Multiple Birth Awareness Month in the state of Michigan.

Whereas, Graduate students make vital contributions to the teaching and research that underpins our new knowledge-based economy and supports community engagement while serving as teaching and research assistants; and

Whereas, Michigan graduate students continue to change the way we fuel Michigan's economy by stimulating entrepreneurship, improving the quality of life, researching (to name a few) renewable energy sources, water quality, new technologies, agricultural productivity, transportation enhancements, sustainability, management of natural resources, disease prevention, medical innovations, healthcare delivery mechanisms, unique health care issues for children and the elderly; and

The question being on the adoption of the resolution,

The resolution was adopted.

Reps. Cushingberry, Amash, Dean, Durhal, Gonzales, Gregory, Robert Jones, Lahti, Leland and Roy Schmidt offered the following resolution:

**House Resolution No. 62.**

A resolution to memorialize the United States Congress to repeal the federal Controlled Substances Act and allow all scheduled drugs to be regulated at the state level.

Whereas, The Controlled Substances Act (CSA) of 1970, upon which all federal drug laws are based, is a failure. Nearly 40 years after the CSA was passed, there are 400,000 people in prison for nonviolent drug crimes. Nearly a trillion dollars have been spent on enforcement, both in the U.S. and through aggressive interdiction efforts overseas. Many urban areas, such as Detroit, Los Angeles, and Chicago, can resemble war zones as violence is bred by illegal drug trafficking. Yet, illicit drugs like cocaine and marijuana are as cheap and abundant as they were in 1970. The street price of both drugs has actually dropped since the government began keeping track in the early 1980s; and

Whereas, The failure of the CSA is evidenced by its treatment of medical marijuana. People with chronic illnesses and the doctors that treat them know that marijuana can ameliorate a patient's fatigue, restore appetite, diminish pain, remedy nausea, cure vomiting and curtail weight loss. People suffering with multiple sclerosis, Crohn's disease, migraine headaches, severe nausea and vomiting, convulsive disorders, and the AIDS wasting syndrome find that marijuana is more effective, less toxic, and less expensive than conventional medicines. Yet, federal SWAT teams storm medical marijuana clinics and make patients feel like criminals. In California, the federal government prevented a dying woman from possessing medical marijuana, solely for her own use, to treat the symptoms of her illnesses, even though the voters of California had determined that she should be left alone; and

Whereas, The federal CSA is unconstitutional. The tenth amendment of the Constitution asserts that powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people. There is no mention of drugs in the Constitution. Each state should have the ability to prohibit, or allow, drug use according to state drug laws and the wishes of its population; now, therefore, be it

Resolved by the House of Representatives, That we memorialize the United States Congress to repeal the federal Controlled Substances Act and allow all scheduled drugs to be regulated at the state level; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

The resolution was referred to the Committee on Judiciary.

Reps. McMillin, Cushingberry, Durhal, Genetski, Gregory, Griffin, Knollenberg, Kurtz, Lahti, Leland, Marleau, Moss, Rocca, Rogers, Roy Schmidt, Bettie Scott and Young offered the following resolution:

**House Resolution No. 63.**

A resolution to urge the Michigan Public Service Commission to act quickly to prevent the recently proposed hikes in Michigan consumers' electric rates.

Whereas, Nearly 4 million homes and businesses in Michigan depend on Detroit Edison and Consumers Energy to supply one of the most basic of consumer needs, electricity. Electricity is vital to every enterprise in Michigan. Reliable and reasonably priced electricity is critical to Michigan's future; and

Whereas, Detroit Edison and Consumers Energy recently proposed significant rate increases. Detroit Edison is proposing a \$378 million rate increase, while Consumers Energy is proposing a \$215 million rate increase. These are on top of rate increases that just took effect last year. In 2008, Detroit Edison's and Consumers Energy's electric rates increased by three to four percent; and

Whereas, Now is not the time to raise Michigan consumers' electric rates. Michigan has the highest unemployment rate in the nation. More than 11 percent of Michigan residents are out of a job. Foreclosures are at an all-time high. Homeowner's taxes are going up, while their home values are receding. Our manufacturers and our businesses are struggling. The last thing Michigan consumers need is an 11 percent hike in their electric rates; and

Whereas, The proposed rate hikes can take effect automatically under a new state law if the Michigan Public Service Commission fails to act within six months of the requests being filed. In 2008, the commission reduced Consumers Energy's and Detroit Edison's electric rate increase requests by 60 and 71 percent respectively. Clearly, there is reason to think the utilities' current rate increase proposals are significantly higher than warranted. However, if the commission doesn't act within six months these dramatic rate increases can go into effect; now, therefore, be it

Resolved by the House of Representatives, That we urge the Michigan Public Service Commission to act quickly to prevent the recently proposed hikes in Michigan consumers' electric rates; and be it further

Resolved, That copies of this resolution be transmitted to Chairman of the Michigan Public Service Commission.

The resolution was referred to the Committee on Judiciary.

Reps. Coulouris, Ball, Booher, Terry Brown, Byrnes, Constan, Cushingberry, Dean, DeShazor, Durhal, Geiss, Gonzales, Green, Gregory, Griffin, Haugh, Horn, Rick Jones, Robert Jones, Knollenberg, Kurtz, Lahti, Leland, Lipton, Liss, Marleau, Mayes, Meadows, Moore, Moss, Neumann, Opsommer, Polidori, Proos, Roberts, Rocca, Rogers, Roy Schmidt, Scripps, Sheltroun, Smith, Spade, Stanley, Switalski, Tlaib, Valentine, Warren and Young offered the following resolution:

**House Resolution No. 64.**

A resolution recognizing April 2009 as Financial Literacy for Youth Month in the state of Michigan.

Whereas, The informed use of credit and other financial products and services benefits individual consumers and promotes economic growth; and

Whereas, Financial literacy encourages greater economic self-sufficiency, higher levels of home ownership, and enhanced retirement security, particularly among low- and moderate income citizens; and

Whereas, The past decade has seen declining personal savings rates, increased bankruptcy filings, and rising percentages of family income devoted to serving household debt; and

Whereas, Only 26 percent of 13- to 21-year-olds reported that their parents actively taught them how to manage money; and

Whereas, A 2008 study by Jump\$tart Coalition for Personal Financial Literacy found that high school seniors know even less about credit cards, retirement funds, insurance, and other personal finance basics than seniors did five years ago; and

Whereas, Personal financial education is essential to ensure that our youths are prepared to manage money, credit, and debt, while also becoming responsible workers, heads of households, investors, entrepreneurs, business leaders, and citizens; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body recognize April 2009 as Financial Literacy for Youth Month in the state of Michigan. This month will raise public awareness about the need for increased financial literacy in our schools and among our children and to urge the awareness of the serious problems that are associated with a lack of understanding about personal finances; and be it further

Resolved, That we call on each parent, school, business, community organization, and unit of government to observe the month with appropriate programs and activities.

The question being on the adoption of the resolution,

The resolution was adopted.

Reps. Knollenberg, Agema, Amash, Caul, Genetski, Green, Marleau, McMillin, Meltzer, Moss, Opsommer, Polidori and Sheltroun offered the following resolution:

**House Resolution No. 65.**

A resolution to memorialize the Congress of the United States to increase the federal capital loss deduction from \$3,000 to \$6,000.

Whereas, Our nation, the state of Michigan in particular, is facing one of the most challenging recessions in memory. Financial and credit markets have been particularly hard hit by this fiscal tsunami. Clearly, as our state and the nation adjusts to the realities of these new economic forces, the federal government should step up and come to the aid of the average taxpayer ravaged by these forces of change; and

Whereas, With the stock market hitting unprecedented lows and blue chip stock values plummeting, investments have been especially affected by our economic downturn. Nonetheless, the crisis in the housing market and the credit crunch have forced many individual investors to cash out stocks at a loss, to pay their mortgages and keep their families afloat in the face of these trying times. The Internal Revenue Code provides a certain amount of tax relief for capital losses in excess of gains in these circumstances, but considering the state of the economy, more needs to be done to help the average taxpayer; and

Whereas, Indeed, the United States Congress should make every effort to help taxpayers weather our economic storm. The most obvious solution would be to extend the tax relief for those taxpayers who have been forced by the economy to sell capital assets at a loss. The current maximum deduction for a capital loss is \$3,000. This deduction, at a minimum, should be increased to \$6,000. This simple reform would go a long way to help alleviate the effects of this recession on our average taxpayers; now, therefore, be it

Resolved by the House of Representatives, That we hereby memorialize the Congress of the United States to increase the federal capital loss deduction from \$3,000 to \$6,000; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

The resolution was referred to the Committee on Tax Policy.

**Messages from the Senate****Senate Concurrent Resolution No. 10.**

A concurrent resolution to urge Congress to enact a waiver or exclusion for youth motorcycles and all-terrain vehicles from the lead requirements of the Consumer Product Safety Improvement Act and to encourage the Consumer Product Safety Commission to exclude those products under their regulatory authority.

Whereas, In the aftermath of highly-publicized recalls of children's toys and products containing toxic substances, most notably lead, Congress enacted H.R. 4040 in 2008 to reform and strengthen the authority of the U.S. Consumer Product Safety Commission to monitor the safety of goods sold in the global marketplace. The act prohibits the manufacture and sale of children's products containing lead. "Containing lead" is considered as more than 600 parts per million (ppm) by February 10, 2009, whether the lead is in the paint or content of the product; and

Whereas, Under the newly-enacted law, “children’s product” means a consumer product designed or intended primarily for children 12 years of age or younger. This law has had the unintended consequence of halting nationwide sales of off-road motorcycles, all-terrain vehicles (ATV), and after-market parts manufactured for young riders; and

Whereas, Off-road cycling and power sports involving youths is a multimillion-dollar industry. An estimated 100,000 youth bikes were sold in the United States in 2008, and current inventory aimed at children under the age of 12 is valued at \$100 million; and

Whereas, Under the doctrine enunciated in *Chevron, U.S.A., Inc. v. Natural Res. Def. Council*, 467 U.S. 837, 842-45 (1984), a regulatory agency is permitted to adopt a reasonable interpretation of a statute that Congress entrusts that agency to administer. In choosing among reasonable interpretations, an agency may consider their policy implications. (*Chevron*, 467 U.S. at 843.) Here, substantial policy implications point in favor of staying the effective date of Section 101(a)(2) until the final substantive rules and interpretative regulations can be established and regulated entities can, as a practical matter, determine whether particular new and existing products are in compliance with the lead content requirements; and

Whereas, The components, parts, and accessories of the youth motor vehicles that have been targeted by the lead law include lead battery terminals, fittings and connectors, engine housings, chassis parts, tire valve stems, brake levers, clutch levers, and many others. Yet the industry points out that lead-containing parts and accessories are highly unlikely to be touched by children, and any contact that may occur poses no risk to children ages 12 and younger; now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That we urge Congress to enact a waiver or exclusion for youth motorcycles, all-terrain, and snowmobiles vehicles from the lead requirements of the Consumer Product Safety Improvement Act; and be it further

Resolved, That we also urge the Consumer Products Safety Commission under the doctrine enunciated in *Chevron, U.S.A., Inc. v. Natural Res. Def. Council*, 467 U.S. 837, 842-45 (1984), to issue a regulation exempting youth motorcycles, all-terrain vehicles, and snowmobiles from the lead requirements of the Consumer Product Safety Improvement Act; and be it further

Resolved, That copies of this resolution be transmitted to the Consumer Product Safety Commission, the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

The Senate has adopted the concurrent resolution.

Reps. Agema, Cushingberry, DeShazor, Gonzales, Hansen, Horn, Rick Jones, Robert Jones and Kurtz were named co-sponsors of the concurrent resolution.

The concurrent resolution was referred to the Committee on Great Lakes and Environment.
