**Motions and Resolutions**

Reps. Pearce, Opsommer, Ball, Tyler, Denby, Bolger, Walsh, Wayne Schmidt, Kurtz, Stamas, Agema, Lori, DeShazor, Amash, Green, Paul Scott, Knollenberg, Haines, Rick Jones, Moss, Proos, Hansen, Daley, Horn, Moore, Valentine, Mayes, Kennedy, Clemente, Crawford, McMillin, Caul, Rocca, LeBlanc, Marleau, Sheltroun, Nerat, Rogers, Roy Schmidt, Lemmons, Dean, Terry Brown, Polidori, Womack, Pavlov, Booher, Lund, Hildenbrand, Meltzer, Schuitmaker, Haugh, Haase, Barnett, Huckleberry, Durhal, Bettie Scott, Kowall and Meekhof offered the following resolution:

**House Resolution No. 279.**

A resolution calling on all fifty states and their congressional delegations to question the authority of the federal government, under the 10th Amendment of the U.S. Constitution, to collect a federal gas tax from each state and then hold the dollars hostage by requiring each state to provide matching funds to receive those dollars back and memorialize Congress to reconfigure the distribution of transportation money to the states.

Whereas, Eighteen cents of the price of every gallon of gasoline sold in Michigan and other states goes to the Federal Highway Trust Fund as the federal motor fuel tax. Through a complicated formula of allocations from the U.S. Department of Transportation and congressional appropriations this money is eventually redistributed to the states as federal aid for highways and other transportation projects. For several decades, Michigan has been a donor state for transportation dollars, contributing a greater proportionate share to the Federal Highway Trust Fund than the share of federal transportation funds returned to Michigan. In recent years, Michigan has received only between 87 and 92 percent of the share of the federal tax revenue that the state generates. In effect, Michigan has subsidized transportation projects in other states to the detriment of our state infrastructure and in disproportion to our contribution to the national economy; and

Whereas, Congress declared the interstate highway system completed in 1991, fulfilling the original goals of the federal highway program. Currently, only about 60 percent of the federal fuel taxes paid by motorists go to roads. There were 7,000 individual earmarks enacted in the transportation reauthorization bill in 2005, making it one of the largest pork spending programs in the federal budget; and

Whereas, The contribution imbalance has created a serious financial and safety challenge for Michigan and other donor states. The federal government should adopt a policy whereby all but one percent of federal gas tax monies collected in each state would remain in the state. One percent of the dollars collected should be designated to maintain the federal highway system in less populated states. The remaining 99 percent should be kept by states to maintain the federal highways within their borders and allocated for any other state transportation purposes at the discretion of each state. This would eliminate the issue of donor states and keep all but one percent of the federal gas tax funds in each state; now, therefore, be it

Resolved by the House of Representatives, That we call on all fifty states and their congressional delegations to question the authority of the federal government, under the 10th Amendment of the U.S. Constitution, to collect a federal gas tax from each state and then hold the dollars hostage by requiring each state to provide matching funds to receive those dollars back and memorialize Congress to reconfigure the distribution of transportation money to the states; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, the members of the Michigan congressional delegation, and the Governors of each state.

The resolution was referred to the Committee on Transportation.

Reps. Miller, Ball, Barnett, Lisa Brown, Terry Brown, Constan, Gonzales, Hansen, Robert Jones, Kowall, Liss, Lori, Mayes, Neumann, Pearce, Polidori, Proos, Roberts, Rogers, Segal, Smith, Spade, Valentine, Walsh and Warren offered the following resolution:

**House Resolution No. 280.**

A resolution to declare May 12, 2010, as Fibromyalgia Awareness Day in the state of Michigan.

Whereas, Fibromyalgia is a disease without a known cause or cure. This chronic disease affects people of all ages throughout the world. An estimated 10 million people in the United States alone suffer from this chronic disease; and

Whereas, While 75-90 percent of the people who have Fibromyalgia are women, it also occurs in men and children and in all ethnic groups. The disorder is often seen in families, among siblings or mothers and their children. The diagnosis is usually made between the ages of 20 to 50 years, but the incidence rises with age so that by age 80, approximately 8% of adults meet the classification of Fibromyalgia; and

Whereas, Fibromyalgia is a chronic condition, which causes people to suffer from often intolerable pain. One of the affects of Fibromyalgia is sleep fatigue as a result of a lack of deep sleep as well as patterns of non-restorative sleep. Fibromyalgia can also cause various nervous system pains such as neuropathic pain, central nervous system pain, and transmitter or receptor dysfunction pain. It can also cause headaches, interstitial cystitis, dizziness, tingling sensations, lack of sensations, vision problems, noise sensitivity, dysfunctional bowels, and problems with memory functioning; and

Whereas, People afflicted by this condition find it nearly impossible to complete their daily routines. Patients have difficulty lifting any object even of light weight, have problems using stairs, and any slight physical strain makes it almost impossible to conduct daily activities; and

Whereas, A diagnosis of Fibromyalgia takes an average of five years. Throughout that time the patient is enduring enormous amounts of pain and he or she often faces discrimination in both the workplace and community; and

Whereas, The cost of Fibromyalgia to both an individual and society is expensive. Prominent researchers and specialists estimate the costs in the United States to be between \$12-14 billion each year and account for a loss of 1-2% of the nation's overall productivity. A 2007 study found that Fibromyalgia patients may spend \$100-\$1000 per month in addition to their insurance costs on healthcare; and

Whereas, The lack of public education of Fibromyalgia makes it extremely difficult to treat as well as to diagnose the condition. Increasing public education and research on the causes and diagnosis of this illness would help to eliminate a misunderstanding of its conditions, and possibly make advances in diagnosis and treatment more likely in the future; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare May 12, 2010, as Fibromyalgia Awareness Day in the state of Michigan.

The question being on the adoption of the resolution,

The resolution was adopted.
