Rep. Gail Haines, from the 43rd District, offered the following invocation:

“Good and gracious God, we lift up our praises to You and thank You for bringing us together this day.

We give You thanks for this lovely Autumn weather, the glorious sunshine and rain, as these good things come from Your loving hands.

Let us show our respect for one another and treat one another as You have taught us.

Let us be ever mindful of Your will.

Lord, we remember those who serve in our Armed Forces and those who have sacrificed their lives for us. We pray for those overseas and separated from their loved ones that they find strength in You.

Let us be ever mindful of the cost of freedom.

As we stand before You today, we ask that You give us determination to defend the principles of freedom, love and tolerance, strength to protect the innocent, and clarity of vision to guide the state towards economic prosperity, justice, and peace.

Let us be ever mindful of our mission to serve You.

Bless us each with Your never-ending love and grace.

In Your precious name we pray. Amen.”

The Committee on Education, by Rep. Melton, Chair, reported

House Resolution No. 320.

A resolution to memorialize Congress to enact the Literacy for All, Results for the Nation Act.

(For text of resolution, see House Journal No. 75, p. 1311.)

With the recommendation that the following substitute (H-1) be adopted and that the resolution then be adopted.

Substitute for House Resolution No. 320.

A resolution to memorialize Congress to enact the Literacy Education for All, Results for the Nation Act.

Whereas, Literacy development begins at birth and requires a sustained engagement and investment. The Literacy Education for All, Results for the Nation (LEARN) Act, H.R. 4037, would provide aid to states and educational agencies for comprehensive planning to improve the literacy of students from birth through grade twelve. Discretionary grants would be provided to bridge America's learning gap by supporting text-rich learning environments to improve reading, writing, and academic achievement. The act would provide for competitive subgrants focused on early language and literacy development in children under the age of six and districts with the highest percentages of disadvantaged or low-performing students. The Secretary of Education would perform a five-year evaluation of initiatives funded through the act, thus making school districts and states accountable for the dollars they receive and programs they support; and

Whereas, According to the most recent National Assessment of Educational Progress (NAEP), approximately 70 percent of fourth and eighth graders read below the proficiency level. Only one-third of secondary school students who enter the ninth grade can expect to graduate in four years with adequate skills needed to succeed in higher education and their place of work. These statistics are worrisome when 25 of today's fastest growing professions require higher than average literacy skills; and

Whereas, The LEARN Act would benefit Michigan, especially Detroit and other urban centers. Forty-seven percent of Detroit's adults are functionally illiterate and over 50 percent of displaced Detroit workers are literacy challenged. This low rate of literacy impacts the ability of Michigan's largest city to attract industries seeking professionals that are prepared for today's work environment. This challenge exacerbates joblessness, poverty, and crime; now, therefore, be it

Resolved by the House of Representatives, That we memorialize Congress to enact the Literacy Education for All, Results for the Nation Act (LEARN); and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.
