Pastor Ron Clark, Pastor of Huron Valley Bible Fellowship in Ypsilanti, offered the following invocation:

“O God in Heaven, I thank You for many blessings that You have graciously and mercifully given to us in Michigan. There are many problems and challenges. Some are brought on by our own sins, and some from others, and some from living in a challenging universe. Grant us victories and solutions.

I thank You, Lord, for these men and women who serve the people of Michigan as their representatives in government decision-making. Grant them the resources they need for their work. Give them the information needed for wise decisions, the wisdom and discernment that You supply, and the strength and knowledge of their limits. Bless them and their families. Bless the state of Michigan, I pray.

O Lord God, I pray for Your loving will on earth as it is in Heaven! May Your righteousness be exalted. May Your salvation by grace through faith be known. Pour out Your Grace and Mercy upon all of us. Forgive us of our sins, and reconcile us to Yourself and to one another. Lord Almighty, You are able! You have shown this through the Lord Jesus Christ. In His Name I pray that You grant these petitions. Amen.”

Rep. Stamas moved that Rep. Brunner be excused from today’s session.
The motion prevailed.

Motions and Resolutions

Reps. Haines, Brown, Denby, Heise, Hovey-Wright, Kelly, LaVoy, Lipton, Roberts and Slavens offered the following resolution:

House Resolution No. 383.

A resolution to declare June 2014 as Clinical Trial Awareness Month in the state of Michigan.

Whereas, Clinical trials of new medicines and devices are a vitally important part of the drug development and approval process and account for 45-75 percent of the \$1.2 billion average cost of developing a new drug for patients; and

Whereas, Biopharmaceutical and biomedical research companies are conducting or have conducted more than 4,340 clinical trials for new medicines and devices in collaboration with Michigan’s clinical research centers, university medical schools, and hospitals (1999 to present); and

Whereas, Of the 4,340 clinical trials, 2,198 target or have targeted the nation’s six most debilitating chronic diseases - asthma, cancer, diabetes, heart disease, mental illness, and stroke and more than 419 clinical trials are still recruiting; and

Whereas, Thousands of Michigan patients are benefitting from cutting edge treatments where no other treatment options may exist today or are testing improved dosage guidelines and administration routes that may result in fewer side effects; and

Whereas, Biopharmaceutical and biomedical research companies have been an important source of jobs, tax revenue, and research spending in Michigan, supporting nearly 75,000 jobs throughout the state and paying more than \$1.5 billion in employee revenue, leading to \$31 million in state taxes and more than \$245 million in federal taxation; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare June 2014 as Clinical Trial Awareness Month in the state of Michigan. Research institutions, academic facilities, healthcare provider organizations, hospitals and others are urged to recognize and participate in Clinical Trial Awareness Month by honoring and celebrating so that the people of Michigan are aware of the benefits that clinical trials offer as therapeutic options and the benefits of clinical trials to the economy of the state of Michigan.

The question being on the adoption of the resolution,

The resolution was adopted.

The Speaker called the Speaker Pro Tempore to the Chair.

Rep. Haines moved that the Committee on Health Policy be discharged from further consideration of **House Resolution No. 347.**

(For first notice see House Journal No. 53, p. 1035.)

The question being on the motion made by Rep. Haines,

The motion prevailed, a majority of the members serving voting therefor.

The Speaker laid before the House

House Resolution No. 347.

A resolution to declare July 12, 2014, as Neurofibromatosis Awareness Day in the state of Michigan.

(For text of resolution, see House Journal No. 40, p. 652.)

(The resolution was discharged from the Committee on Health Policy on June 4.)

The question being on the adoption of the resolution,

The resolution was adopted.

Third Reading of Bills

House Resolution No. 382.

A resolution to urge the Congress of the United States to approve President Obama’s budget proposal to provide \$35 million to help communities process evidence from untested sexual assault kits.

(For text of resolution, see House Journal No. 51, p. 1001.)

With the recommendation that the following substitute (H-1) be adopted and that the resolution then be adopted.

Substitute for House Resolution No. 382.

A resolution to urge the Congress of the United States to approve President Obama’s budget proposal to provide \$35 million to help communities process evidence from untested sexual assault kits.

Whereas, Sexual violence continues to plague our nation and destroy lives. Women and girls are the vast majority of victims, and nearly one in five women, or about 22 million, have been raped during their lifetimes. Men and boys are also at risk and one in 71 men, or about 1.6 million, have been raped during their lifetimes. Nearly one-half of all female rape survivors were raped before 18 years of age, and over one-quarter of male rape survivors were raped before 10 years of age; and

Whereas, Effective collection of forensic evidence is of paramount importance to successfully prosecuting sex offenders, as is performing sexual assault forensic exams in a sensitive, dignified, and victim-centered manner. Sexual assault forensic examinations are intrusive, lengthy, and complex medical examinations that take an average of three to four hours. A victim who agrees to a sexual assault forensic exam reasonably expects evidence collected from that exam, also referred to as a rape kit, to be analyzed; and

Whereas, The federal government has estimated that hundreds of thousands of rape kits sit untested in police and crime storage facilities across the country in what is known as the rape kit backlog. Crime labs have struggled over the past decade to meet the demand for DNA testing for all types of crimes. With demand continuing to outpace capacity—the Joyful Heart Foundation estimates that every two minutes someone is sexually assaulted in the U.S.—the backlog in testing evidence collected from sexual assault forensic exams will likely continue to grow; and

Whereas, Untested sexual assault kits mean lost opportunities to develop DNA profiles, search for matches, link cold cases, and bring justice and resolution to the victim. DNA can help identify unknown offenders and when the offender is known, it can result in “cold hits” connecting the known suspect to other crimes. Failure to test evidence collected from a sexual assault kit in a timely manner can be tragic, from expired statutes of limitation that preclude prosecution even if a suspect is later identified, to additional rape and murder victims of serial rapists; and

Whereas, Local jurisdictions that have attempted to alleviate the rape kit backlog have impressive results to show for their efforts. With federal funding, the Wayne County Prosecuting Attorney’s Office along with the Detroit Police Department, has begun to address a backlog of more than 10,000 rape kits. Among those first 1,600 kits tested, there were 455 matches in the DNA database, including matches linking to crimes committed in 22 other states and the District of Columbia. The Prosecutor’s Office identified 127 potential serial rapists and obtained 14 convictions of potential serial rapists who are tied to rapes reported in 12 other states and the District of Columbia; and

Whereas, Testing sexual assault kits provides essential evidence. But, equally essential is the investigation and prosecution of identified perpetrators, without which survivors are denied justice, rapists remain free to assault with impunity, and our communities continue to suffer emotionally and economically; and

Whereas, Reducing the rape kit backlog is a national concern requiring a national response. Federal funding is crucial to help communities in Michigan and other states to test and follow up on untested sexual assault kits; now, therefore, be it

Resolved by the House of Representatives, That we urge the Congress of the United States to approve President Obama's budget proposal to provide \$35 million to help communities process evidence from untested sexual assault kits; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

The Committee on Criminal Justice, by Rep. Heise, Chair, reported

House Concurrent Resolution No. 32.

A concurrent resolution to urge the Congress of the United States to approve President Obama's budget proposal to provide \$35 million to help communities process evidence from untested sexual assault kits.

(For text of concurrent resolution, see House Journal No. 51, p. 1002.)

With the recommendation that the following substitute (H-1) be adopted and that the concurrent resolution then be adopted.

Substitute for House Concurrent Resolution No. 32.

A concurrent resolution to urge the Congress of the United States to approve President Obama's budget proposal to provide \$35 million to help communities process evidence from untested sexual assault kits.

Whereas, Sexual violence continues to plague our nation and destroy lives. Women and girls are the vast majority of victims, and nearly one in five women, or about 22 million, have been raped during their lifetimes. Men and boys are also at risk and one in 71 men, or about 1.6 million, have been raped during their lifetimes. Nearly one-half of all female rape survivors were raped before 18 years of age, and over one-quarter of male rape survivors were raped before 10 years of age; and

Whereas, Effective collection of forensic evidence is of paramount importance to successfully prosecuting sex offenders, as is performing sexual assault forensic exams in a sensitive, dignified, and victim-centered manner. Sexual assault forensic examinations are intrusive, lengthy, and complex medical examinations that take an average of three to four hours. A victim who agrees to a sexual assault forensic exam reasonably expects evidence collected from that exam, also referred to as a rape kit, to be analyzed; and

Whereas, The federal government has estimated that hundreds of thousands of rape kits sit untested in police and crime storage facilities across the country in what is known as the rape kit backlog. Crime labs have struggled over the past decade to meet the demand for DNA testing for all types of crimes. With demand continuing to outpace capacity—the Joyful Heart Foundation estimates that every two minutes someone is sexually assaulted in the U.S.—the backlog in testing evidence collected from sexual assault forensic exams will likely continue to grow; and

Whereas, Untested sexual assault kits mean lost opportunities to develop DNA profiles, search for matches, link cold cases, and bring justice and resolution to the victim. DNA can help identify unknown offenders and when the offender is known, it can result in "cold hits" connecting the known suspect to other crimes. Failure to test evidence collected from a sexual assault kit in a timely manner can be tragic, from expired statutes of limitation that preclude prosecution even if a suspect is later identified, to additional rape and murder victims of serial rapists; and

Whereas, Local jurisdictions that have attempted to alleviate the rape kit backlog have impressive results to show for their efforts. With federal funding, the Wayne County Prosecuting Attorney's Office along with the Detroit Police Department, has begun to address a backlog of more than 10,000 rape kits. Among those first 1,600 kits tested, there were 455 matches in the DNA database, including matches linking to crimes committed in 22 other states and the District of Columbia. The Prosecutor's Office identified 127 potential serial rapists and obtained 14 convictions of potential serial rapists who are tied to rapes reported in 12 other states and the District of Columbia; and

Whereas, Testing sexual assault kits provides essential evidence. But, equally essential is the investigation and prosecution of identified perpetrators, without which survivors are denied justice, rapists remain free to assault with impunity, and our communities continue to suffer emotionally and economically; and

Whereas, Reducing the rape kit backlog is a national concern requiring a national response. Federal funding is crucial to help communities in Michigan and other states to test and follow up on untested sexual assault kits; now, therefore, be it

Resolved by the House of Representatives (the Senate concurring), That we urge the Congress of the United States to approve President Obama's budget proposal to provide \$35 million to help communities process evidence from untested sexual assault kits; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.
