Messages from the Governor

The following veto message from the Governor was received and read:

Executive Office, Lansing, December 30, 2014

Michigan House of Representatives
State Capitol Building
Lansing, Michigan 48913

Ladies and Gentlemen:

Today I am vetoing **HB 5091**, which addresses “brandishing” a firearm in public. This bill was initially tie-barred to HB 5092, a bill that would have defined the term “brandishing.” When HB 5092 was not passed, the language defining “brandishing” was moved into SB 965, part of the comprehensive legislative package addressing the application of firearms laws to pneumatic guns.

I vetoed SB 965 because not all of the pneumatic gun bills were enrolled at the end of the last legislative session, creating a situation that would be extremely confusing for both law enforcement and gun owners. Given my veto of SB 965, which contained the definition of the term “brandishing,” I must also veto HB 5091.

Sincerely,
Rick Snyder
Governor

The following veto messages from the Governor were received and read:

Executive Office, Lansing, January 14, 2015

Michigan House of Representatives
State Capitol Building
Lansing, Michigan 48913

Ladies and Gentlemen:

Today I am returning to you **House Bill (HB) 5317** without signature. HB 5317 would remove a water supplier’s ability to set the testing frequency of backflow preventers on many in-ground sprinkler systems to more often than once every 5 years.

Backflow preventers are required to be installed wherever pollutants or other chemicals could jeopardize public health by entering the drinking water system when backflow conditions occur. As with all mechanical devices, the failure rate of backflow preventers increases over time and with continued use.

Regular testing of these devices helps protect public health around the state. The frequency of testing is the responsibility of local governments, which are responsible for administering this protective service. HB 5317 proposes to eliminate that local control. Also, extending the testing frequency may increase the risk of contamination to municipal water supplies. For these reasons, I am returning this bill without signature.

HB 5317 and **HB 5318** are tie barred, and without the signing of HB 5317, it is impossible for HB 5318 to take effect. Therefore, I am also returning HB 5318 without signature.

Sincerely,
Rick Snyder
Governor

Ladies and Gentlemen:

Insurance products, and the laws and regulations that apply to these products, are often complex. Because of this, and because these products are so important to Michiganders’ financial well-being, those who sell insurance are subject to

background checks, education requirements, and licensure. **House Bill 4485** significantly weakens consumer protections by amending Michigan's insurance code to exempt operators of self-storage facilities that sell "stored property insurance" from licensure as insurance agents.

Individuals will place a wide variety of property in storage units and need to be assured that the property is protected, just as it is in their homes. Given that a person may already have insurance that will cover this property, and that every policy contains a variety of terms, conditions and exclusions, it is important that anyone attempting to sell this product understand it and be able to explain the coverage being offered, as well as how it works with other insurance the person may have.

While I understand there have been concerns expressed over the availability of this type of insurance, I believe this bill goes too far in attempting to correct the potential problem. Operators of self-service storage facilities have the option to license an employee, develop a relationship with a licensed agent, or provide referrals to licensed agents to their customers.

Furthermore, exempting certain individuals from licensure as insurance agents based solely on the point of sale of the product may create an inequitable regulatory environment giving a distinct advantage to those individuals exempted from those regulations. For these reasons, I am vetoing House Bill 4485.

Sincerely,
Rick Snyder
Governor

Ladies and Gentlemen:

House Bill 4997, Senate Bills 667 and 668 attempt to take the first step to regulate e-cigarettes and to ensure that sales to minors are prohibited. However, the legislation does not go far enough. This legislation would exclude alternative nicotine products including electronic cigarettes from the definition of tobacco products and prohibit them from being regulated as tobacco products under Michigan law.

Electronic cigarettes are nicotine-delivery devices that resemble traditional tobacco cigarettes and share a common ingredient, which is the highly-addictive chemical nicotine that is derived from tobacco.

Michigan should not enact new state law that is not consistent with a legally-mandated approach proposed by the U.S. FDA, which is to regulate e-cigarettes as tobacco products. To do so will unnecessarily sow confusion, send a mixed health message to the public on a subject that is already complex and confusing to many and effectively conflict with the Sottera ruling issued in 2010 by the Federal Court of Appeals for the District of Columbia at the request of the e-cigarette industry itself.

House Bill 4997 and Senate Bills 667 and 668 do not ensure that e-cigarettes are regulated in the interest of public health. Enacting a separate definition for e-cigarettes would establish the principle that such products are fundamentally different from other tobacco products for purposes of any new public health measures that may be proposed in the future. For that reason, I am vetoing House Bill 4997 and Senate Bills 667 and 668.

Lastly, this legislation would go against the position taken by 40 state attorneys general including Michigan's Attorney General Bill Schuette. They believe that the FDA should regulate e-cigarettes pursuant to its tobacco product authority.

I believe the preferred way to ensure that e-cigarettes are regulated in the interest of public health is to revise the existing definition of a tobacco product to make clear that e-cigarettes (and other novel nicotine-containing vapor products) are tobacco products subject to any restrictions generally applied to tobacco products under the Youth Tobacco Act, including the minimum age law.

Sincerely,
Rick Snyder
Governor
