Pastor Tim Christoson, Pastor of Bible Baptist Church in Howell, offered the following invocation:

“Psalm 86:6-10, ‘Give ear, O Lord, to my prayer... In the day of my trouble I will call upon You, For You will answer me. Among the gods there is none like You, O Lord; Nor are there any works like Your works. All nations whom You have made Shall come and worship before You, O Lord, And shall glorify Your name. For You are great, and do wondrous things; You alone are God.’

Heavenly Father,

We come to You with gratitude. We’re thankful for Your generous provision, for meeting so many needs in our state, and for the people You’ve appointed to serve us in this Legislature.

We come to You in humility. We’re aware of our great need for Your grace, mercy, and strength. We acknowledge Jesus’ words, when He said that without You, we can do nothing.

And we come to You seeking. We’re seeking Your protection, blessing, and guidance for our State. We ask for safety for service members and first responders. We ask that You would give a special measure of wisdom to those who serve and lead us, at local, state, and national levels.

Bless today’s session, to serve Your purposes, and bless the lives and the families of those who will participate in this session. We ask for these things in the name of Jesus, Amen.”

The Speaker called Associate Speaker Pro Tempore Tedder to the Chair.

Motions and Resolutions

Reps. Zemke, Rabhi, Wittenberg, Howrylak, Chang, LaGrand, Hoadley, Sneller, Cochran, Moss, Chirkun, Pagan, Robinson, Gay-Dagnogo, Crawford, Green and Sowerby offered the following resolution:

House Resolution No. 204.

A resolution to condemn state-sanctioned, forced organ harvesting from prisoners of conscience in the People’s Republic of China, urge action by the President of the United States and the U.S. medical community, and demand an end to the persecution of Falun Gong practitioners.

Whereas, When performed in accordance with ethical standards, the medical discipline of organ transplantation is one of the great achievements of modern medicine. Organ transplantation depends on altruistic organ donation, which is based on the free, voluntary, and informed consent of the donor; and

Whereas, International medical organizations state that prisoners, deprived of their freedom, are not in the position to give free consent and that the practice of sourcing organs from prisoners is a violation of ethical guidelines in medicine; and

Whereas, The organ transplantation system in China does not comply with the World Health Organization’s requirement of transparency and traceability in organ procurement pathways; and

Whereas, The United States Department of State Country Report on Human Rights for China for 2014 stated, “Advocacy groups continued to report instances of organ harvesting from prisoners”; and

Whereas, Falun Gong, a spiritual practice involving meditative “qigong” exercise and centered on the values of truthfulness, compassion, and tolerance, became immensely popular in the 1990s; and

Whereas, In July 1999, the Chinese Communist Party launched an intensive, nationwide persecution designed to eradicate the spiritual practice of Falun Gong, reflecting the party’s long-standing intolerance of large independent civil society groups. Since 1999, hundreds of thousands of Falun Gong practitioners have been detained extra-legally in re-education-through-labor camps, detention centers, and prisons, where torture and abuse are routine; and

Whereas, Freedom House reported in 2015 that Falun Gong practitioners comprise the largest portion of “prisoners of conscience” in China and face an elevated risk of dying or being killed in custody; and

Whereas, In 2006, Canadian researchers David Matas, human rights attorney, and David Kilgour, the former Canadian Secretary of State for Asia-Pacific, conducted an independent investigation into allegations of organ harvesting from Falun Gong prisoners in China and concluded that Falun Gong practitioners being killed for their organs was highly probable. Matas and Kilgour implicated state and party entities, including domestic security services and military hospitals in illicit organ harvesting; and

Whereas, The United Nations Committee Against Torture and the Special Rapporteur on Torture have expressed concern over the allegations of organ harvesting from Falun Gong prisoners, and have called on the government of the People's Republic of China to increase accountability and transparency in the organ transplant system and punish those responsible for abuses; and

Whereas, Kilgour, Matas, and investigative journalist Ethan Gutmann released a report on June 22, 2016, that the number of organ transplants in China far exceeds official Chinese government statistics. The source for most of the massive volume of organs for transplants is the killing of prisoners of conscience, primarily targeting Falun Gong practitioners; and

Whereas, The killing of religious or political prisoners for the purpose of selling their organs for transplant is an egregious and intolerable violation of the fundamental right to life; and

Whereas, In September 2012, experts testified before the United States House of Representatives Foreign Affairs Committee that United States patients continue to travel to China for organ transplants and that the medical community continues cooperation and training with Chinese colleagues, creating the risk that they may be indirectly aiding abusive practices; now, therefore, be it

Resolved by the House of Representatives, that we:

1. Condemn the practice of state-sanctioned forced organ harvesting in the People's Republic of China;
2. Call on the government of the People's Republic of China and Communist Party of China to immediately end the practice of organ harvesting from all prisoners of conscience;
3. Demand an immediate end to the 18-year persecution of the Falun Gong spiritual practice by the government of the People's Republic of China and the Communist Party of China, and the immediate release of all Falun Gong practitioners and other prisoners of conscience;
4. Encourage the United States medical community to help raise awareness of unethical organ transplant practices in China; and
5. Urge the President of the United States to undertake a full and transparent investigation by the United States Department of State into organ transplant practices in the People's Republic of China and put up appropriate barriers to prevent U.S. citizens from getting these organs; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States and the United States Department of State, members of the Michigan congressional delegation, and the American Medical Association.

The resolution was referred to Committee on Health Policy.

THIS RESOLUTION COMPLIES WITH THE PROVISIONS OF ARTICLE XI, SECTION 5 OF THE *CONSTITUTION OF THE STATE OF MICHIGAN OF 1963*.

Reps. Miller and Green offered the following concurrent resolution:

House Concurrent Resolution No. 16.

A concurrent resolution to waive the legislative notice requirement for increases in rates of compensation for certain employees in the state classified service.

Whereas, The *Constitution of the State of Michigan of 1963* provides in Article XI, Section 5:

Increases in rates of compensation authorized by the commission may be effective only at the start of a fiscal year and shall require prior notice to the governor, who shall transmit such increases to the legislature as part of his budget. The legislature may, by a majority vote of the members elected to and serving in each house, waive the notice and permit increases in rates of compensation to be effective at a time other than the start of a fiscal year.

; and

Whereas, As a result of recently completed negotiations, a settlement has been reached on a three-year contract between the state and the Michigan State Police Troopers Association regarding compensation and other terms and conditions of employment. This settlement, the first year of which will be effective for fiscal year 2017-2018, was reached past the time when the governor could transmit the increase as part of the budget; and

Whereas, The State Personnel Director, with the consent of the chair of the Civil Service Commission, granted interim approval of the collective bargaining agreement on November 14, 2017; now, therefore, be it

Resolved by the House of Representatives (the Senate concurring), That, pursuant to Article XI, Section 5 of the *Constitution of the State of Michigan of 1963*, the Michigan Legislature waives the prior notice requirement to permit increases in rates of compensation for certain members of the Department of State Police as set in the contract settled between the Michigan State Police Troopers Association and the state and the Civil Service Commission; and be it further

Resolved, That copies of this resolution be transmitted to the Civil Service Commission.

The concurrent resolution was referred to Committee on Appropriations.

Messages from the Senate**Senate Concurrent Resolution No. 27.**

A concurrent resolution to encourage the Michigan Department of Natural Resources to establish a Water Trails Grant Program to support Michigan's water trails.

Whereas, Paddling Michigan's waterways for recreation and other purposes has been a part of Michigan's long history. Paddlesports are one of the fastest-growing outdoor activities in the nation, contributing more than \$140 million to Michigan's economy; and

Whereas, Michigan has over 4,700 miles of water trails, traversing some of Michigan's most remote and natural environments as well as some of the state's most industrial and urban environments. These water trails exist along Michigan's Great Lakes coastline, connecting to water trails in other states and provinces throughout the Great Lakes basin. Water trails help support and promote environmental awareness and stewardship of Michigan's waterways and water quality; and

Whereas, A formal state water trail and designation program would complement existing water trails and help solidify best practices and standards for future water trail development. A competitive criteria-based grant program under the auspices of a formal state water trail program would provide much needed support and resources for planning efforts, capital improvement projects, marketing materials, and water safety programs for water trails. Such a program could provide, with available funding, a competitive and score-based grant fund to support capital improvements, including signage, kayak racks, restrooms, accessible launches, picnic areas, pavilions, boat washing stations, portages, trash containers, promotional materials, and water safety and marine patrol programs along water trails regardless of their state or federal designation. In addition, the program could support the michiganwatertrails.org website; now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That we encourage the Michigan Department of Natural Resources to establish a Water Trails Grant Program to support Michigan's water trails; and be it further

Resolved, That copies of this resolution be transmitted to the Director of the Michigan Department of Natural Resources and the members of the Natural Resources Commission.

The Senate has adopted the concurrent resolution.

Reps. Crawford, Green and Sowerby were named co-sponsors of the concurrent resolution.

The concurrent resolution was referred to the Committee on Appropriations.
