PART 2

PROVISIONS CONCERNING APPROPRIATIONS

GENERAL SECTIONS

13 Sec. 201. Pursuant to section 30 of article IX of the state
14 constitution of 1963, total state spending from state sources under
15 part 1 for the fiscal year ending September 30, 2020 is \$0.00 and
16 total state spending from state sources to be paid to local units
17 of government is \$0.00.

18 Sec. 202. The appropriations made and expenditures authorized
19 under this part and part 1 and the departments, commissions,
20 boards, offices, and programs for which appropriations are made
21 under this part and part 1, are subject to the management and
22 budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

23 Sec. 203. If the state administrative board, acting under
24 section 3 of 1921 PA 2, MCL 17.3, transfers funds from an amount
25 appropriated under this act, the legislature may, by a concurrent
26 resolution adopted by a majority of the members elected to and
27 serving in each house, inter-transfer funds within this act for the
28 particular department, board, commission, office, or institution.

29 Sec. 204. (1) Funds appropriated in part 1 are subject to

1 applicable federal audit and reporting requirements. Prompt action
2 shall be taken if instances of noncompliance are identified,
3 including noncompliance identified in an audit finding. If any
4 instance of noncompliance is identified, including noncompliance
5 identified in an audit finding, the state budget director shall
6 take necessary and immediate action to rectify it. The state budget
7 director shall notify the senate and house appropriations
8 committees and the senate and house fiscal agencies when an
9 instance of noncompliance is identified.

10 (2) In a form and manner determined by the recipient
11 department, all eligible sub-recipients receiving funds through
12 this act must comply with all requirements corresponding to the
13 receipt of funds required in the coronavirus aid, relief, and
14 economic security act, Public Law 116-136, and Uniform Guidance, 2
15 CFR 200, as applicable, including, but not limited to, any
16 certifications, assurances, and accountability and transparency
17 provisions. The department responsible for administering federal
18 funds may require any documentation necessary to ensure compliance
19 with federal requirements.

20 (3) Any funds received under this act and expended by a sub-
21 recipient in any manner that does not adhere to the coronavirus
22 aid, relief, and economic security act, Public Law 116-136, or
23 Uniform Guidance, 2 CFR 200, as applicable, shall be returned to
24 the state. If it is determined that a sub-recipient receiving funds
25 under this act expends any funds received under this act for a
26 purpose that is not consistent with the requirements of the
27 coronavirus aid, relief, and economic security act, Public Law 116-
28 136, or Uniform Guidance, 2 CFR 200, as applicable, the state
29 budget director is authorized to withhold payment of state funds,

1 in part or in whole, payable from any state appropriation.

2 Sec. 205. The state budget director shall report on the status
3 of funds appropriated in part 1, and all funds appropriated related
4 to the coronavirus relief effort, to the senate and house
5 appropriations committees and the senate and house fiscal agencies
6 on a monthly basis until all funds are exhausted.

7
8 **DEPARTMENT OF AGRICULTURAL AND RURAL DEVELOPMENT**

9 Sec. 251. Funds appropriated in part 1 for double up food
10 bucks may only be used for increasing subsidies to eligible
11 recipients and may not be used for program administration costs.

12
13 **DEPARTMENT OF EDUCATION**

14 Sec. 301. (1) From the funds appropriated in part 1 for child
15 care rate reduction stipend, the department of education shall
16 create a child care rate reduction stipend as an add-on to the
17 child care relief fund grant to reduce child care costs to
18 families. All licensed child care providers that receive grants
19 from the child care relief fund are eligible to receive the
20 additional child care rate reduction stipend. Providers are
21 eligible to receive stipends to cover the months of June, July, and
22 August in the current fiscal year and will have up to 30 days after
23 the charged month to apply for a child care rate reduction stipend.

24 (2) At the time of application, licensed providers shall
25 provide information on the amount of tuition charged to families.
26 The department of education shall reimburse the provider up to 30%
27 of the tuition amount charged to the family for each child cared
28 for by the provider for the months of June, July, and August in the
29 current fiscal year. Recipients of the child care rate reduction

1 stipend must reduce their rates by the rate reimbursement
2 percentage described in this section. The stipend is intended to
3 cover that percentage of a parent's tuition, thus reducing the
4 amount charged to the family. In addition to receiving the stipend,
5 the provider must ensure that they meet the requirements of the
6 child care relief fund for each month the provider received a child
7 care relief fund grant. The weekly rate charged to families cannot
8 be higher than the rate charged prior to the state of emergency in
9 March 2020.

10 (3) As a condition of receiving a child care relief fund
11 grant, child care providers are required to reduce the monthly
12 billed amount to the family of each child by the amount received
13 for each child. If the department of education determines that the
14 provider did not provide the required tuition reduction, the
15 department of education shall recoup the funds.

16 (4) The department of education shall take reasonable steps to
17 distribute the child care reduction stipend within 15 business days
18 of receiving an application from a provider unless the provider
19 fails to meet the requirements of this section. The department of
20 education shall provide notice and information to all licensed
21 providers on how to apply for the stipend and the requirements of
22 the program. The department of education shall take reasonable
23 steps to ensure that providers apply for a child care rate
24 reduction stipend. Providers shall be required to maintain all
25 billing and refund records for a minimum of 4 years for auditing
26 purposes.

27 (5) If the funds allocated for the child care rate reduction
28 stipend are insufficient to fully fund payments under subsection
29 (2), the department of education shall prorate payments under

1 subsection (2).

2 (6) As used in this section, "licensed providers" includes
3 licensed child care centers, licensed group homes, licensed family
4 homes, and disaster relief child care centers.

5 Sec. 302. (1) From the funds appropriated in part 1 for
6 district COVID-19 costs, the department of education shall allocate
7 funding statewide to districts to support instructional recovery
8 programming, benchmark assessments, or health and safety
9 expenditures necessary to provide instruction safely due to COVID-
10 19. An instructional recovery program eligible for funding under
11 this section is one specifically designed to enable students to
12 catch up and resume learning that was interrupted due to the COVID-
13 19 outbreak. Funding shall be allocated to all districts by July
14 30, 2020 on an equal per-pupil basis, based on the number of pupils
15 in membership in each district in 2019-2020.

16 (2) As used in this section, "district" means that definition
17 as described in section 3 of the state school aid act of 1979, 1979
18 PA 94, MCL 388.1603, and includes a public school academy.

19

20 **DEPARTMENT OF HEALTH AND HUMAN SERVICES**

21 Sec. 401. (1) From the funds appropriated in part 1 for COVID-
22 19 direct care worker hazard pay adjustment, the department of
23 health and human services shall provide sufficient funding to
24 increase the wages paid to direct care workers described in
25 subsection (2) by \$2.00 per hour above the rates paid on March 1,
26 2020 beginning July 1, 2020 through September 30, 2020.

27 (2) The direct care wage increase shall be provided to direct
28 care workers employed by the department of health and human
29 services, its contractors, and its subcontractors who received a

1 \$2.00 per hour state-funded wage increase beginning in April 2020.
2 The total combined direct care wage increases from the April 2020
3 direct care wage increase and the wage increase outlined in this
4 section shall be \$2.00 per hour and shall be in effect from April
5 1, 2020 to September 30, 2020.

6 (3) From the funds appropriated in part 1 for COVID-19 direct
7 care worker hazard pay adjustment, a direct care wage increase of
8 \$2.00 per hour shall be provided to direct care workers employed by
9 skilled nursing facilities on the effective date of this act,
10 beginning July 1, 2020 and continuing until September 30, 2020.
11 This funding shall include all costs incurred by the employer,
12 including payroll taxes, due to the \$2.00 per hour increase. As
13 used in this subsection, "direct care workers" means a registered
14 nurse, licensed practical nurse, competency-evaluated nursing
15 assistant, and respiratory therapist.

16 (4) From the funds appropriated in part 1 for COVID-19 direct
17 care worker hazard pay adjustment, a direct care wage increase of
18 \$2.00 per hour shall be provided to direct care workers employed by
19 area agencies on aging and its contractors for in-home and respite
20 services on the effective date of this act, beginning July 1, 2020
21 and continuing until September 30, 2020. This funding shall include
22 all costs incurred by the employer, including payroll taxes, due to
23 the \$2.00 per hour increase.

24 (5) Contractors and subcontractors receiving funding to
25 support these direct care wage increases shall be required to
26 provide documentation of the wage increases provided pursuant to
27 this section to the department of health and human services.

28 (6) Any payment enhancement above the hourly rate in effect on
29 March 1, 2020 shall be of no effect in determining any employee's

1 average compensation as provided by any contract or other provision
2 of law.

3 (7) A direct care worker may elect to not receive the wage
4 increase provided in this section. The election to not receive the
5 wage increase in this section must be made either in writing or
6 electronically. The employer of a direct care worker who has
7 elected to not receive the wage increase in this section must remit
8 back to the state any of the funds authorized by this section based
9 on the number of direct care workers it employs who have elected to
10 not receive the wage increase authorized by this section.

11 Sec. 402. The funds appropriated in part 1 for inpatient
12 behavioral health grants shall be distributed in a manner that is
13 consistent with a \$100.00 per diem increase to the inpatient
14 psychiatric hospital rate adjustment (HRA) program received in the
15 first quarter of 2020 through the Medicaid prepaid inpatient health
16 plans. Hospitals that provide inpatient psychiatric treatment shall
17 use these funds for necessary expenditures incurred as a result of
18 COVID-19.

19 Sec. 403. (1) The funds appropriated in part 1 for victim
20 services continuity and stability grants shall be administered by
21 the department of health and human services, designated to the
22 Michigan domestic and sexual violence prevention and treatment
23 board, to support the continuing and expanded provision of victim
24 services through the period of disruption and increased workload
25 caused by COVID-19. Grants shall be awarded to organizations that
26 provide victim services for victims of domestic violence, sexual
27 assault, and stalking. Victim services organizations shall use
28 grant funding for any of the following:

1 shields, gloves, sanitizer, signage, and other similar equipment.

2 (b) Telehealth technology and equipment.

9 recognized tribes providing services consistent with this section
10 are also eligible. Grant awards shall be capped at a maximum amount
11 of not more than \$50,000.00. Not less than \$950,000.00 shall be

13 (3) Not later than September 30, 2020, the department of

17 applications received, the number of grants awarded, and the amount
18 of each grant awarded by county.

19 (4) The unexpended funds appropriated in part 1 for victim
