A SUMMARY OF HOUSE BILL 4328 AS INTRODUCED 3-2-89

The bill would allow the Department of Natural Resources (DNR) to enter into an agreement with an organized fire department for aid in furnishing fire protection for state property. An agreement would specify that a fire department would be reimbursed for the cost of providing protection. Under the bill, the DNR could not require a fire department to provide fire protection on state property unless the department entered into an agreement.
