A SUMMARY OF HOUSE BILL 5451 AS INTRODUCED 2-7-90

Public Act 431 of 1982 amended the School Code to require a school district to obtain competitive bids on materials and labor for new construction or remodeling and/or repairs of existing buildings; this requirement, however, does not apply to projects costing less than \$10,000. The bill would amend the code to raise this threshold to \$12,500. In addition, the bill specifies that this amount would be adjusted each year by multiplying the amount for the immediately preceding year by the percentage according to changes in the consumer price index.
