A SUMMARY OF HOUSE BILL 5576 AS INTRODUCED 3-8-90

Under the state fire prevention code (Public Act 207 of 1941), the State Fire Safety Board is responsible for promulgating administrative rules regarding fire safety requirements for schools, state buildings, health facilities, buildings used for public assemblies, prisons, and dry cleaning establishments that use flammable liquids. The bill would amend the act to add to this list of facilities falling under the board's rules mental hospitals, psychiatric hospitals, and psychiatric units as defined in the Mental Health Code.
