A SUMMARY OF HOUSE BILL 5895 AS INTRODUCED 6-21-90

The bill would amend the Public Health Code to prohibit practitioners licensed to provide substance abuse treatment and rehabilitation services from providing substance abuse treatment and rehabilitation services to anyone on whom the practitioner performed an initial assessment in order to determine whether or not the individual was a substance abuser. The bill also would allow licensees to refer individuals for initial assessments for substance abuse to another independent health professional or licensee who did not have a financial interest in the referring licensee.
