A SUMMARY OF HOUSE BILL 5734 AS INTRODUCED 5-9-90

The bill would allow the Department of Transportation (MDOT) to accept wildflower and grass seeds from the Department of Natural Resources, any other state department, state colleges and universities, the boy scouts and girl scouts of America, conservation groups, or any other organization or individual willing to donate seeds for the public's benefit. If seeds were made available, MDOT would have to plant them in each public highway median strip that was more than 70 feet wide.
