Senate Bill 941

Sponsor: Senator Dick Posthumus

Committee: Commerce and Technology

Date Completed: 5-14-90

SUMMARY OF SENATE BILL 941 as introduced 5-1-90:

The bill would amend the Insurance Code to require each insurer to establish an antilacerative windshield premium discount plan by February 1, 1990, and maintain it until July 1, 1995. The plan would have to provide for a premium discount of not less than 10% for automobile personal protection insurance and, as a condition of receiving the discount, could require the insured individual to certify in writing that he or she had an antilacerative windshield in the insured motor vehicle. If an insured received a premium discount after providing the certification and it were later determined that the vehicle did not have an antilacerative windshield, the insurer subsequently could deny to the insured for a period of 12 months the right to participate in any antilacerative windshield premium discount plan established by the insurer.

MCL 500.2111
