Senate Bill 94

Sponsor: Senator Vern Ehlers

Committee: Natural Resources and Environmental Affairs

Date Completed: 3-13-89

SUMMARY OF SENATE BILL 94 as introduced 2-2-89:

The bill would amend the Wetland Protection Act to provide that if property were included in the wetland inventory that the Department of Natural Resources must make, or if the property's usage were restricted under the Act, the Department would have to file a notice of the restriction or possible restriction on the deed or other document that would normally be examined during a title search.
