Sec. 204. Basic health services for the fiscal year beginning October 1, 1989, for the purpose of part 23 of the public health code, Act No. 368 of the Public Acts of 1978, being sections 333.2301 to 333.2321 of the Michigan Compiled Laws, are those described by the department in its proposed program statement dated October 16, 1981, and in the "prenatal postpartum care, proposed basic health service program statement" included in the

department document entitled "A Study of Prenatal Care as a Basic Service," dated March 1, 1986, and for which the legislature has made funds available in amounts necessary to ensure their availability and accessibility. The services described in the statement are: immunizations, communicable disease control, venereal disease control, tuberculosis control, prevention of gonorrhea eye infection in newborns, screening newborns for phenylketonuria, screening newborns for hypothyroidism, health/medical annex of emergency preparedness plan, licensing and surveillance of agricultural labor camps, and prenatal care.

Sec. 205. By March 1, 1990, the department shall report to the members of the senate and house appropriations subcommittees on public health, the senate and house fiscal agencies, and to the department of management and budget on the department's affirmative action program including recruitment, training, and career ladder development. The report shall specify the number of new hires, promotions, and reallocations by civil service classification and grade and by race, sex, and handicapping condition.

Sec. 206. To promote more effective management of the department, the director of public health may utilize not more than 20 positions from any appropriation account for functions in other department units which the director of public health considers to be more critical to the management of departmental programs. The department shall report quarterly to the department of management and budget, the senate and house appropriations committees, and the senate and house fiscal agencies on the transfer of positions and costs pursuant to this part.

Sec. 208. If the federal and restricted funds used as a source of funding for programs in section 101 are not received in the amount appropriated, the department shall submit a report to the members of the house and senate appropriations subcommittees on public health, house and senate fiscal agencies, and the department of management and budget on the amount received by type of federal and restricted funding and the planned allocations among individual programs in comparison to appropriated amounts and originally planned allocations. The report shall be submitted prior to the implementation of any revised allocations.

Sec. 209. The department shall provide a report on contractual services to the senate and house appropriations subcommittees on public health and the senate and house fiscal agencies each quarter. The report shall be based on the monthly civil service statewide contracted services report required by section 281 of the management and budget act, Act No. 431 of the Public Acts of 1984, being section 18.1281 of the Michigan Compiled Laws. The report shall provide the name of the contractor, the dollar value of the contract, description and location of the service to be provided, and justification for the contract.

Sec. 210. The amounts appropriated in section 101 for utilities and that portion of contractual services, supplies, and materials used to pay for utility service to state facilities may be expended in a manner consistent with section 253 of the management and budget act, Act No. 431 of the Public Acts of 1984, being section 18.1253 of the Michigan Compiled Laws.

Sec. 211. If the department or the office of substance abuse services signs an agreement with an agency outside the department or OSAS for a program that receives an appropriation under section 101, the amount to be spent pursuant to the agreement shall not exceed the total appropriation for that program under section 101.

Sec. 212. The department of public health, in consultation with the office of substance abuse services and the department of education, shall use the amount appropriated in section 101 in part to develop and distribute educational materials on the dangers of anabolic steroids.

Sec. 213. (1) The department shall develop a system to identify and collect the following information for each county in the state:

(a) All operational and capital costs of services provided, contracted for, or purchased to transport clients or program participants within the county, including all other funds received and expended for those purposes by the department.

(b) Each population group that utilizes department transportation services and the percentage of the total transportation services utilized by each population group.

(c) The transportation services received by each county represented by percentages of the dollar total.

(d) Each funding source for transportation and the amount received from each source.

(e) The existence of interagency or countywide transportation planning or coordination and the extent to which each state department participates in the planning or coordination, if known.

(2) The department shall obtain a model form from the department of management and budget after September 1, 1989, for the purpose of providing the information required under subsection (1).

(3) By December 31, 1989, the department shall report to the house and senate appropriations subcommittees on public health and the house and senate fiscal agencies on the development of the system required under subsection (1).

(4) By December 31, 1990 the information collected for fiscal year 1989-90 shall be submitted by the department to the house and senate appropriations subcommittees on public health, the house and senate fiscal agencies, and the department of management and budget.

Sec. 214. By October 1, 1989, the department shall submit to the house and senate appropriations subcommittees on public health, the house and senate fiscal agencies, and the department of management and budget a report on the compliance of the Grand Rapids veterans' facility and the D. J. Jacobetti veterans' facility with the federal title XVIII and XIX programs. If the facilities are found not in compliance with the standards required for reimbursement under the federal title XVIII and XIX programs, the report shall include recommendations for the changes necessary to bring those facilities into compliance to receive the federal title XVIII and XIX program funds including, but not limited to, the number of personnel, the cost of staffing, and any capital outlay expenditures which may be necessary to bring the facilities into compliance with the federal title XVIII and XIX programs.

EXECUTIVE SERVICES

Sec. 301. Expenditures of federal or other restricted allotments from the amounts appropriated in section 101 for federal and other restricted assistance for health services shall not be made until after receipt of the recommendations of the department of management and budget and the approval of the public health subcommittees of the senate and house appropriations committees. If any request for approval is not acted upon within 60 days after the date of submission to the public health subcommittees of the senate and house appropriations committees, the request shall be considered approved.

Sec. 302. Of the amount appropriated in section 101 from revenues from fees and collections, not more than \$250,000.00 received from the sale of vital records death data shall be used for improvements in the vital records and health statistics program. The amount described in this section shall not revert to the general fund at the end of the fiscal year ending September 30, 1990. Not later than December 1, 1990, the amount of any unexpended balances and the proposed uses for those balances shall be reported to the department of management and budget, the members of the senate and house subcommittees on public health, and the senate and house fiscal agencies.

Sec. 303. The amount appropriated to the department in section 101 for the post-polio education and referral project shall be used to provide for the dissemination of information and educational materials to health care professionals and polio survivors concerning the symptoms of the late effects of polio and the resources available for evaluation, treatment, and rehabilitation, the presentation of workshops and public information programs to educate health professionals and the general public about the late effects of polio, and other activities with health professionals and polio survivor support groups to increase access to needed services for polio survivors.

Sec. 304. Funding made available in section 101 for the office of minority health shall be used, at a minimum, to promote health and improve access to health care for minority and other high risk populations.

COMMUNICABLE DISEASE CONTROL

Sec. 401. The department shall not pay for billings received for the care and treatment of tuberculosis patients which are submitted more than 12 months after the services are rendered.

Sec. 402. State funds appropriated in any other account in section 101 may be used to supplant not more than \$250,000.00 in federal funds projected for immunization, if the federal funds are unavailable. The department shall inform the senate and house appropriations subcommittees on public health, senate and house fiscal agencies, and the department of management and budget of the specific line items reduced pursuant to this section.

Sec. 403. If there is an outbreak of hepatitis B, or a carrier of hepatitis B is identified in a school system, the department or the local health department, or both, shall be responsible for immunizing the affected teachers.

Sec. 404. On January 1, April 1, and July 1, 1990, the department shall report to the members of the senate and house appropriations subcommittees on public health, the senate and house fiscal agencies, and the department of management and budget on the number of clinical laboratory tests pertaining to AIDS actually performed by the department.

BIOLOGICAL PRODUCTS

Sec. 501. The appropriations in section 101 for contracts for projects and biologic products processing do not prohibit the department from charging related activities to other appropriate operational accounts in the laboratory services and biologic products appropriation units.

Sec. 502. Not later than December 1, 1990, the department shall report to the department of management and budget, the members of the senate and house appropriations subcommittees on public health, and the senate and house fiscal agencies on the revenues received by and expended from the pharmaceutical products fund created in section 9112 of the public health code, Act No. 368 of the Public Acts of 1978, being section 333.9112 of the Michigan Compiled Laws.

COMMUNITY ENVIRONMENTAL HEALTH

Sec. 601. Of the funds appropriated in section 101 for the rat control program, not less than 1/3 shall be used for the extermination and removal of rats.

Sec. 602. (1) The department shall not reimburse a claim by an operator of an agricultural labor camp pursuant to sections 12431 and 12432 of the public health code, Act No. 368 of the Public Acts of 1978, being sections 333.12431 and 333.12432 of the Michigan Compiled Laws, from the amount appropriated in section 101 for the migratory labor housing fund, until that portion of the labor camp utilized for migrant housing is in compliance with all state statutes and rules pertaining to the licensure of migrant labor camps as determined by on-site inspections both before and after occupancy.

(2) The \$397,000.00 appropriated in section 101 for the migratory labor housing fund shall only be expended on projects started after January 1, 1985. The department of public health shall report before February 1, 1990, to the department of management and budget, the senate and house appropriations subcommittees on public health, and the senate and house fiscal agencies on the implementation of the utilization and program expenditures. The report shall include the name of each agricultural labor camp that received a grant, the amount of the grant for each agricultural labor camp, and any amount that was received by the agricultural labor camp from any other governmental unit.

(3) The department shall report by April 1, 1990 to the senate and house appropriations subcommittees on public health and the senate and house fiscal agencies on both of the following:

- (a) The number of migrant labor housing units licensed in 1985 and 1989.
- (b) The percentage of migrant labor housing units in 1985 and 1989 not meeting state migrant housing licensure standards.

(4) An agricultural labor camp operator receiving a grant from the amount appropriated in section 101 for migratory labor housing shall not do either of the following:

- (a) Convert a migratory housing unit which has been upgraded with grant funding to a use other than for migratory housing within 3 years after receipt of the grant.
- (b) Charge rent to an occupant of a migratory housing unit which has been upgraded with grant funding within 3 years after receipt of the grant.

(5) If an agricultural labor camp operator violates subsection (4), the department shall institute proceedings to recover the grant funds from the operator.

Sec. 603. The department of public health shall submit a report by July 1, 1990 and annually thereafter to the senate and house appropriations subcommittees on public health, the senate and house fiscal agencies, and the department of management and budget. The report shall contain all of the following information:

- (a) The number of licensed food service establishments in the jurisdiction of each local health department.
- (b) The number of food service establishment inspections performed by each local health department.
- (c) A summary of the rating or results of each food service establishment inspection performed by a local health department.
- (d) State funding allocations for local health department food service inspection activities and the sources of funding for these allocations.
- (e) Expenditures from allocations reported under subdivision (d).

Sec. 605. (1) The \$200,000.00 appropriated in section 101 for new migrant labor housing grants shall be expended only for construction of new migrant labor housing. Project grants shall not exceed \$2,000.00 per

unit. An applicant shall not be eligible for more than a \$10,000.00 grant in any fiscal year. Units shall be equivalent in construction to units approved by the farmers home administration for low interest construction loans and shall be not less than 484 square feet in size with a minimum of 1 bedroom, a kitchen, flush toilet, lavatory, and bathing facilities.

(2) In administering the grants for new migrant housing, the department shall use application, agreement, claim, and payment procedures defined in R 325.1533(2) and (3), R 325.1534, R 325.1535, and R 325.1536 of the Michigan administrative code.

HEALTH CARE RESOURCES DEVELOPMENT AND REGULATION

Sec. 701. The amount appropriated in section 101 for the EMS program shall include funding for regional contracts which shall include, at a minimum, EMS ambulance inspection, EMS personnel licensure examinations, review of training programs, and consultation.

Sec. 702. From the funds appropriated in section 101 for health care resources development and regulation, the department shall assign a position to or support a contract which is primarily for the provision of consultation to, and the development and presurvey evaluation of, hospices.

Sec. 703. The amount appropriated to the department in section 101 to fund the increase of \$535,400.00 and 12.5 FTE positions in the certificate of need program shall not be spent by the department until the necessary fees are actually received by the department.

Sec. 704. The \$500,000.00 appropriated in section 101 for medical waste disposal regulation shall not be spent by the department until the necessary fees are enacted into law and actually received by the department.

Sec. 705. Of the amount appropriated for the EMS program, \$150,000.00 shall not be expended until a revised fee schedule for the EMS program which would result in an increase in fee revenues is enacted into law.

Sec. 706. The amount appropriated in section 101 for poison control regional centers shall be allocated to Blodgett memorial hospital in Grand Rapids and children's hospital in Detroit based on a formula that includes the following provisions:

(a) Blodgett memorial hospital in Grand Rapids and children's hospital in Detroit shall each be allocated \$75,000.00 for the support of the following services:

(i) Twenty-four hours per day, 7 days per week, on-call staff.

(ii) A toll-free telephone line.

(iii) Maintenance of a toxic substance data base.

(b) The amount remaining after compliance with subdivision (a) shall be allocated as follows:

(i) Blodgett memorial hospital in Grand Rapids37.5%.

(ii) Children's hospital in Detroit62.5%.

D. J. JACOBETTI VETERANS' FACILITY

Sec. 801. Notwithstanding Act No. 152 of the Public Acts of 1885, being sections 36.1 to 36.12 of the Michigan Compiled Laws, the commandant of the D. J. Jacobetti veterans' facility may give special consideration for admission to handicapped veterans who have served in the armed forces of the United States for less than 90 days and who have been honorably discharged.

CENTER FOR HEALTH PROMOTION

Sec. 901. The appropriations in section 101 for the Michigan model for comprehensive school health education shall be used for contracts and services for implementation efforts, including a school health materials center. The contracts and services for implementation efforts relating to the school health materials center and special projects shall be with central Michigan university. The contracts and services shall be reviewed by the state interagency steering committee and reported in their annual implementation plan.

Sec. 902. In developing and implementing AIDS provider education activities, the department may provide funding to the Michigan state medical society to serve as lead agency to convene a consortium of health care providers, to design needed educational efforts, to fund other statewide provider groups, and to assure implementation of these efforts, in accordance with a plan approved by the department.

Sec. 903. (1) By September 1, 1989, the department shall submit a program and spending plan for the amount appropriated in section 101 for work site risk reduction and health promotion grants to the members of the senate and house appropriations subcommittees on public health, senate and house fiscal agencies, and the department of management and budget. Except as otherwise provided in subsection (2), the plan shall not be implemented until the plan has been approved by the senate and house appropriations subcommittees on public health and the department of management and budget. The total amount recommended in the plan for program administration shall not exceed 10% of the amount appropriated in section 101 for worksite risk reduction and health promotion grants.

(2) If the plan required under subsection (1) is not acted upon within 30 days after the date of receipt by the senate and house appropriations subcommittees on public health, the plan shall be considered approved.

Sec. 904. Of the amount appropriated in section 101 for the spinal cord and traumatic brain injury registry, \$20,000.00 shall be provided to the southeastern Michigan spinal cord injury system (SMSCIS) for the design and implementation of a spinal cord and traumatic brain injury registry if SMSCIS submits a proposal that is acceptable to the department.

Sec. 905. Of the funds appropriated in section 101 for work-site risk reduction and health promotion grants, an amount shall be allocated for the development of a comprehensive program to provide assessment and health education to senior citizens over the age of 60. The program shall include health assessments, health education, and follow-up appraisals. The program shall assist those senior citizens in evaluating their health, identifying high risk factors affecting their health, and teaching them means of coping with chronic disorders.

Sec. 906. The department, with the approval of the senate and house appropriations subcommittees on public health and the department of management and budget, may transfer up to \$750,000.00 between the following line items receiving funds appropriated under section 101:

- (a) AIDS local education and outreach programs.
- (b) AIDS and risk reduction clearinghouse and media campaign.
- (c) AIDS local counseling and testing program.
- (d) Local AIDS referral and network grants.
- (e) Health care provider risk reduction.
- (f) AIDS surveillance and testing program.

Sec. 907. The funds appropriated in section 101 for the Vietnam veterans agent orange program shall be considered a work project account that shall not lapse at the end of the fiscal year.

Sec. 908. Before designating an approved testing site under section 5133 of the public health code, Act No. 368 of the Public Acts of 1978, being section 333.5133 of the Michigan Compiled Laws, the department shall notify the house and senate appropriations subcommittees on public health and the house and senate fiscal agencies on its intent to designate an agency or organization as an approved testing site.

Sec. 909. By January 1, 1990 and annually thereafter, the department shall submit a report to the senate and house appropriations subcommittees on public health, the senate and house fiscal agencies, and the department of management and budget regarding grants and services provided from the Michigan health initiative fund.

Sec. 910. Of the funds appropriated in section 101 for work-site risk reduction and health promotion grants, an amount shall be allocated to convene a statewide group including representatives of farming and agriculture to review the results of the department's farm injury demonstration project and make recommendations concerning the development of a state farm injury prevention program.

Sec. 911. The department shall review and evaluate local health department premarital AIDS counseling and testing programs. Based on this review, the department shall develop and make available to local health departments a model premarital AIDS counseling and testing program which would minimize the time commitment and inconvenience of individual marriage license applicants while maximizing the information received by the applicant.

BUREAU OF COMMUNITY SERVICES

Sec. 1001. Before December 1, 1989, the department shall submit a list of projects by expenditure category to be supported with the funds appropriated in section 101 for maternal and infant health data and evaluation to the members of the senate and house appropriations subcommittees on public health, the senate and house fiscal agencies, and the department of management and budget. The list shall include a project which links birth outcomes to maternal participation in state funded maternal and child health programs.

COMMUNITY SERVICES GRANTS TO LOCAL AGENCIES

Sec. 1101. The department shall review the basis for the distribution of funds to local health departments and other public and private agencies for the women, infants, and children food supplement program; family planning; early and periodic screening, diagnosis, and treatment program; and prenatal care outreach and service delivery support program and indicate the basis upon which any projected underexpenditures by local public and private agencies shall be reallocated to other local agencies that demonstrate need.

Sec. 1102. A clinic, institution, or other health facility receiving state funding for family planning purposes shall provide to a client seeking family planning services, at initial contact, a pamphlet containing educational information to assist the patient in making responsible parenting decisions. The pamphlet shall include, but not be limited to, information regarding the physical, financial, and time commitment involved in parenting. The pamphlets required by this section shall be provided by the department. The pamphlets shall be written in English and in clear, nontechnical terms. Copies of the pamphlets shall also be printed in Spanish and distributed upon request to the clinics, institutions, and other health facilities described in this section.

Sec. 1103. The amount appropriated in section 101 for state/local cost sharing may be used for special grants to local health departments to satisfy minimum funding levels prescribed by section 2477 of the public health code, Act No. 368 of the Public Acts of 1978, being section 333.2477 of the Michigan Compiled Laws, and any other authorized supplement. The special grants shall not exceed a total of \$250,000.00.

Sec. 1104. (1) Agencies receiving funds appropriated from section 101 for adolescent health care services shall meet all of the following criteria:

(a) Adolescent health centers shall report to the department on an annual basis all of the following information:

(i) Funding sources of the adolescent health clinic.

(ii) Demographic information of populations served including sex, age, and race.

(iii) Utilization data that reflects the number of visits and repeat visits and types of services provided per visit.

(iv) Types and number of referrals to other health care agencies.

(b) The local school board shall establish a local advisory committee prior to the planning phase of an adolescent health clinic intended to provide services within that school district. The advisory committee shall be comprised of not less than 50% residents of the local school district, and shall not be comprised of more than 50% health care providers. A person who is employed by the sponsoring agency shall not have voting privileges as a member of the advisory committee. All advisory committee meetings shall be open to the public with at least a 1-week notice of the meeting date published in the local newspaper.

(c) The local advisory committee, in cooperation with the sponsoring agency, shall submit written recommendations regarding the implementation and types of services rendered by an adolescent health clinic to the local school board for approval of services rendered in a building where instruction is provided in grades kindergarten through 12.

(d) An adolescent health clinic shall not, as part of the services offered, provide abortion counseling or services or make referrals for abortion services.

(e) If the local advisory committee recommends that family planning be provided as a service, then any public information brochure shall include family planning in its description of the entire array of services provided by the clinic.

(f) All adolescent health clinics shall have a written policy on parental consent, developed by the local advisory committee and submitted to the local school board for approval if the services are provided in a building where instruction is provided in grades kindergarten through 12.

(2) The department shall submit a report to the members of the senate and house appropriations subcommittees on public health, senate and house fiscal agencies, and the department of management and budget based on the information provided under subsection (1)(a). The report shall be due 90 days after the end of the state fiscal year.

Sec. 1105. (1) In allocating the amount appropriated in section 101 for adolescent health care services, the department shall give equal consideration for funding to proposals based on the comprehensive adolescent health center model, as outlined by the adolescent health advisory committee, and to alternative models of adolescent health service delivery.

(2) The department shall submit a plan for allocation of the adolescent health care services to the senate and house appropriations subcommittees on public health, the senate and house fiscal agencies, and the department of management and budget. The plan shall include the name and description of each project to be funded and the funding level for each project. Except as otherwise provided in subsection (3), the plan shall not be implemented until the plan has been approved by the senate and house appropriations subcommittees on public health.

(3) If the plan is not acted upon within 15 days after the date of receipt by the senate and house appropriations subcommittees on public health, the plan shall be considered approved.

Sec. 1106. (1) Before February 1, 1990, the department shall submit a report to the members of the senate and house appropriations subcommittees on public health, the senate and house fiscal agencies, and the department of management and budget on planned allocations from the amount appropriated in section 101 for maternity, infant, and children's health care local agreements. The report shall include information on all of the following:

- (a) Funding allocations.
- (b) Basis for grantee selection.
- (c) Expected cost per client served by grantee.
- (d) Number of women expected to be served.
- (e) Number of children expected to be served.
- (f) Expected first and third party collections by source of payment.
- (g) Actual numbers served and amounts expended in the categories described in subdivisions (a) to (f) for the fiscal year 1988-89.

(2) Before April 1, 1991, the department shall report to the parties specified in subsection (1) on the actual numbers served and amounts expended in the categories described in subsection (1)(a) through (f) for the fiscal year 1989-90.

Sec. 1107. For all programs appropriated in section 101 for community services grants to local agencies unit, the department shall contract with those local public and private nonprofit agencies best able to serve clients. Factors to be used in the evaluation shall include ability to serve high-risk population groups; ability to serve low-income clients, where applicable; availability of, and access to, service sites; management efficiency; and ability to meet federal standards, where applicable.

Sec. 1108. (1) All family planning programs receiving federal title X family planning funds shall be in compliance with all performance and quality assurance indicators that the United States bureau of community health services specifies as its common reporting requirements. Agencies out of compliance with the administrative indicator shall not receive supplemental or reallocated funds.

(2) By April 1, 1990, the department shall report to the members of the house and senate appropriations subcommittees on public health, the senate and house fiscal agencies, and the department of management and budget on both of the following:

- (a) The extent to which all delegate agencies meet the federal indicators.
- (b) Using applicable federal definitions, the total expended by the department of public health and its delegate agencies on family planning services, the number of clients served, and the average cost per client by delegate agency.

Sec. 1109. The department and local health departments shall report by April 1, 1990 to the members of the senate and house appropriations subcommittees on public health, senate and house fiscal agencies, and the department of management and budget on the disposition of the funds distributed from the health and safety fund under the health and safety fund act, Act No. 264 of the Public Acts of 1987, being sections 141.471 to 141.479 of the Michigan Compiled Laws, and sections 5 and 20 of Act No. 265 of the Public Acts of 1947, being sections 205.507 and 205.520 of the Michigan Compiled Laws. The report shall include all of the following:

(a) Whether the funds received from the health and safety fund were used for property tax relief and, if not, the specific programs supported by that portion of the distribution mandated for public health prevention programs and services.

(b) A comparison of total local support for local public health departments for this fiscal year and for the previous fiscal year.

Sec. 1110. Expenditures for the early and periodic screening, diagnosis, and treatment program, including state administration, and for the medical review and nursing evaluation program, shall not exceed the actual amount of funds available from the department of social services and any associated federal matching funds.

Sec. 1111. (1) By April 1, 1990 the department shall submit a report to the members of the senate and house appropriations subcommittees on public health, the senate and house fiscal agencies, and the department of management and budget on the prenatal care outreach and service delivery support program. The report shall include a listing of all agencies expected to receive funds from this program and the allotted amount for each agency, the services to be provided, and the expected number of persons to be served.

(2) By April 1, 1991 the department shall report to the parties specified in subsection (1) on the actual number of persons served and the amounts expended by each agency that received funds under the program.

Sec. 1112. By December 1, 1989, the department shall report to the house and senate appropriations subcommittees on public health, the house and senate fiscal agencies, and the department of management and budget on the newborn genetic screening program and the sickle cell and other genetic services local agreements. The report shall include all of the following information:

(a) The basis for funding allocations, including caseload, formula, staffing levels, or other basis.

(b) A plan for funding the entire program within revenues available in fiscal year 1989-90 and in subsequent fiscal years.

(c) A description of specific activities funded by each contract, including research, education and training, medical management of patients, and administration and coordination.

Sec. 1113. Of the amount appropriated in section 101 for prenatal care outreach and service delivery support, not more than 10% shall be expended for local administration, data processing, and evaluation.

Sec. 1114. The funds appropriated in section 101 for adolescent health care services shall not be used to fund grants for planning for or community coordination of additional adolescent health care programs.

Sec. 1115. By December 1, 1989, the department shall submit a plan for the implementation of the pregnancy prevention program to the members of the house and senate appropriations subcommittees on public health, the house and senate fiscal agencies, and the department of management and budget.

Sec. 1116. Of the amount appropriated in section 101, not less than \$100,000.00 shall be made available to support a pilot pregnancy care access improvement program in Jackson county.

CRIPPLED CHILDREN SERVICES

Sec. 1201. Money appropriated in section 101 for medical care and treatment of crippled children shall be paid according to reimbursement policies determined by the Michigan medical assistance program. Exceptions to these policies may be taken with the prior approval of the department of management and budget.

Sec. 1202. The department may do 1 or more of the following:

(a) Provide special formula for eligible clients with specified metabolic and allergic disorders.

(b) Provide medical care and treatment to eligible patients with cystic fibrosis who are 21 years of age or older.

(c) Provide genetic diagnostic and counseling services for eligible families.

(d) Provide medical care and treatment to eligible patients with hereditary coagulation defects (hemophilia) who are 21 years of age or older.

Sec. 1203. A provider of service who does not submit a bill for care related to part 58 of the public health code, Act No. 368 of the Public Acts of 1978, being sections 333.5801 to 333.5879 of the Michigan Compiled Laws, within 12 months after the date of service forfeits the right to payment and shall not seek reimbursement from the recipient of the care nor from the recipient's family or guardian.

Sec. 1204. (1) By April 1, 1990 the department shall submit a report to the members of the senate and house appropriations subcommittees on public health on the crippled children case management services program. The report shall include funding allocations by local health departments or other contractors and the number of children and families expected to be served by the agency.

(2) By April 1, 1991 the department shall report to the parties specified in subsection (1) on the actual number of persons served and the amounts expended by each agency that received funds under the program.

SUBSTANCE ABUSE GRANTS AND CONTRACTS

Sec. 1301. This act does not prohibit the provision of programmatic or financial support for the same or similar services by state departments other than the office of substance abuse services.

Sec. 1302. The funds appropriated in section 101 for the SAPE program shall be used to support regional drug education programs through contracts with selected intermediate school districts. These state funds shall not be expended unless the intermediate school district appropriates an amount equal to 10% of the total program.

Sec. 1303. Not more than \$47,400.00 may be expended from the amount appropriated in section 101 for community substance abuse prevention, education, and treatment grants to reimburse the department of state police for fire inspection of substance abuse facilities.

Sec. 1304. Of the funds appropriated in section 101 for substance abuse, not more than 10% of state administered funds may be expended for administration of coordinating agencies.

Sec. 1305. Of the funds appropriated in section 101 for substance abuse prevention, education, and treatment grants, not more than \$100,000.00 may be utilized by the OSAS to implement fire and safety standards for local residential services programs.

Sec. 1306. The amount appropriated in section 101 for substance abuse prevention, education, and treatment grants shall be expended for contracting with coordinating agencies or designated service providers.

Sec. 1307. The department shall not pay for services rendered under part 65 of the public health code, Act No. 368 of the Public Acts of 1978, being sections 333.6501 to 333.6523 of the Michigan Compiled Laws, if the billings or invoices for those services are submitted more than 12 months after the services are rendered.

Sec. 1308. Of the amount appropriated in section 101 for community substance abuse prevention, education, and treatment grants, \$992,500.00 shall be for alcoholism and drug abuse services provided in residential and outpatient settings to statewide medicaid and Wayne county general assistance/resident county hospitalization substance abuse clients.

Sec. 1309. Prior to the implementation of any changes in the allocation formula currently being used to distribute substance abuse grants and contracts, the office of substance abuse services shall submit the changes and their impact upon substance abuse coordinating agencies, programs, and services for review to the members of the house and senate appropriations subcommittees on public health, the house and senate fiscal agencies, and the department of management and budget.

Sec. 1310. (1) On or before September 1, 1989, the office of substance abuse services shall submit a program spending plan for the \$10,104,200.00 increase in substance abuse grants and contracts appropriated in section 101 to the department of management and budget, the senate and house appropriations subcommittees on public health, and the senate and house fiscal agencies. Except as otherwise provided in subsection (2), the plan shall not be implemented until the plan has been approved by the department of management and budget and the senate and house appropriations subcommittees on public health.

(2) If the plan is not acted upon within 30 days after receipt by both the senate and house appropriations subcommittees on public health, the plan shall be considered approved.

Sec. 1311. In spending the funds appropriated in section 101 for community substance abuse prevention, education, and treatment grants and allocated for substance abuse treatment and the reduction of substance abuse treatment waiting lists, the office of substance abuse services and its subcontractors shall determine methods to improve access for first-time clients.

Sec. 1312. From the amount appropriated in section 101 for community substance abuse prevention, education, and treatment grants, expenditures for prevention programs in fiscal year 1989-90 shall be greater than expenditures for prevention programs in fiscal year 1988-89. The office of substance abuse services shall initiate planning and implementation efforts designed to increase community substance abuse and treatment grants funding expended on prevention programs so that expenditures for substance abuse prevention services will increase as a percentage of total substance abuse expenditures.

This act is ordered to take immediate effect.
