AN ACT to amend section 14 of Act No. 197 of the Public Acts of 1975, entitled as amended "An act to provide for the establishment of a downtown development authority; to prescribe its powers and duties; to correct and prevent deterioration in business districts; to encourage historic preservation; to authorize the acquisition and disposal of interests in real and personal property; to authorize the creation and implementation of development plans in the districts; to promote the economic growth of the districts; to create a board; to prescribe its powers and duties; to authorize the levy and collection of taxes; to authorize the issuance of bonds and other evidences of indebtedness; to authorize the use of tax increment financing; and to prescribe the powers and duties of certain state officials," as amended by Act No. 425 of the Public Acts of 1988, being section 125.1664 of the Michigan Compiled Laws.

The People of the State of Michigan enact:

Section 1. Section 14 of Act No. 197 of the Public Acts of 1975, as amended by Act No. 425 of the Public Acts of 1988, being section 125.1664 of the Michigan Compiled Laws, is amended to read as follows:

Sec. 14. (1) As used in this section and section 15:

(a) "Captured assessed value" means the amount in any 1 year by which the current assessed value of the project area, including the assessed value of property for which specific local taxes are paid in lieu of property taxes as determined in subdivision (c), exceeds the initial assessed value. The state tax commission shall prescribe the method for calculating captured assessed value.

(b) "Initial assessed value" means the assessed value, as equalized, of all the taxable property within the boundaries of the development area at the time the ordinance establishing the tax increment financing plan is approved, as shown by the most recent assessment roll of the municipality for which equalization has been completed at the time the resolution is adopted. Property exempt from taxation at the time of the determination of the initial assessed value shall be included as zero. For the purpose of determining initial assessed value, property for which a specific local tax is paid in lieu of a property tax, shall not be considered to be property that is exempt from taxation. The initial assessed value of property for which a specific tax was paid in lieu of a property tax shall be determined as provided in subdivision (c).

(c) "Specific local tax" means a tax levied under Act No. 198 of the Public Acts of 1974, being sections 207.551 to 207.571 of the Michigan Compiled Laws, the commercial redevelopment act, Act No. 255 of the Public Acts of 1978, being sections 207.651 to 207.668 of the Michigan Compiled Laws, the technology park development act, Act No. 385 of the Public Acts of 1984, being sections 207.701 to 207.718 of the Michigan Compiled Laws, and Act No. 189 of the Public Acts of 1953, being sections 211.181 to 211.182 of the Michigan Compiled Laws. The initial assessed value or current assessed value of property subject to a specific local tax shall be the quotient of the specific local tax paid divided by the ad valorem millage rate.

(2) When the authority determines that it is necessary for the achievement of the purposes of this act, the authority shall prepare and submit a tax increment financing plan to the governing body of the municipality. The plan shall include a development plan as provided in section 17, a detailed explanation of the tax increment procedure, the maximum amount of bonded indebtedness to be incurred, and the duration of the program, and

shall be in compliance with section 15. The plan shall contain a statement of the estimated impact of tax increment financing on the assessed values of all taxing jurisdictions in which the development area is located. The plan may provide for the use of part or all of the captured assessed value, but the portion intended to be used by the authority shall be clearly stated in the tax increment financing plan. The authority or municipality may exclude from captured assessed value growth in property value resulting solely from inflation. The plan shall set forth the method for excluding growth in property value resulting solely from inflation.

(3) The percentage of taxes levied for school operating purposes that is captured and used by the tax increment financing plan shall not be greater than the plan's percentage capture and use of taxes levied by a municipality or county for operating purposes. For purposes of the previous sentence, taxes levied by a county for operating purposes include only millage allocated for county or charter county purposes under the property tax limitation act, Act No. 62 of the Public Acts of 1933, being sections 211.201 to 211.217a of the Michigan Compiled Laws. For purposes of this subsection, tax increment revenue used to pay bonds issued by a municipality under section 16(1) shall be considered to be used by the tax increment financing plan rather than shared with the municipality. The limitation of this subsection does not apply to the portion of the captured assessed value shared pursuant to an agreement entered into before 1989 with a county or with a city in which an enterprise zone is approved under section 13 of the enterprise zone act, Act No. 224 of the Public Acts of 1985, being section 125.2113 of the Michigan Compiled Laws. If a portion of the captured assessed value was shared with a municipality in 1988, for tax years 1989 through 1991, a plan may share with the municipality the greater of the amount allowed by the limitation of this subsection or the following applicable amount:

(a) For the 1989 tax year, 100% of the dollar amount shared with the municipality in 1988.

(b) For the 1990 tax year, 2/3 of the dollar amount shared with the municipality in 1988.

(c) For the 1991 tax year, 1/3 of the dollar amount shared with the municipality in 1988.

(4) Approval of the tax increment financing plan shall be pursuant to the notice, hearing, and disclosure provisions of section 18. If the development plan is part of the tax increment financing plan, only 1 hearing and approval procedure is required for the 2 plans together.

(5) Before the public hearing on the tax increment financing plan, the governing body shall provide a reasonable opportunity to the members of the county board of commissioners of a county in which any portion of the development area is located and to the members of the school board of any school district in which any portion of the development area is located to meet with the governing body. The authority shall fully inform members of the county boards of commissioners and of the school boards of the fiscal and economic implications of the proposed development area. The members of the county boards of commissioners and of the school boards may present their recommendations at the public hearing on the tax increment financing plan. The authority may enter into agreements with the county board of commissioners, the school boards, and the governing body of the municipality in which the development area is located to share a portion of the captured assessed value of the district.

(6) A tax increment financing plan may be modified if the modification is approved by the governing body upon notice and after public hearings and agreements as are required for approval of the original plan.

This act is ordered to take immediate effect.
