TITLE

An act to permit townships and counties to operate or to contract for ambulance and inhalator service; and to permit townships to provide support for certain hospitals.

Sec. 1. The township board of a township or the county board of commissioners may operate or join with another municipality or contract with individuals, firms, organizations, or corporations in operating or furnishing an ambulance and inhalator service for the use and benefit of the residents of the township or county. The service by the township or the county may be in connection with fire protection service or as a separate operation.

However, the hospital and township board shall agree upon the number of residents of the township to which the hospital shall make facilities available during each year.
