

HOUSE BILL No. 4337

EXECUTIVE BUDGET BILL

March 2, 1989, Introduced by Rep. Jacobetti and referred to the Committee on Appropriations.

A bill to make appropriations for the department of education and certain other purposes relating to education for the fiscal year ending September 30, 1990; to provide for the expenditure of the appropriations; to prescribe the powers and duties of certain state departments and school districts; and to provide for the disposition of fees and other income received by certain legal entities and state agencies.

THE PEOPLE OF THE STATE OF MICHIGAN ENACT:

1 Sec. 101. There is appropriated for the department of education for the
2 fiscal year ending September 30, 1990, from the following funds:

24 GENERAL SECTIONS

25 Sec. 201. (1) In accordance with the provisions of section 30 of article
 26 IX of the state constitution of 1963, total state spending from state

resources in this appropriation act is \$64,286,200.00, and state appropriations to be paid to local units of government in section 101 are as follows:

DEPARTMENT OF EDUCATION

State school breakfast program.....	\$	328,500
School lunch program - state share.....		2,334,000
School lunch program - supplemental state grants.....		2,084,200
Motorcycle safety.....		450,000
Driver education.....		7,250,000
Computer literacy and educational technology grants..		700,000
Cable television grant.....		148,500
School safety.....		1,488,600
Educational teleconsortium.....		160,000
Partnerships for education.....		50,000
Early childhood development programs.....		6,700,000
Literacy project grant.....		15,900
M-Star.....		241,300
Special projects grants.....		241,300
Educational innovation grants.....		1,175,000
Mathematics and science challenge grants.....		2,000,000
School improvements.....		150,000
Total.....	\$	25,517,400

(2) If it appears to the principal executive officers of each department that state spending to local units of government will be less than the amount that was projected to be expended for any quarter, the principal executive officer shall immediately give notice of the approximate shortfall to the

1 department of management and budget, the senate and house appropriations
 2 subcommittees responsible for the department's budget, and the senate and
 3 house fiscal agencies.

4 Sec. 202. The appropriations made and the expenditures authorized under
 5 this act and the departments, agencies, commissions, boards, offices, and
 6 programs for which an appropriation is made under this act are subject to the
 7 management and budget act, Act No. 431 of the Public Acts of 1984, being
 8 sections 18.1101 to 18.1594 of the Michigan Compiled Laws.

9 Sec. 203. As used in this act:

- 10 (a) "AIDS" means acquired immunodeficiency syndrome.
- 11 (b) "DAG" means the United States department of agriculture.
- 12 (c) "DED" means the United States department of education.
- 13 (d) "Department" means the Michigan department of education.
- 14 (e) "DOL" means the United States department of labor.
- 15 (f) "DOL-ETA" means the employment and training administration of DOL.
- 16 (g) "ECIA" means the education consolidation and improvement act.
- 17 (h) "FNS" means food and nutrition service of the USDA.
- 18 (i) "HHS" means the United States department of health and human services.
- 19 (j) "IDG" means interdepartmental grant.
- 20 (k) "JTPA" means the job training partnership act.
- 21 (l) "NHTSA" means the national highway traffic safety administration.
- 22 (m) "OBEMLA" means office of bilingual education and minority languages
 23 affairs.
- 24 (n) "OERI" means office of educational research and improvement.
- 25 (o) "OESE" means office of elementary and secondary education.
- 26 (p) "OPSE" means office of postsecondary education.

1 (q) "OSERS" means the office of special education rehabilitation service.

2 (r) "OVAE" means office of vocational and adult education.

3 (s) "SSA" means the social security administration.

4 (t) "USDA" means the United States department of agriculture.

5 (u) "VA" means the United States veterans administration.

6 Sec. 204. A position created under this act that is fully funded by
7 federal funds shall not be continued as a state funded position when the
8 federal funds are discontinued or reduced to the point that the federal funds
9 will not sustain the position 100%.

10 Sec. 205. The funds appropriated in section 101 for the employer's
11 contribution to the state employees' retirement system shall be paid at the
12 rate of 15.57% of salaries, wages, longevity, overtime, and annual leave paid
13 upon termination.

14 Sec. 206. The funds donated from private sources to the department shall
15 be appropriated for the purpose for which they are granted, if the department
16 expends the funds in furtherance of programs established and recognized by the
17 legislature.

18 Sec. 207. The funds appropriated in section 101 from the central funds
19 for acquiring additional federal funds, private foundation grants, or gifts
20 shall not be expended until the grant money is authorized by the grantor.
21 Expenditure of these funds shall be controlled through the allotment process.
22 Funds accepted under this section shall not be authorized if the receipt of
23 the funds mandates a commitment for state funding at a future date. The
24 department shall report on an annual basis to the department of management and
25 budget and the senate and house appropriations subcommittees responsible for
26 the department's budget concerning the funds received and utilized under this

1 section.

2 Sec. 208. The department shall expend a portion of the funds
3 appropriated to the department in reporting to the senate and house
4 appropriations subcommittees responsible for the department's budget within 60
5 days after the auditor general issues his or her annual report on the
6 operation of the department. The report of the department shall specify all
7 of the following:

8 (a) The recommendations of the auditor general implemented by the
9 department.

10 (b) The recommendations of the auditor general not implemented by the
11 department or implemented by the department as modified.

12 (c) The rationale for not implementing a recommendation of the auditor
13 general or of implementing a recommendation as modified.

14 Sec. 209. The department may carry into the succeeding fiscal year
15 unexpended federal pass-through funds to local institutions and governments
16 that do not require additional state matching funds. Federal pass-through
17 funds to local institutions and governments that are received in amounts in
18 addition to those included in section 101 and that do not require additional
19 state matching funds are appropriated for the purposes intended.

20 Sec. 210. The department may receive and expend funds in addition to
21 those authorized in section 101 for conducting training and orientation
22 workshops and seminars that are consistent with the programmatic mission of
23 the individual unit sponsoring or coordinating the program. Not later than
24 January 2, 1990, the department shall provide the senate and house
25 appropriations subcommittees responsible for the department's budget with a
26 report indicating the program, number of participants, costs incurred, and

1 income received for the previous fiscal year.

2 Sec. 211. The department shall transmit to the senate and house
3 appropriations subcommittees responsible for the department's budget and the
4 senate and house fiscal agencies a quarterly report on all of the department's
5 contractual employees. This report shall specify each contractual employee by:

6 (a) Position and organizational location.

7 (b) Name.

8 (c) Salary or wage and all related expenses.

9 (d) Starting date and projected duration of position.

10 (e) Programmatic purpose of the position.

11 (f) Recruitment process and selection criteria used.

12 (g) The current appropriation source that provides funding for the
13 position.

14 (h) Other information considered necessary or appropriate by either or
15 both of the appropriations subcommittees.

16 Sec. 212. The amounts appropriated for utilities and that portion of
17 contractual services, supplies, and materials used to pay for utility service
18 to state facilities in section 101 may be expended in a manner consistent with
19 section 253 of the management and budget act, Act No. 431 of the Public Acts
20 of 1984, being section 18.1253 of the Michigan Compiled Laws.

21 STATE BOARD/OFFICE OF THE SUPERINTENDENT

22 Sec. 301. The department may expend technical assistance funds to help
23 local and intermediate school districts address current financial problems, to
24 improve management, and to improve public information and educational delivery
25 systems. Unexpended technical assistance funds from Act No. 302 of the Public
26 Acts of 1988 may be expended by the department for the purposes described in

1 this section.

2 Sec. 302. The funds appropriated in section 101 for the school-age
3 parents program shall be expended for all of the following purposes:

4 (a) Administering the alternative education program for school-age
5 parents, as authorized in section 93 of the state school aid act of 1979, Act
6 No. 94 of the Public Acts of 1979, being section 388.1693 of the Michigan
7 Compiled Laws.

8 (b) Coordinating the services offered by the departments of social
9 services, public health, and education to school-age parents and their
10 children.

11 (c) Monitoring and evaluating the effectiveness of alternative programs
12 for school-age parents and their children in K to 12 school districts.

13 Sec. 303. Included in section 101 are funds for the office of minority
14 equity in postsecondary education. This office shall review and make
15 recommendations for enhancing the state's progress in responding to the
16 educational needs of minorities, handicappers, and women in postsecondary
17 education. The office shall serve as ombudsman to investigate and resolve
18 reports of barriers to minority success on state university campuses.

19 OFFICE OF TECHNICAL ASSISTANCE AND EVALUATION

20 Sec. 401. (1) The contracts provided for in section 101 that relate to
21 the Michigan education assessment program shall be awarded on the basis of
22 competitive bidding. The department shall not use the results of the Michigan
23 education assessment program for evaluation purposes. All school districts
24 within this state shall participate in the tenth grade assessment program.

25 (2) The department may contract with a local school district, an
26 intermediate school district, or both, as well as with testing companies, for

1 sample testing, but not for the every-pupil mathematics and reading testing
2 portion of the Michigan education assessment program.

3 Sec. 402. (1) The department shall continue to redevelop tests for use
4 in the basic skills assessment of students in the fourth, seventh, and tenth
5 grades and shall continue to develop advanced skills tests for use in the
6 fourth, seventh, and tenth grades in the areas of language arts and
7 mathematics. The advanced skills reading test shall be administered in all
8 school districts during the 1989-90 school year, and the advanced skills
9 mathematics tests shall be administered in all school districts during the
10 1990-91 school year.

11 (2) The funds appropriated in section 101 for science testing is for
12 contractual funds to support the statewide testing of each student in the
13 fourth, seventh, and tenth grades in the 1989-90 school year.

14 Sec. 403. (1) From the funds appropriated in section 101 for the
15 employability skills test for diploma endorsement, the department shall
16 jointly develop with the governor's cabinet council on human investment a
17 noncompulsory, basic employability skills test for use in the 1989-90 school
18 year and each year thereafter. The department shall make the test available
19 to local school districts. Alternatively, local school districts may develop
20 their own tests, subject to departmental approval. In these cases, the
21 department shall provide local school districts with guidelines and criteria
22 for development and use of the test, including guidelines for setting a
23 passing score. These guidelines shall be developed by an employability skills
24 test advisory committee organized by the department with members that include,
25 but are not limited to, representatives of education, labor, and management.

26 (2) Passage of the test shall be recognized by a state board of education

1 endorsement appearing on the student's high school diploma. However, passage
2 of the test shall not be a requirement for graduation, and use of the test
3 shall not be compulsory.

4 (3) In school districts electing to administer the test, each tenth grade
5 pupil shall be given the opportunity to take the test. In these districts,
6 all eleventh grade pupils who have not previously passed the test shall take
7 the test.

8 (4) A student who fails the test shall be provided opportunities for
9 reinstruction in each deficient skill area and for at least 1 retest in each
10 remaining year before graduation.

11 (5) A student who is enrolled in adult education or who has met all
12 graduation requirements and has been awarded a nonendorsed diploma may repeat
13 the competency test at any time it is offered by the school district and, upon
14 passage, shall be awarded an endorsed diploma.

15 (6) This section does not apply to special education pupils.

16 (7) Not later than October 31, 1989, the department shall submit to the
17 senate and house appropriations subcommittees responsible for the department's
18 budget a report on the status of activities to develop and implement the
19 employability skills test as defined in this section, and the 1989-90 work
20 plan and staffing plan for filling this program's professional staff positions.

21 Sec. 404. From the funds appropriated in section 101 for contractual
22 services, supplies, and materials in the office of technical assistance,
23 \$730,000.00 is reserved for contracts to carry out Michigan education
24 assessment program testing, to develop new tests for future use in the
25 Michigan education assessment program, and to develop materials to assist
26 local school districts in using and reporting Michigan education assessment

1 program test results.

2 Sec. 405. The funds appropriated in section 101 for the Michigan Shiga
3 sister state program shall be used to support a program of teacher exchange
4 between this state and Shiga, Japan. Funds for this program shall not be
5 expended directly or indirectly for travel or other expenses incurred by
6 spouses of employees of the department or by spouses of members of the state
7 board of education.

8 SCHOOL PROGRAM SERVICES

9 Sec. 501. From the funds appropriated in section 101 for school program
10 services, 2 full-time equated classified professional positions in 1989-90
11 shall work full-time in the instructional specialists program's gifted and
12 talented unit.

13 Sec. 502. The funds appropriated in section 101 for the social studies
14 textbook study shall be expended to support a study of ethnic, racial, or
15 religious bias in the United States and in other countries, as it is found in
16 school social studies textbooks most commonly used in this state.

17 MSB/MSD/STIRC/REHABILITATION PROGRAMS

18 Sec. 601. The employees at the Michigan school for the blind, the
19 Michigan school for the deaf, and the state technical institute and
20 rehabilitation center who work on a school year basis shall be considered
21 annual employees for purposes of service credits, retirement, and insurance
22 benefits.

23 Sec. 602. For each student enrolled at the Michigan school for the blind
24 and the Michigan school for the deaf, the department shall assess the
25 intermediate school district of residence 100% of the cost of operating the
26 student's instructional program. The amount shall exclude room and board

1 related costs.

2 Sec. 603. From the funds appropriated in section 101 for salaries,
3 wages, and fringe benefits for employees of the school for the blind, not more
4 than 1% may be expended to cover the costs of salaries, wages, and fringe
5 benefits for time necessary to prepare for the opening and closing of camp
6 Tuhsmeheta for summer activities.

7 Sec. 604. A local community mental health board representative shall
8 participate in the individualized educational planning committee for each
9 severely mentally impaired or emotionally impaired student within its
10 jurisdiction who is considered for placement at the Michigan school for the
11 blind or the Michigan school for the deaf.

12 Sec. 605. The department may assess rent to the department of
13 corrections for Michigan school for the blind space occupied by the
14 corrections staff training academy. The rental rates and all leasing
15 arrangements shall be subject to the approval of the department of management
16 and budget. Amounts received under section 101 for the corrections academy
17 lease program may be expended by the department for operation, maintenance,
18 and renovation expenses associated with the lease space. If there are any
19 unexpended and unencumbered funds remaining on September 30, 1990 from the
20 amounts appropriated in section 101 for the corrections academy lease program,
21 an amount not to exceed \$20,000.00 shall be available for expenditure for the
22 1990-91 fiscal year for equipment, maintenance, and renovation at other
23 Michigan school for the blind facilities. The balance of the unexpended and
24 unencumbered funds shall revert to the general fund.

25 Sec. 606. The state technical institute and rehabilitation center may
26 receive equipment and in-kind contributions for the direct support of staff

1 services through the Delton-Kellogg school district or other local or
2 intermediate school district or any combination of local or intermediate
3 school districts in addition to those authorized in section 101. For fiscal
4 year 1989-90, the state technical institute and rehabilitation center is
5 authorized 3.5 full-time equated positions for projects with industry and 2
6 full-time equated positions for the SAGA grant program. The staff involved in
7 these programs shall provide increased vocational training and placement
8 opportunities for severely handicapped adults. The state technical institute
9 and rehabilitation center shall prescribe the form and content of each of its
10 training and placement programs. Privately generated opportunities to enhance
11 the state technical institute and rehabilitation center's vocational training
12 and placement efforts shall be consistent with the center's programmatic
13 mission.

14 Sec. 607. The Michigan rehabilitation service shall make every effort to
15 ensure that all sources of matching funds in this state are used to obtain
16 federal vocational rehabilitation funds. All sources include, but are not
17 limited to, privately-raised funds to support public nonprofit rehabilitation
18 centers as permitted by the rehabilitation act of 1973, Public Law 93-112, 29
19 U.S.C. 701 to 717, 720 to 724, 730 to 732, 740 to 741, 750, 752, 760 to 762,
20 770 to 777b, 777d to 777f, 780 to 785, and 790 to 796.

21 Sec. 608. (1) Funds received under section 101 for the state employees
22 child care center may be expended by the department for operations,
23 maintenance, and other expenses associated with the operation of the state
24 employees child care center.

25 (2) The department may assess EC3, Inc. for janitor service, utilities,
26 food, and other services provided for operation of the state employees child

1 care center.

2 HIGHER EDUCATION MANAGEMENT SERVICES

3 Sec. 701. (1) The department shall maintain the Michigan postsecondary
4 education data base as a service for the state's postsecondary education
5 policymakers and administrators. The department may collect data from the
6 state's public 2-year and 4-year postsecondary educational institutions. The
7 data base shall be open and accessible to any interested party at as minimal a
8 fee as possible. The department may use contractual services or grants to
9 state universities or community or junior colleges to develop and implement
10 the higher education data base.

11 (2) A policy council shall develop policies and procedures governing the
12 operation and use of the state postsecondary education data base. The council
13 shall consist of the following members or their designated representative:

14 (a) The chairpersons of the senate and house appropriations subcommittees
15 responsible for the higher education budget.

16 (b) The superintendent of public instruction.

17 (c) The director of the department of management and budget.

18 (d) The director of the department of labor.

19 (e) The director of the house fiscal agency.

20 (f) The director of the senate fiscal agency.

21 (g) A representative of the state's public colleges and universities.

22 (h) A representative of the state's public community and junior colleges.

23 (i) A representative of the state's independent colleges and universities.

24 (3) The policy council described in subsection (2) may add other members
25 that it considers necessary as ex officio members.

26 TEACHER PREPARATION AND CERTIFICATION SERVICES

02152'89

1 Sec. 801. From the funds appropriated in section 101 for teacher
2 preparation and certification services, the department shall expend the funds
3 to provide 1 full-time equated classified position to handle the professional
4 personnel register and certificate revocation/felony conviction files.

5 Sec. 802. Not later than November 30, 1989, the department shall submit
6 to the senate and house appropriations subcommittees responsible for the
7 department's budget a report on the status of activities to meet the
8 requirements of section 1531 of the school code of 1976, Act No. 451 of the
9 Public Acts of 1976, being section 380.1531 of the Michigan Compiled Laws,
10 relating to teacher test development, validation, and implementation.

11 GRANTS AND DISTRIBUTIONS

12 Sec. 1101. The funds appropriated in section 101 for the school
13 breakfast program required by section 1272a of the school code of 1976, Act
14 No. 451 of the Public Acts of 1976, being section 380.1272a of the Michigan
15 Compiled Laws, shall be paid to school districts for reasonable and necessary
16 costs that exceed available federal reimbursement. Reasonable and necessary
17 costs include costs for either of the following:

18 (a) A breakfast, as provided for in section 1272a of Act No. 451 of the
19 Public Acts of 1976, that is eligible for state cash reimbursement and that
20 meets the nutritional standards prescribed by the United States department of
21 agriculture pursuant to section 4 of the child nutrition act of 1966, Public
22 Law 89-642, 42 U.S.C. 1773.

23 (b) Other costs necessary for the implementation of a breakfast program,
24 which costs may cover not more than 1/2 hour of custodial service, and 1 aide
25 for every 200 nonparticipating, supervised children, and which costs shall not

1 cover more than 2 aides per building, nor more than 1 hour per day per aide.

2 Sec. 1102. The funds appropriated in section 101 for M-Star shall be
3 expended for the acquisition of use rights and licensing for instructional
4 television for statewide use and to increase the capability of teachers to use
5 the instructional television programs in the educational process. Not later
6 than January 1, 1990, the department shall report to the senate and house
7 appropriations subcommittees responsible for the department's budget and to
8 the department of management and budget on the activities, expenditures, and
9 impact of the M-Star telecommunications project during 1987-88 and 1988-89.

10 Sec. 1103. (1) The funds appropriated under grants and distributions in
11 section 101 for school safety shall be allocated by the department to those
12 local school districts that conduct a "safe school program" approved by the
13 department.

14 (2) A safe school program may include, but not be limited to, the
15 purchase of school security equipment or entering into contracts, singularly
16 or in combination, with cities, villages, townships, or counties, for the
17 provision of security services or for the establishment of a program to hire
18 community members to serve as classroom monitors in school buildings.
19 Contractual security services may include, but are not limited to, special
20 patrols, surveillance, or liaison services to be provided by police
21 departments or sheriffs' departments in schools, on school property, or both.

22 (3) The grants shall be awarded to an applicant local school district
23 based on both of the following:

24 (a) The number of student expulsions and suspensions due to violent acts
25 against people and property in the specific school building or buildings that
26 would operate the program.

1 (b) The department of state police uniform crime report index compiled
2 pursuant to Act No. 319 of the Public Acts of 1968, being sections 28.251 to
3 28.258 of the Michigan Compiled Laws.

4 (4) All approved schools shall establish a school building advisory
5 council to monitor the program. The council shall be composed of parents,
6 students, security personnel, teachers, administrators, and local law
7 enforcement officials.

8 (5) From the funds appropriated in section 101 for school safety grants,
9 an amount equal to the school safety funding provided to the Detroit city
10 school district under Act No. 133 of the Public Acts of 1987, plus an
11 additional \$250,000.00 shall be allocated to the Detroit city school district
12 for community-based classroom monitor pilot programs.

13 (6) From the funds appropriated in section 101 for school safety grants,
14 \$50,000.00 shall be allocated to the Newaygo county intermediate school
15 district in collaboration with the county prosecuting attorney for the
16 promotion of a comprehensive law enforcement education pilot program with
17 local school districts.

18 Sec. 1104. The funds appropriated in section 101 to the department for
19 the development of community college educational telecommunications shall be
20 allocated for the development and improvement of cooperative
21 telecommunications systems. The department shall not expend more than
22 \$30,000.00 of the funds appropriated in section 101 for monitoring the
23 development and improvement of cooperative telecommunications systems.

24 Sec. 1105. (1) The funds appropriated in section 101 for cable television
25 shall be allocated to intermediate school districts for the purpose of
26 implementing a model 2-way interactive, interconnected video system linking

1 local school districts by cable television for academic programming and the
2 interactive delivery of instruction. To be eligible for funds under this
3 section, an intermediate school district shall submit to the superintendent of
4 public instruction for approval a plan and a timetable for implementing the
5 2-way interactive, interconnected video system. The intermediate school
6 district shall provide a plan to link all constituent school districts and
7 demonstrate that at least a portion of the system can be made operational with
8 the funds allocated by this section.

9 (2) From the funds appropriated in section 101 for cable television,
10 \$65,000.00 is allocated to the Eaton county intermediate school district and
11 \$65,000.00 is allocated to the Cheboygan-Otsego-Presque Isle intermediate
12 school district for facilities and equipment to implement a model 2-way
13 interactive, interconnected video system.

14 Sec. 1106. The funds appropriated in section 101 for anti-drug abuse
15 grants shall be used in coordination with appropriations provided under
16 section 45 of the state school aid act of 1979, Act No. 94 of the Public Acts
17 of 1979, being section 388.1645 of the Michigan Compiled Laws. The funds
18 shall be expended to provide for technical assistance and to provide grants
19 to, or contracts with, local school districts and intermediate school
20 districts for the provision of a school drug education and prevention program
21 consistent with the program described in the application approved by the
22 United States department of education for funding under the drug-free schools
23 and communities act of 1986, part 2 of subtitle B of title IV of Public Law
24 99-570.

25 Sec. 1107. (1) The funds appropriated in section 101 for computer
26 literacy and educational technology grants shall be expended to teach and
02152'89

1 strengthen the computer skills of students and teachers and to integrate
2 technology into instructional programs. The funds shall be expended to award
3 grants to local and intermediate school districts to promote student access to
4 computer applications, to increase the statewide availability of courses in
5 computer literacy, to support the use of computers and other technologies by
6 teachers in the educational process, and to establish demonstration sites in
7 schools with effective programs.

8 (2) The department shall transmit to the senate and house appropriations
9 subcommittees responsible for the department's budget for their review all
10 recommendations for receiving computer literacy and educational technology
11 grants.

12 (3) From the funds appropriated in section 101 for computer literacy and
13 educational technology grants, \$200,000.00 shall be allocated to Northern
14 Michigan university in collaboration with the Upper Peninsula development
15 institute for the development of an Upper Peninsula-wide telecommunications
16 plan. Objectives for the telecommunications plan shall include, but not be
17 limited to, providing 2-way interactive video, audio, and data delivery for K
18 to 12, postsecondary, continuing education, governmental, health, public
19 service, and Indian community use. These funds shall be equally matched by
20 federal funding sources and shall not be expended unless federal matching
21 funds become available.

22 Sec. 1108. The funds appropriated in section 101 for the literacy
23 project grant shall be allocated to the library cooperative of Macomb to
24 strengthen coordination between the Macomb literacy project and local business
25 and industry.

26 Sec. 1109. (1) The funds appropriated in section 101 for early childhood

1 development programs shall be made available through a competitive application
2 process as follows:

3 (a) An applicant may be any public or private nonprofit legal entity or
4 agency other than a local or intermediate school district except a local or
5 intermediate school district acting as a fiscal agent for a child caring
6 organization regulated under Act No. 116 of the Public Acts of 1973, being
7 sections 722.111 to 722.128 of the Michigan Compiled Laws.

8 (b) Applications shall be submitted in a form and manner as required by
9 the department.

10 (c) Applications shall be reviewed by a diverse interagency committee
11 comprised of representatives of the department, appropriate community,
12 volunteer, social service agencies and organizations, and parents.

13 (d) Priority in the recommendation for awarding of grants by the state
14 board of education to applicants shall be based upon the following criteria:

15 (i) Compliance with standards for early childhood development consistent
16 with programs for 4-year olds, as approved by the interagency committee and
17 the state board of education.

18 (ii) Active and continuous involvement of the parents or guardians of the
19 children participating in the program.

20 (iii) Employment of teachers possessing proper training in early
21 childhood development, including an early childhood (ZA) endorsement and/or
22 child development associate, and trained support staff.

23 (iv) Collaboration with the community of providers of early childhood
24 development programs.

25 (v) The extent to which these funds will supplement other federal state,
26 local, or private funds.

1 (vi) The extent to which these funds will be targeted to children who
2 will be at least 4, but less than 5, years of age as of December 1 of the year
3 in which the programs are offered and who show evidence of being "at-risk" as
4 defined in the state board of education report entitled, "children at risk"
5 that was adopted by the state board on April 5, 1988.

6 (e) Whether the application contains an evaluation component which
7 includes assessment of the gains of the children participating in the program.

8 (f) Whether the application provides for the establishment of a community
9 advisory committee that shall be involved in the planning and evaluation of
10 the program and provides for collaboration with, and the involvement of,
11 parents and appropriate community, volunteer, and social service agencies and
12 organizations.

13 (2) Grant awards by the state board of education may be at whatever level
14 the board determines appropriate. However, a grant shall not exceed an amount
15 equal to \$1,600.00 per child counted for a 1987-88 grant, plus \$2,000.00 per
16 child for which no previous funding for this program has been provided. A
17 grant, when combined with other sources of state revenue for this program,
18 shall not exceed \$2,000.00 per child or the cost of the program. Unexpended
19 early childhood development funds from Act No. 302 of the Public Acts of 1988
20 may be expended for the purposes described in this section.

21 Sec. 1110. (1) From the funds appropriated in section 101 for
22 educational innovation grants, \$100,000.00 shall be allocated to the Michigan
23 dyslexia institute for all of the following purposes:

24 (a) Training general education and special education teachers in
25 approaches and techniques that will increase their effectiveness in teaching
26 reading, writing, and spelling to dyslexic students.

1 (b) Preparing teachers of dyslexic students to train other teachers
2 within their respective districts to teach dyslexic students.

3 (c) Helping districts to plan and implement their own training programs
4 for teachers of dyslexic students using participants from programs funded
5 under this section as trainers.

6 (d) Preparing and providing instructional materials to be used by
7 districts in their training programs for teachers of dyslexic students.

8 (e) Developing and making available to all local school districts
9 strategic planning guidelines that may be used to establish training programs
10 for teachers of dyslexic students.

11 (2) From the funds appropriated in section 101 for educational innovation
12 grants, \$25,000.00 shall be allocated for a program of study of far eastern
13 art at eastern Michigan university.

14 (3) From the funds appropriated in section 101 for educational innovation
15 grants, \$50,000.00 shall be allocated to the school district of the city of
16 Saginaw for its project PRIDE program for Hispanic student basic skills
17 improvement.

18 (4) From the funds appropriated in section 101 for educational innovation
19 grants, \$250,000.00 shall be allocated to the Michigan institute for
20 educational management for educational administrator training to improve the
21 leadership skills of current and prospective educational administrators.

22 (5) From the funds appropriated in section 101 for educational innovation
23 grants, \$500,000.00 shall be allocated through the bureau of education
24 services to continue the educational extension service for the purposes of
25 applying and disseminating the latest research on teaching, learning,
26 organization, and management to the state's public schools. During 1989-90,

1 the university and its partner institutions in the education extension service
2 shall also raise or contribute matching funds totaling at least one-half of
3 the amount appropriated in this bill. Of the funds allocated under this
4 subsection, approximately 2/3 shall be expended for research application to
5 translate research into practice and to evaluate the results. The balance of
6 the funds shall be expended for the purpose of disseminating practical, tested
7 knowledge to schools in this state. In 1989-90, the university selected to
8 operate the extension service shall initiate activities in both the
9 application and dissemination areas. In the research application area, the
10 university shall establish relationships with 4 to 6 schools, collaborate with
11 the schools to identify priority areas for both instructional and, if
12 necessary, organizational improvement, establish collaborative
13 university-school working groups to address these priorities, formulate plans
14 to make research-based improvements in the priority areas, and initiate
15 implementation of these plans.

16 (6) The funds allocated under subsection (5) for research application may
17 be expended for purposes, including, but not limited to, all of the following:

18 (a) Released time for teachers and administrators to collaborate with
19 university faculty.

20 (b) Compensation for teachers and administrators for summer activities
21 such as course planning, materials development, professional development, and
22 for activities beyond the normal school day or week.

23 (c) Compensation for university faculty for summer activities.

24 (d) Compensation for support staff necessary to facilitate the
25 participation of teachers, administrators, and university faculty.

26 (e) Research reports, books, and other materials related to curriculum,

1 instruction, organization, and management.

2 (f) Meeting expenses.

3 (g) Within-state travel and other items essential to the goals of the
4 extension service.

5 (7) For purposes of subsection (5), the university selected to operate
6 the educational extension service shall establish a dissemination advisory
7 committee. This committee shall be comprised of representatives from
8 appropriate professional associations, local and intermediate school
9 districts, and institutions of higher education. The committee shall identify
10 priority areas for research dissemination, form consortia of organizations to
11 plan dissemination activities in the priority areas, and begin implementation
12 of the plans.

13 (8) The university selected under subsection (5) to operate the
14 educational extension service shall be chosen on the basis of all of the
15 following criteria:

16 (a) The quality and extent of research capabilities in the areas
17 described in subsection (6).

18 (b) The existence of substantial current research funding from federal,
19 foundation, and other nonstate sources.

20 (c) The existing ability to apply and disseminate research.

21 (d) A demonstrated commitment to K to 12 schools and the ability to
22 collaborate with school districts in the application of research.

23 (e) A commitment to, and an existing relationship with, organizations
24 presently engaged in the dissemination of educational research, such as
25 professional associations, intermediate school districts, and other
26 institutions of higher education.

1 (f) The quality of a plan to apply and disseminate research.

2 (9) Not later than March 1, 1990, the university selected under
3 subsection (5) to operate the educational extension service shall submit to
4 the senate and house appropriations subcommittees responsible for the
5 department's budget, the department, and the governor's cabinet council on
6 human investment a report on expenditures, activities, and accomplishments of
7 the educational extension service, and a work plan and budget for 1990-91.
8 Included in this report shall be an evaluation plan for 1988-89 and 1989-90
9 expenditures and activities related to the educational extension service and a
10 description of planned activities to integrate the research application and
11 dissemination areas.

12 Sec. 1111. (1) The funds appropriated in section 101 for the health
13 promotion pilot project shall be allocated to the American health foundation
14 for the second year of a 2-year pilot project. The foundation shall provide
15 health promotion programming and evaluation services to 4 elementary schools
16 selected by the department through a competitive application process.

17 (2) The purposes of the health promotion pilot project described in
18 subsection (1) are to provide students with information about the relationship
19 between behavior and health, to emphasize the value of disease prevention, to
20 encourage health-promoting attitudes and behaviors, and to improve students'
21 personal skills for making health behavior decisions.

22 (3) Services and resources provided by American health foundation staff
23 under this pilot project shall include all of the following:

24 (a) Biomedical health screening and follow-up analysis for high-risk
25 students.

26 (b) Health education instruction.

1 (c) Teacher training, including, but not limited to, funds for teacher
2 release time.

3 (d) School-wide health activities.

4 (e) Texts, newsletters, and other promotional materials.

5 (f) Evaluation of program results, such as changes in health screening
6 data measurements taken during the course of the project and the
7 cost-effectiveness of the program.

8 (4) American health foundation staff shall design the health promotion
9 pilot project described in subsection (1) to be fully integrated with and
10 supportive of existing health curricula in the schools selected.

11 (5) Not later than November 5, 1990, the American health foundation shall
12 submit to the department and to the senate and house appropriations
13 subcommittees responsible for the department's budget a report describing the
14 project's activities and expenditures, and evaluating the outcome and
15 cost-effectiveness of the project.

16 Sec. 1112. The funds appropriated in section 101 for the personal care
17 attendants' program shall be expended for a program supporting personal care
18 attendants to enable handicappers to pursue gainful employment.

19 Sec. 1113. (1) In selecting school districts for school dropout
20 prevention programs, the purpose of which is to encourage students identified
21 as potential dropouts to remain in school and graduate through services such
22 as counseling, basic skills remediation, tutorial assistance, and career
23 exploration and development, the department shall ensure that the school
24 dropout prevention programs are designed for students who meet the following
25 criteria:

26 (a) The pupils are 12 through 18 years of age.

1 (b) The pupils are members of households that receive general assistance
2 or aid to families with dependent children administered under the social
3 welfare act, Act No. 280 of the Public Acts of 1939, being sections 400.1 to
4 400.121 of the Michigan Compiled Laws, or that meet food stamp income
5 eligibility requirements of the food stamp act of 1977, U.S.C. 2011 to 2026.
6 Pupils who are not members of households that receive general assistance or
7 aid to families with dependent children may also participate if a school can
8 document that the pupil is at risk of dropping out of school.

9 (2) Students participating in a school dropout prevention program may
10 enter paid work experience programs implemented during the second quarter of
11 the program year based upon their first quarter attendance and academic
12 record. Participant pupils who maintain not less than an 80% school
13 attendance record while participating in this program shall be eligible under
14 this program for part-time employment during the school year. Money earned by
15 a student pursuant to this section shall be disregarded as income for purposes
16 of determining eligibility and benefit levels for aid or assistance
17 administered under the social welfare act, Act No. 280 of the Public Acts of
18 1939, being sections 400.1 to 400.121 of the Michigan Compiled Laws.

19 (3) To the extent possible, school districts that receive state funds for
20 a school dropout prevention program shall work with nonprofit organizations,
21 private industry, and governmental units to provide employment and job
22 training to eligible pupils. At their discretion, school districts may
23 involve intermediate school districts in the coordination and implementation
24 of the employment and job training programs.

25 (4) Local school districts may file applications for grants with the
26 department. The department shall prescribe the form and content of each

1 application based on the major components of operation graduation pilot
2 program funded by the legislature.

3 (5) Districts who receive funding under this section shall prepare an
4 annual evaluation report which includes number of students served, academic
5 performance, work experience including employability skills, and school
6 retention rates in a form as prescribed by the department of education.

7 Sec. 1114. (1) The department shall develop bid specifications for
8 bidding through the department of management and budget for the warehousing
9 and distribution of the United States department of agriculture surplus
10 commodities.

11 (2) The department shall collaborate with the department of management
12 and budget to develop contractual service regions along lines similar to those
13 utilized by the department of management and budget while taking into account
14 local school district boundaries. The contractual service regions shall
15 provide for the most efficient and economical means of distribution of the
16 United States department of agriculture surplus commodities.

17 Sec. 1115. (1) The funds appropriated in section 101 for mathematics and
18 science challenge grants shall be expended for the planning, startup, and
19 development of, and outreach programs for, high school mathematics and science
20 centers. These centers, within a designated service area, shall provide
21 accelerated instruction in mathematics, science, and computer science for
22 qualified high school students and serve as a resource center for teacher
23 training, curriculum development, enrichment programs, and other activities
24 and programs related to the overall improvement of mathematics and science
25 education for high school students.

26 (2) A grant awarded under this section for planning shall be expended for

1 developing community support for, and for planning, a high school mathematics
2 and science center. A grant awarded under this section for startup and
3 development shall be expended for building renovation, the purchase of
4 mathematics and science-related equipment, and curriculum development. A
5 grant awarded under this section for outreach shall be expended to extend the
6 impact of a mathematics and science center to other area high school students
7 and high school educators.

8 (3) A school district, intermediate school district, or science or
9 technological museum may apply for a grant described in subsection (3) using
10 an application developed by the department.

11 (4) Each grant application shall include, but not be limited to, all of
12 the following:

13 (a) A statement of the purpose and goals of the applicant.

14 (b) An assurance that any plan for student selection will provide fair
15 access to the mathematics and science center for all students from
16 participating high schools.

17 (c) A clearly defined plan for funding the proposal, including a list of
18 all anticipated local or private funds.

19 (d) Evidence that the state grant will be matched on at least a 3 to 1
20 ratio by the applicant.

21 (e) Evidence of a local advisory committee made up of teachers,
22 administrators, parents, and representatives of higher education, business and
23 industry.

24 (5) The superintendent of public instruction shall establish an advisory
25 committee comprised of not less than 11 members to review all grant
26 applications received pursuant to this section and to recommend grant

1 recipients. The advisory committee shall include 3 teachers, 4 science-based
2 professionals from business and industry, 1 parent, and 3 science or
3 mathematics specialists from higher education institutions or other
4 organizations involved in mathematics and science education such as science
5 museums or private foundations.

6 (6) After reviewing the grant applications received pursuant to this
7 section and not later than May 1, 1990, the advisory committee shall submit a
8 list of recommended grant recipients and amounts to the department. The
9 maximum level of any single grant approved by the department for planning
10 shall not exceed \$25,000.00. Grants for start up and development shall not
11 exceed \$200,000.00, and grants for outreach programs shall not exceed
12 \$100,000.00 Upon final selection of grant recipients the superintendent shall
13 submit the list of grant recipients and amounts to the senate and house
14 appropriations subcommittees responsible for the department's budget.

15 Sec. 1116. The institute for adult learning, a key recommendation of the
16 adult literacy task force, will serve as a research and informational
17 clearinghouse for adult training and education in both the public and private
18 sectors. It will search out the most effective ways to teach adults, develop
19 curriculum materials and transfer findings to Michigan's adult training and
20 education programs. The \$400,000 in grant monies will be administered through
21 the superintendent of public instruction.
