13 GENERAL SECTIONS

14 Sec. 201. The appropriations made and expenditures authorized under
15 this act and the departments, agencies, commissions, boards, offices, and
16 programs for which an appropriation is made under this act are subject to
17 the management and budget act, Act No. 431 of the Public Acts of 1984,
18 being sections 18.1101 to 18.1594 of the Michigan Compiled Laws.

19 ENVIRONMENTAL RESPONSE

20 Sec. 301. The expenditure of money under this act for environmental
21 protection bond surface cleanup projects, alternative water supply
22 projects, investigations, final cleanup design projects, and final

1 cleanup projects does not preclude the use of private, federal, local, or
2 other state funds on these projects.

3 Sec. 302. The commission of natural resources shall annually report
4 to the governor, the house and senate appropriations committees, the
5 house and senate appropriations subcommittees on natural resources, the
6 joint capital outlay subcommittee, the house and senate standing commit-
7 tees on natural resources, and the house and senate fiscal agencies on
8 the progress of the environmental protection bond cleanups for which
9 appropriations have been made under this act. This report shall include
10 the criteria used for site selection; a list of sites funded, including
11 the name, address, county, and telephone number of the recipient or par-
12 ticipant; bond funded actions taken at each site; other sources of funds
13 used at each site in addition to bond proceeds, including private
14 actions; the amount of funds expended at each site; further cleanup
15 actions that may be anticipated at each site; and other information con-
16 sidered pertinent by the commission of natural resources.

17 Sec. 303. The unexpended portion of the appropriation in
18 section 101 for environmental protection bond surface cleanup projects,
19 alternative water supply projects, investigations, final cleanup design
20 projects, and final cleanup projects shall be considered work projects
21 and shall not lapse to the environmental protection bond fund but con-
22 tinue to be available for the purpose for which it was appropriated.

1 WASTE MANAGEMENT

2 Sec. 401. The commission of natural resources shall annually report
3 to the governor, the house and senate appropriations committees, the
4 house and senate subcommittees on natural resources, the joint capital
5 outlay subcommittee, the house and senate standing committees on natural
6 resources, and the house and senate fiscal agencies the progress of
7 resource recovery projects for which appropriations have been made under
8 this act. This report shall include a listing of applicants for grant
9 money; the criteria used for project selection; a list of projects funded
10 including the name, address, county, and telephone number of the recipi-
11 ent or participant; bond funded actions taken on each project; other
12 sources of funds used on each project in addition to bond proceeds,
13 including private actions; the amount of funds expended for each project;
14 further actions anticipated on each project; and other information con-
15 sidered pertinent by the commission of natural resources.

16 Sec. 402. The unexpended portion of the appropriation in
17 section 101 for resource recovery projects shall be considered a work
18 project and shall not lapse to the environmental protection bond fund but
19 shall continue to be available for the purpose for which it was
20 appropriated.

21 CAPITAL OUTLAY

22 Sec. 501. The commission of natural resources shall annually report
23 to the governor, the house and senate appropriations committees, the
24 house and senate appropriations subcommittees on natural resources, the
25 joint capital outlay subcommittee, the house and senate standing

1 committees on natural resources, and the house and senate fiscal agencies
2 the progress of state park recreation bond projects for which appropria-
3 tions have been made under this act. This report shall include a list of
4 bond funded actions taken on each project; other sources of funds used in
5 addition to bond proceeds, including private actions; the amount of funds
6 expended for each project; further actions anticipated on each project;
7 and other information considered pertinent by the commission of natural
8 resources.

9 Sec. 502. The unexpended portion of the appropriation in
10 section 101 for state park recreation bond projects shall be considered a
11 work project and shall not lapse to the recreation bond fund but shall
12 continue to be available for the purpose for which it was appropriated.
