**SUBJECT:** Chapter 33 Tuition and Fees Paid

**TO:** NASAA Members

**FROM:** William D. Stephens, President

Attached you will find summary data concerning tuition and fees paid directly to institutions of higher learning for Chapter 33 from August 1, 2009 thru July 31, 2010. My thanks for Sheila Hawkins for getting this data. The printed copy is simply totals per state. We do have the complete data by institution. Ray Baker, Chair of the Automation and Technology Committee is working on having all of the data available on the NASAA website.

I know this data can be useful to you. I have already shared some of the Pennsylvania data with my chain of command. Also please remember that once benefits come into your state they do "turn-over" several times. In Pennsylvania they turn over at least 3 times. That information can be used when you request various items (travel, outreach assistance, staff, etc.).

Also, feel free to share this data with your Congressional delegation.

If you have any questions please talk with me.
