

September 5, 2012

Honorable Jud Gilbert, Chair
House Tax Policy Committee
Michigan House of Representatives
State Capitol
Lansing, Michigan 48909

Dear Chairman Gilbert,

I am writing to let you know of my support for passage of SB-335 & SB-336 which are in the House Tax Policy Committee. As a small business owner these bills will ensure that my computer "clouding" activities will not be subject to sales tax. It will also lower my business costs and help keep Michigan competitive with other states.

Please encourage the members of your to committee to support SB-335 & SB-336. I am available at your convenience to answer questions you may have or you may wish to contact my legislative consultant, Philip E. Hoffman regarding this legislative matter.

Thank you for your kind consideration.

Sincerely,

William Deary
Chief Executive Officer
Great Lakes Caring
