Dear Senator Marleau:

Teamsters Local 299 is in full support of Senate Bills 414 and 415, along with Senate Bill 981 that would provide insurance coverage for children with autism, helping them to receive the therapies they need. As a self-insured employer, we would be happy to make this benefit available to our membership through the above bill(s).

Sincerely,

**Truck Drivers Local Union No. 299**
