

Dear Committee Clerk,

I am writing to you today to express my extreme opposition to adding wolves to the list of game species in Michigan. I have also contacted my senators personally to express my opposition. Given that they will be voting on it this morning, however, I thought it best to also contact you to ensure that my views on this subject were heard & forwarded prior to the vote.

I live in Grand Rapids, Michigan, and am a constituent of senators Levin & Stabenow. If you would please ensure that they receive my views prior to the 8 a.m. vote, I would greatly appreciate it.

Thank you.
