Unless otherwise approved by the department, a center program 1 either shall serve all constituent districts within an intermediate 2 3 district or shall serve several districts with less than 50% of the 4 pupils residing in the operating district. In addition, special 5 education center program pupils placed part-time in noncenter 6 programs to comply with the least restrictive environment provisions of section 612 of part B of the individuals with 7 disabilities education act, 20 USC 1412, may be considered center 8 9 program pupils for pupil accounting purposes for the time scheduled 10 in either a center program or a noncenter program.

20 (4) "Membership", except as otherwise provided in this article, means for a district, a public school academy, the 21 22 education achievement system, or an intermediate district the sum 23 of the product of .90 times the number of full-time equated pupils 24 in grades K to 12 actually enrolled and in regular daily attendance on the pupil membership count day for the current school year, plus 25 the product of .10 times the final audited count from the 26 27 supplemental count day for the immediately preceding school year. A

district's, public school academy's, or intermediate district's 1 2 membership shall be adjusted as provided under section 25 for 3 pupils who enroll in the district, public school academy, or 4 intermediate district after the pupil membership count day. All 5 pupil counts used in this subsection are as determined by the 6 department and calculated by adding the number of pupils registered for attendance plus pupils received by transfer and minus pupils 7 lost as defined by rules promulgated by the superintendent, and as 8 9 corrected by a subsequent department audit. For the purposes of 10 this section and section 6a, for a school of excellence that is a 11 cyber school, as defined in section 551 of the revised school code, 12 MCL 380.551, and is in compliance with section 553a of the revised 13 school code, MCL 380.553a, or for the education achievement system, 14 a pupil's participation in the cyber school's educational program 15 or in an online educational program of the education achievement 16 system or of an achievement school is considered regular daily 17 attendance. The amount of the foundation allowance for a pupil in 18 membership is determined under section 20. In making the 19 calculation of membership, all of the following, as applicable, 20 apply to determining the membership of a district, a public school 21 academy, the education achievement system, or an intermediate 22 district:

(a) Except as otherwise provided in this subsection, and

1 (b) If a pupil is educated in a district other than the pupil's district of residence, if the pupil is not being educated 2 as part of a cooperative education program, if the pupil's district 3 of residence does not give the educating district its approval to 4 5 count the pupil in membership in the educating district, and if the pupil is not covered by an exception specified in subsection (6) to 6 the requirement that the educating district must have the approval 7 of the pupil's district of residence to count the pupil in 8 9 membership, the pupil shall not be counted in membership in any 10 district.

(c) A special education pupil educated by the intermediate
district shall be counted in membership in the intermediate
district.

(d) A pupil placed by a court or state agency in an on-grounds
program of a juvenile detention facility, a child caring

program.

(e) A pupil enrolled in the Michigan schools for the deaf and

2 (g) A pupil enrolled in a public school academy shall be3 counted in membership in the public school academy.

4 (h) A pupil enrolled in an achievement school shall be counted5 in membership in the education achievement system.

6 (i) For a new district or public school academy beginning its
7 operation after December 31, 1994, or for the education achievement
8 system or an achievement school, membership for the first 2 full or
9 partial fiscal years of operation shall be determined as follows:

10 (i) If operations begin before the pupil membership count day 11 for the fiscal year, membership is the average number of full-time 12 equated pupils in grades K to 12 actually enrolled and in regular 13 daily attendance on the pupil membership count day for the current school year and on the supplemental count day for the current 14 15 school year, as determined by the department and calculated by adding the number of pupils registered for attendance on the pupil 16 17 membership count day plus pupils received by transfer and minus 18 pupils lost as defined by rules promulgated by the superintendent, 19 and as corrected by a subsequent department audit, plus the final 20 audited count from the supplemental count day for the current 21 school year, and dividing that sum by 2.

(ii) If operations begin after the pupil membership count day for the fiscal year and not later than the supplemental count day for the fiscal year, membership is the final audited count of the number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance on the supplemental count day for the current school year.

1 (j) If a district is the authorizing body for a public school 2 academy, then, in the first school year in which pupils are counted in membership on the pupil membership count day in the public 3 4 school academy, the determination of the district's membership 5 shall exclude from the district's pupil count for the immediately preceding supplemental count day any pupils who are counted in the 6 public school academy on that first pupil membership count day who 7 were also counted in the district on the immediately preceding 8 9 supplemental count day.

10 (k) In a district, a public school academy, the education 11 achievement system, or an intermediate district operating an 12 extended school year program approved by the superintendent, a 13 pupil enrolled, but not scheduled to be in regular daily attendance 14 on a pupil membership count day, shall be counted.

15 (1) Pupils to TO be counted in membership, shall be not less than 5 years of age on December 1 and A PUPIL SHALL MEET THE MINIMUM AGE REQUIREMENT TO BE ELIGIBLE TO ATTEND SCHOOL UNDER SECTION 1147 OF THE REVISED SCHOOL CODE, MCL 380.1147, OR SHALL BE ENROLLED UNDER SUBSECTION (3) OF THAT SECTION, AND SHALL BE less than 20 years of age on September 1 of the school year except as follows:

instruction in a special education program or service approved by
the department, who does not have a high school diploma, and who is

TAV

1 the following may be counted in membership:

2 (A) Is enrolled in a public school academy or an alternative
3 education high school diploma program, that is primarily focused on
4 educating homeless pupils and that is located in a city with a
5 population of more than 500,000.

6 (B) Had dropped out of school for more than 1 year and has re-7 entered school.

8 (C) Is less than 22 years of age as of September 1 of the9 current school year.

10 (m) An individual who has obtained a high school diploma shall 11 not be counted in membership. An individual who has obtained a 12 general educational development (G.E.D.) certificate shall not be 13 counted in membership unless the individual is a pupil with a 14 disability as defined in R 340.1702 of the Michigan administrative 15 code. An individual participating in a job training program funded under former section 107a or a jobs program funded under former 16 17 section 107b, administered by the Michigan strategic fund, or 18 participating in any successor of either of those 2 programs, shall 19 not be counted in membership.

20 (n) If a pupil counted in membership in a public school 21 academy or the education achievement system is also educated by a district or intermediate district as part of a cooperative 22 23 education program, the pupil shall be counted in membership only in 24 the public school academy or the education achievement system unless a written agreement signed by all parties designates the 25 26 party or parties in which the pupil shall be counted in membership, 27 and the instructional time scheduled for the pupil in the district

7

or intermediate district shall be included in the full-time equated membership determination under subdivision (q). However, for pupils receiving instruction in both a public school academy or the education achievement system and in a district or intermediate district but not as a part of a cooperative education program, the following apply:

(i) If the public school academy or the education achievement 7 system provides instruction for at least 1/2 of the class hours 8 9 specified in subdivision (q), the public school academy or the 10 education achievement system shall receive as its prorated share of 11 the full-time equated membership for each of those pupils an amount 12 equal to 1 times the product of the hours of instruction the public 13 school academy or the education achievement system provides divided 14 by the number of hours specified in subdivision (q) for full-time 15 equivalency, and the remainder of the full-time membership for each 16 of those pupils shall be allocated to the district or intermediate 17 district providing the remainder of the hours of instruction.

18 (ii) If the public school academy or the education achievement 19 system provides instruction for less than 1/2 of the class hours 20 specified in subdivision (q), the district or intermediate district providing the remainder of the hours of instruction shall receive 21 22 as its prorated share of the full-time equated membership for each 23 of those pupils an amount equal to 1 times the product of the hours 24 of instruction the district or intermediate district provides divided by the number of hours specified in subdivision (q) for 25 26 full-time equivalency, and the remainder of the full-time 27 membership for each of those pupils shall be allocated to the

8

1 public school academy or the education achievement system.

2 (o) An individual less than 16 years of age as of September 1
3 of the current school year who is being educated in an alternative
4 education program shall not be counted in membership if there are
5 also adult education participants being educated in the same
6 program or classroom.

7 (p) The department shall give a uniform interpretation of8 full-time and part-time memberships.

9 (q) The number of class hours used to calculate full-time 10 equated memberships shall be consistent with section 101(3). In 11 determining full-time equated memberships for pupils who are 12 enrolled in a postsecondary institution, a pupil shall not be 13 considered to be less than a full-time equated pupil solely because 14 of the effect of his or her postsecondary enrollment, including 15 necessary travel time, on the number of class hours provided by the 16 district to the pupil.

(r) Beginning in 2012-2013, full-time equated memberships for 17 pupils in kindergarten shall be determined by dividing the number 18 19 of instructional hours scheduled and provided per year per 20 kindergarten pupil by the same number used for determining full-21 time equated memberships for pupils in grades 1 to 12. However, to 22 the extent allowable under federal law, for a district or public 23 school academy that provides evidence satisfactory to the 24 department that it used federal Title I money in the 2 immediately preceding school fiscal years to fund full-time kindergarten, full-25 26 time equated memberships for pupils in kindergarten shall be 27 determined by dividing the number of class hours scheduled and

TAV

provided per year per kindergarten pupil by a number equal to 1/21 2 the number used for determining full-time equated memberships for pupils in grades 1 to 12. Not later than December 1, 2012, the 3 4 department shall seek a clarification from the federal department of education as to whether this is an allowable use of federal 5 6 Title I money. The change in the counting of full-time equated memberships for pupils in kindergarten that takes effect in 2012-7 2013 is not a mandate. Not later than the fifth Wednesday after the 8 9 pupil membership count day, each district or public school academy 10 and the education achievement system shall report to the department 11 and the center the number of instructional hours scheduled per 12 kindergarten pupil for 2012-2013. If the number of instructional 13 hours scheduled per kindergarten pupil is not equal for all 14 kindergarten pupils in the district, the district or public school 15 academy and the education achievement system shall report the number of kindergarten pupils who were scheduled to receive each of 16 17 the different numbers of instructional hours scheduled.

18 (s) For a district, a public school academy, or the education 19 achievement system that has pupils enrolled in a grade level that 20 was not offered by the district, the public school academy, or the 21 education achievement system in the immediately preceding school 22 year, the number of pupils enrolled in that grade level to be 23 counted in membership is the average of the number of those pupils 24 enrolled and in regular daily attendance on the pupil membership count day and the supplemental count day of the current school 25 26 year, as determined by the department. Membership shall be 27 calculated by adding the number of pupils registered for attendance

TAV

in that grade level on the pupil membership count day plus pupils received by transfer and minus pupils lost as defined by rules promulgated by the superintendent, and as corrected by subsequent department audit, plus the final audited count from the supplemental count day for the current school year, and dividing that sum by 2.

7 (t) A pupil enrolled in a cooperative education program may be
8 counted in membership in the pupil's district of residence with the
9 written approval of all parties to the cooperative agreement.

10 (u) If, as a result of a disciplinary action, a district 11 determines through the district's alternative or disciplinary 12 education program that the best instructional placement for a pupil 13 is in the pupil's home or otherwise apart from the general school 14 population, if that placement is authorized in writing by the 15 district superintendent and district alternative or disciplinary 16 education supervisor, and if the district provides appropriate 17 instruction as described in this subdivision to the pupil at the 18 pupil's home or otherwise apart from the general school population, 19 the district may count the pupil in membership on a pro rata basis, 20 with the proration based on the number of hours of instruction the 21 district actually provides to the pupil divided by the number of 22 hours specified in subdivision (q) for full-time equivalency. For the purposes of this subdivision, a district shall be considered to 23 24 be providing appropriate instruction if all of the following are 25 met:

26 (i) The district provides at least 2 nonconsecutive hours of27 instruction per week to the pupil at the pupil's home or otherwise

TAV

apart from the general school population under the supervision of a
 certificated teacher.

3 (ii) The district provides instructional materials, resources,
4 and supplies, except computers, that are comparable to those
5 otherwise provided in the district's alternative education program.

6 (*iii*) Course content is comparable to that in the district's7 alternative education program.

8 (*iv*) Credit earned is awarded to the pupil and placed on the9 pupil's transcript.

10 (v) A pupil enrolled in an alternative or disciplinary 11 education program described in section 25 shall be counted in 12 membership in the district, the public school academy, or the 13 education achievement system that is educating the pupil.

14 (w) If a pupil was enrolled in a public school academy on the 15 pupil membership count day, if the public school academy's contract 16 with its authorizing body is revoked or the public school academy otherwise ceases to operate, and if the pupil enrolls in a district 17 18 or the education achievement system within 45 days after the pupil 19 membership count day, the department shall adjust the district's or 20 the education achievement system's pupil count for the pupil 21 membership count day to include the pupil in the count.

(x) For a public school academy that has been in operation for at least 2 years and that suspended operations for at least 1 semester and is resuming operations, membership is the sum of the product of .90 times the number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance on the first pupil membership count day or supplemental count day,

12

whichever is first, occurring after operations resume, plus the
 product of .10 times the final audited count from the most recent
 pupil membership count day or supplemental count day that occurred
 before suspending operations, as determined by the superintendent.

5 (y) If a district's membership for a particular fiscal year, 6 as otherwise calculated under this subsection, would be less than 1,550 pupils and the district has 4.5 or fewer pupils per square 7 mile, as determined by the department, and, beginning in 2007-2008, 8 9 if the district does not receive funding under section 22d(2), the 10 district's membership shall be considered to be the membership 11 figure calculated under this subdivision. If a district educates 12 and counts in its membership pupils in grades 9 to 12 who reside in a contiguous district that does not operate grades 9 to 12 and if 1 13 14 or both of the affected districts request the department to use the 15 determination allowed under this sentence, the department shall include the square mileage of both districts in determining the 16 17 number of pupils per square mile for each of the districts for the 18 purposes of this subdivision. The membership figure calculated 19 under this subdivision is the greater of the following:

(i) The average of the district's membership for the 3-fiscalyear period ending with that fiscal year, calculated by adding the district's actual membership for each of those 3 fiscal years, as otherwise calculated under this subsection, and dividing the sum of those 3 membership figures by 3.

25 (*ii*) The district's actual membership for that fiscal year as26 otherwise calculated under this subsection.

27

(z) If a public school academy that is not in its first or

second year of operation closes at the end of a school year and 1 2 does not reopen for the next school year, the department shall adjust the membership count of the district or the education 3 4 achievement system in which a former pupil of the public school 5 academy enrolls and is in regular daily attendance for the next 6 school year to ensure that the district or the education achievement system receives the same amount of membership aid for 7 the pupil as if the pupil were counted in the district or the 8 9 education achievement system on the supplemental count day of the 10 preceding school year.

11 (aa) Full-time equated memberships for special education 12 pupils who are not enrolled in kindergarten but are enrolled in a 13 classroom program under R 340.1754 of the Michigan administrative 14 code shall be determined by dividing the number of class hours 15 scheduled and provided per year by 450. Full-time equated 16 memberships for special education pupils who are not enrolled in 17 kindergarten but are receiving early childhood special education 18 services under R 340.1755 of the Michigan administrative code shall 19 be determined by dividing the number of hours of service scheduled 20 and provided per year per pupil by 180.

(bb) A pupil of a district that begins its school year after Labor day who is enrolled in an intermediate district program that begins before Labor day shall not be considered to be less than a full-time pupil solely due to instructional time scheduled but not attended by the pupil before Labor day.

26 (cc) For the first year in which a pupil is counted in27 membership on the pupil membership count day in a middle college

TAV

program, the membership is the average of the full-time equated 1 2 membership on the pupil membership count day and on the supplemental count day for the current school year, as determined 3 4 by the department. If a pupil was counted by the operating district 5 on the immediately preceding supplemental count day, the pupil shall be excluded from the district's immediately preceding 6 supplemental count for purposes of determining the district's 7 membership. 8

9 (dd) A district, a public school academy, or the education
10 achievement system that educates a pupil who attends a United
11 States Olympic education center may count the pupil in membership
12 regardless of whether or not the pupil is a resident of this state.

district of residence pursuant to section 1148(2) of the revised
school code, MCL 380.1148, shall be counted in the educating
district or the education achievement system.

A person who intentionally makes a false report of a 21 crime to law enforcement officials for the purposes of this 22 subdivision is subject to section 411a of the Michigan penal code, 1931 PA 328, MCL 750.411a, which provides criminal penalties for 23 that conduct.
