RE: Support of House Bill 5558

Chairman Cotter,

The Michigan Association of Professional Insurance Agents (MIPIA) would like to extend their support for House Bill 5558 pertaining to the Consumer Protection Act (CPA). We feel that this amendment addresses correcting the CPA to its original intent. Eliminating the 'private action' exception restores the original intent of the Legislature.

On behalf of the membership and Board of Directors of the MIPIA, we support House Bill 5558 for passage by the House of Representatives.

Regards,

Jeremy L MacDonald
President
Michigan Association of Professional Insurance Agents
