Subject: Message in Support of SB 885

Dear Mr Mosesso,

I have written a message of support for SB 885 sponsored by Senator Casperson to each of the Health Policy Committee members on 4/29/14. I am requesting that my correspondence to them be included as part of the written testimony for the Committee Record. This legislation is vital for EMS Medical Control Authorities and we prehospital providers who work under them to serve patients in rural areas of Michigan.

Respectfully,

Catherine A. Moffat, EMT
Newberry, Michigan
