The People of the State of Michigan enact:

Sec. 402. (1) The board shall issue a license to an applicant who submits a complete application and pays both the nonrefundable application fee required under section 401(5) and the regulatory assessment established by the board for the first year of operation, if the board determines that the applicant is qualified to receive a license under this act.

(2) An applicant is ineligible to receive a license if any of the following circumstances exist:

(h) The board determines that the applicant is not in compliance with section 205(1).

(i) The applicant fails to meet other criteria established by rule.

(3) In determining whether to grant a license to an applicant, the board may also consider all of the following:

(4) Each applicant shall submit with its application, on forms provided by the board, a passport quality photograph and shall ensure that 1 set of fingerprints is submitted to the department of state police for each person having any ownership interest in the marihuana facility and each person who is an officer, director, or managerial employee of the applicant, in order for the department of state police to conduct a criminal history check on each person and to forward each person's fingerprints to the Federal Bureau of Investigation for a national criminal history check. The applicant shall submit with its application each person's written consent to the criminal history check described in this section and the submission of each person's fingerprints to, and the inclusion of each person's fingerprints in, the state and federal database systems described in subsection (7).

(5) The fingerprints required under subsection (4) may be taken by a law enforcement agency or any other person determined by the department of state police to be qualified to take fingerprints. The applicant shall submit a fingerprint processing fee to the department in an amount required under section 3 of 1935 PA 120, MCL 28.273, and any costs imposed by the Federal Bureau of Investigation.

(6) The department of state police shall conduct a criminal history check on each person described in subsection (4) and shall request the Federal Bureau of Investigation to make a determination of the existence of any national criminal history pertaining to each person. The department of state police shall provide the board with a written report containing the criminal history record information of each person who was the subject of the criminal history check conducted under this section.

(7) All of the following apply concerning fingerprints submitted to the department of state police under this section:

(a) The department of state police shall store and retain all fingerprints submitted under this section in an automated fingerprint identification system database that searches against latent fingerprints, and provides for an automatic notification if and when a subsequent fingerprint is submitted into the system that matches a set of fingerprints previously submitted under this section or if and when the criminal history of an individual whose fingerprints are retained in the system is updated. Upon receiving a notification, the department of state police shall immediately notify the board. Information in the database maintained under this subsection is confidential, is not subject to disclosure under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246, and shall not be disclosed to any person except for purposes of this act or for law enforcement purposes.

(b) The department of state police shall forward all fingerprints submitted to it under this section to the Federal Bureau of Investigation for submission of those fingerprints into the FBI automatic notification system. This subdivision does not apply until the department of state police is a participant in the FBI automatic notification system. As used in this subdivision:

(i) "Automatic notification system" means a system that stores and retains fingerprints, and that provides for an automatic notification to a participant if and when a fingerprint is submitted into the system that matches an individual whose fingerprints are retained in the system or if and when the criminal history of an individual whose fingerprints are retained in the system is updated.

(ii) "FBI automatic notification system" means the automatic notification system that is maintained by the Federal Bureau of Investigation.

(8) The board shall review all applications for licenses and shall inform each applicant of the board's decision.

(9) A license shall be issued for a 1-year period and is renewable annually. Except as otherwise provided in this act, the board shall renew a license if all of the following requirements are met:

(a) The licensee applies to the board on a renewal form provided by the board that requires information prescribed in rules.

(b) The application is received by the board on or before the expiration date of the current license.

(c) The licensee pays the regulatory assessment under section 603.

(d) The licensee meets the requirements of this act and any other renewal requirements set forth in rules.

(10) The department shall notify the licensee by mail or electronic mail at the last known address on file with the board advising of the time, procedure, and regulatory assessment under section 603. The failure of the licensee to receive notice under this subsection does not relieve the licensee of the responsibility for renewing the license.

(11) If a license renewal application is not submitted by the license expiration date, the license may be renewed within 60 days after its expiration date upon application, payment of the regulatory assessment under section 603, and satisfaction of any renewal requirement and late fee set forth in rules. The licensee may continue to operate during the 60 days after the license expiration date if the license is renewed by the end of the 60-day period.

(12) License expiration does not terminate the board's authority to impose sanctions on a licensee whose license has expired.

(13) In its decision on an application for renewal, the board shall consider any specific written input it receives from an individual or entity within the local unit of government in which the applicant for renewal is located.

(14) A licensee must consent in writing to inspections, examinations, searches, and seizures that are permitted under this act and must provide a handwriting exemplar, fingerprints, photographs, and information as authorized in this act or by rules.

(15) An applicant or licensee has a continuing duty to provide information requested by the board and to cooperate in any investigation, inquiry, or hearing conducted by the board.

This act is ordered to take immediate effect.
