Pastor Kent Ward Clark of Grace Gospel Church of Pontiac offered the following invocation:

This morning, dear God, our Father, we call upon Your name, a name at which every knee shall bow. Your name is wonderful Counselor, mighty God, the everlasting Father; You are the Prince of Peace, the Rose of Sharon, the Lily of the valley and the bright and morning Star. You are the fairest of 10,000; the great Creator God; Alpha and the Omega, the beginning and the end, the first and the last. Your name is Redeemer and Lord; the Way, the Truth, and the Life. You are the Bread of life and the light of the world. You are the water of life; the author and the finisher of our faith.

We know that no greater judgment could befall on a nation than for it to be deserted by an absentee god and left to be the plaything of malignant forces. Speak to us, O great Jehovah. Be not a stranger in this land anymore. Be not as a man turned to stone. Many of us know why You are not speaking to us. Our great national sins testify against us. We know that the spiritual weapons of this great nation are our most powerful resource in peace and war. We know that a sparrow does not fall to the ground without Your notice and we know that a nation cannot rise without Your aid. Dear God, bless the state of Michigan, bless America, stand beside her and guide her with the light from above.

In the great name of Joshea, Emmanuel, Jesus Christ, our Lord. Amen.

The President pro tempore, Senator Nesbitt, led the members of the Senate in recital of the *Pledge of Allegiance*.

Senate Resolution No. 63.

A resolution to recognize June 2019 as Lipedema Awareness Month.

Whereas, Lipedema is a chronic and painful lymphatic disease that occurs almost exclusively in women and is thought to affect between 10 to 17 million people in America; and

Whereas, Lipedema is characterized by bilateral, excess symmetrical fatty tissue that bruises easily, mainly in the hip region, upper and lower leg areas, or upper arms, combined with a tendency for leg swelling that worsens when standing; and

Whereas, The etiology of lipedema and other types of fatty tissue enlargement is still unknown, although a genetic cause is suspected; and

Whereas, Individuals who suffer from this disease are further impacted by the absence of diagnostic tools, the lack of public and medical awareness of lipedema, and the stigma associated with weight gain; and

Whereas, Patients suffering from lipedema cannot simply shed the additional weight and size through typical or extreme weight loss measures; and

Whereas, The disease is progressive through four stages, which means that the condition gradually worsens and is degenerative, painful, disfiguring, and can lead to permanent disability; and

Whereas, Certain types of liposuction are the only treatments that can reverse the pain, disfigurement, and immobility caused by lipedema; and

Whereas, Most lipedema patients cannot access this surgery due to its classification as a cosmetic procedure and the costs associated with paying out-of-pocket, which can be tens of thousands of dollars, and many require numerous surgeries to treat their condition; now, therefore, be it

Resolved by the Senate, That the members of this legislative body recognize June 2019 as Lipedema Awareness Month; and be it further

Resolved, That we urge the medical community to expand both education and research of this painful disease and to spread awareness of lipedema while advocating for Michiganders who may be suffering in silence.

The question being on the adoption of the resolution,

The resolution was adopted.

Senators Alexander, Brinks, Bullock, Johnson, Lucido, McCann, McMorrow and VanderWall were named co-sponsors of the resolution.

Senators Bumstead, Lucido, Bizon, Wojno, Outman, Bayer, Victory, VanderWall and Hollier offered the following resolution:

Senate Resolution No. 64.

A resolution to recognize July 2019 as Michigan Wildlife Conservation Month.

Whereas, Michigan's natural beauty, abundant wildlife, and plentiful waters are enjoyed from Belle Isle to Baraga by millions of residents and visitors, and should be preserved and protected for future generations; and

Whereas, Hunters and fishermen were among the first conservationists, pushing for active wildlife management and conservation to ensure wildlife would flourish forever; and

Whereas, Science-based wildlife management and conservation decisions such as actively enhancing habitat, monitoring wildlife populations, preventing the spread of disease, and regulating hunting and fishing seasons help balance our use of natural resources with the needs of Michigan's wildlife; and

Whereas, As a result of these protections, regulations, and extensive conservation efforts, Michigan populations of elk, wild turkey, white-tailed deer, lake sturgeon, and many other species have rebounded from near extinction; 11,000 inland lakes and 36,000 miles of rivers and streams are safeguarded from invasive species; abundant wildlife habitat and wildfire risk are improved by forest management; and

Whereas, July 1, 2019, marks the eighty-first anniversary of the effective date for the Pittman-Robertson Federal Aid in Wildlife Restoration Act, which provides funding for wildlife management projects across the nation through the purchase of hunting equipment; and

Whereas, Hunting and fishing licenses, not state taxes, provide tens of millions of dollars each year for wildlife conservation; and

Whereas, Annually, hunters and anglers contribute \$11.2 billion to Michigan's economy and create 171,000 jobs, making those combined activities one of the state's top 10 job-creating industries, according to a recent study by the Michigan United Conservation Clubs; and

Whereas, This resolution coincides with the fifth anniversary of the creation of the Michigan Wildlife Council, a bipartisan-approved panel entrusted with educating the public about the importance of wildlife management in preserving Michigan's outdoor heritage for future generations; and

Whereas, In large part because of the council's activities, more Michiganders than ever before are aware of the essential role hunting and fishing play in conserving, managing, and protecting Michigan's wildlife; now, therefore, be it

Resolved by the Senate, That the members of this legislative body recognize July 2019 as Michigan Wildlife Conservation Month; and be it further

Resolved, That a copy of this resolution be transmitted to the Michigan Wildlife Council.

The question being on the adoption of the resolution,

The resolution was adopted.

Senators Alexander, Ananich, Brinks, Bullock, Johnson, MacDonald, McBroom, McCann, McMorrow and Santana were named co-sponsors of the resolution.

Senator Barrett offered the following resolution:

Senate Resolution No. 65.

A resolution to commemorate June 27, 2019, as Post Traumatic Stress Injury Awareness Day.

Whereas, The brave men and women of the United States (U.S.) Armed Forces, who proudly serve the United States, risk their lives to protect the freedom of the United States and deserve the investment of every possible resource to ensure their lasting physical, mental, and emotional wellbeing; and

Whereas, More than 2,000,000 U.S. service members have deployed as part of overseas contingency operations since the events of September 11, 2001; and

Whereas, The military has sustained an operational tempo for a period of time unprecedented in the history of the United States, with many service members deploying multiple times to combat zones, placing them at high risk of post traumatic stress injury (PTSI); and

Whereas, It is expected that ten thousand veterans will return to the state of Michigan every year for the next three to five years after spending a significant amount of time in combat environments, exposing thousands of soldiers to traumatic life threatening events; and

Whereas, The U.S. Department of Veterans Affairs reports that in fiscal year 2012, more than 500,000 veterans from all wars who sought care at a Department of Veterans Affairs medical center received treatment for PTSI; and

Whereas, PTSI significantly increases the risk of depression, suicide, and drug or alcohol-related disorders and deaths; and

Whereas, Thousands of Michigan corrections professionals who perform a critical and dangerous job protecting the public suffer health detriments due to high stress and potentially traumatic occupational experiences. Recent studies have shown that nearly 33.7 percent of surveyed corrections officers are estimated to be PTSI positive in this state; and

Whereas, The U.S. Department of Defense and the U.S. Department of Veterans Affairs have made significant advances in the prevention, diagnosis, and treatment of PTSI and the symptoms of PTSI. However, many challenges remain; and

Whereas, The establishment of a Post Traumatic Stress Injury Awareness Day in Michigan will raise public awareness about issues related to PTSI; now, therefore, be it

Resolved by the Senate, That the members of this legislative body commemorate June 27, 2019, as Post Traumatic Stress Injury Awareness Day; and be it further

Resolved, That we urge the Michigan Veterans Affairs Agency and the Adjutant General to continue working to educate service members, veterans, the families of service members and veterans, and the public about the causes, symptoms, and treatment of post traumatic stress injury; and be it further

Resolved, That a copy of this resolution be transmitted to the Governor of the state of Michigan.

The question being on the adoption of the resolution,

The resolution was adopted.

Senators Alexander, Ananich, Brinks, Bullock, Geiss, Hollier, Johnson, Lucido, MacDonald, McCann, McMorrow, Moss, Santana, VanderWall and Wojno were named co-sponsors of the resolution.

Senator MacDonald offered the following resolution:

Senate Resolution No. 66.

A resolution to commemorate July 20, 2019, as Filipino-American Friendship Day.

Whereas, July 2019 marks the 73rd anniversary of the Treaty of Manila which granted Philippine independence from the United States in 1946; and

Whereas, During World War II, the Empire of Japan occupied the islands until a United States campaign led by General Douglas MacArthur and Philippine Vice President Sergio Osmeña successfully regained control of the country. Finally, in 1946, the Philippines became an independent nation; and

Whereas, One of the earliest examples of the shared history of these two nations involves Filipinos, living in New Orleans, who joined the war effort against the British during the War of 1812; and

Whereas, Since that time, Filipino-Americans have contributed greatly to the United States with great accomplishments in the fields of education, entrepreneurship, medicine, arts, culinary, sports, government, business, and more; and

Whereas, According to the last census in 2010, there were 3.4 million Americans of Filipino descent. An estimated 1.08 percent of the residents of Sterling Heights, Michigan are Filipino-Americans, more than any other Michigan city; and

Whereas, All Americans can be proud of the historic friendship between the Philippines and the United States; and

Whereas, It is important that we teach our children and future generations important lessons learned through this long lasting relationship and the benefits to be gained from cooperation with all cultures; now, therefore, be it

Resolved by the Senate, That the members of this legislative body commemorate July 20, 2019, as Filipino-American Friendship Day; and be it further

Resolved, That we recognize this as a special time for Michiganians to celebrate the valuable contributions and longstanding relationship between the Philippines and the United States and express our desire for continued friendship.

Senate Resolution No. 67.

A resolution to recognize June 30-July 7, 2019, as Aquatic Invasive Species Awareness Week.

Whereas, Michigan and its economy are defined by the Great Lakes and depend on its great abundance of fresh water for manufacturing, tourism, fishing, public water supplies, agriculture, as well as its numerous other uses; and

Whereas, Preventing the introduction of aquatic invasive species ultimately benefits Michigan, and stopping the introduction of these species would eliminate the need for the state, its businesses, industries, and citizens from employing costly methods to control and manage them; and

Whereas, Michigan is protecting the Great Lakes from aquatic invasive species from a number of pathways including ballast water, canals and waterways, organisms in trade, and recreational activities such as boating and angling; and

Whereas, Over 180 nonindigenous aquatic species are established in the Great Lakes basin, many of which are displacing native species, disrupting habitats, and degrading natural, managed, and agricultural landscapes, resulting in millions of dollars for control efforts each year; and

Whereas, Michigan has over 900,000 registered boaters and many other recreational, commercial, and industrial users of over 11,000 inland lakes and over 36,000 miles of rivers and streams in the state, many of which are impacted by aquatic invasive species; and

Whereas, Aquatic invasive species awareness is an important first step toward behavior change, which prevents the introduction and spread of aquatic invasive species; and

Whereas, Spring marks the beginning of water-related recreational activities in Michigan; and

Whereas, Aquatic Invasive Species Awareness Week is an opportunity for our state government to join forces with businesses, industries, environmental groups, community organizations, citizens, and the other Great Lakes states and provinces to take action against the introduction and spread of aquatic invasive species; now, therefore, be it

Resolved by the Senate, That the members of this legislative body recognize June 30-July 7, 2019, as Aquatic Invasive Species Awareness Week; and be it further

Resolved, That all citizens must increase their understanding and awareness of aquatic invasive species, their environmental and economic impacts, and take preventative measures to stop the spread and introduction of aquatic invasive species; and be it further

Resolved, That copies of this resolution be transmitted to the Michigan Department of Environment, Great Lakes, and Energy, Michigan Department of Agriculture and Rural Development, Michigan Department of Natural Resources, Michigan Department of Transportation, Great Lakes Fishery Commission, Council of Great Lakes Governors, Michigan Congressional Delegation, and Great Lakes Commission.

A resolution to recognize July 26-28, 2019, as the Michigan Professional Fire Fighters Union and Muscular Dystrophy Association's "Fill the Boot Weekend."

Whereas, Members of the Michigan Professional Fire Fighters Union risk their lives every day to serve and protect communities and have become a symbol of pride, honor, and strength throughout Michigan; and

Whereas, 2019 celebrates the 65th anniversary of the partnership between the International Association of Fire Fighters (IAFF) and the Muscular Dystrophy Association (MDA) in the fight against neuromuscular diseases; and

Whereas, IAFF fire fighters have raised more than \$650 million dollars, including more than \$5 million dollars from the Michigan Professional Fire Fighters Union, in support of the MDA's many causes; and

Whereas, Through their daily service to communities and their dedication to the MDA, our local fire fighters contribute greatly to the well-being of all citizens; and

The motion prevailed.

Senator Hollier's statement is as follows:

I have two guests in the Gallery who came up to the chamber because they are Blue Star Families. They were hoping to speak on the legislation that came out of General Orders today but weren't able to speak in committee, so I have testimony from her that I'd like to read. It's Lisa Marshke, a proud Air Force mom of a son, Zachary Latoski, who has been serving nine years in the United States Air Force and is currently stationed in Misawa, Japan.

She would like to thank us for allowing her to come today and support Senate Bill No. 118, which includes the Blue Star Family license plate. This bill would allow for Armed Forces personnel who are currently serving and immediate family members of active military personnel to qualify for the Blue Star Family license plate. Currently, only family members of service men and women who have given their lives for their country are eligible for a Gold Star license plate. The Blue Star Family License Plate would raise awareness and provide visible support for active duty family members who are serving at home or abroad.

As a strong supporter of our military and our veterans, she's asking that people encourage the movement of this bill forward as a supportive means for active military personnel and their family members. And she thanks us for being able to speak. And I just ask all my colleagues to consider how important Blue Star Families are and how important this recognition this is for them, as too often we only recognize the families of soldiers that are fallen as we did during Memorial Day.

Senator MacDonald's statement is as follows:

Today I rise to speak about my resolution to mark July 20 as Filipino-American Friendship Day. July 2019 marks the 73rd anniversary of the Treaty of Manila which granted the Philippines independence from the United States in 1946 for having worked together to drive Japan out of the country.

Per the last Census in 2010, there were 3.4 million Americans of Filipino descent living in the United States. An estimated 1.08 percent of the residents of Sterling Heights, which is my district, are Filipino-Americans, more than any other Michigan city.

I believe that all Americans should be proud of the historic friendship between the Philippines and the United States. Further, it is important that we teach our children and future generations the important lessons learned through this long and lasting relationship and the benefits that can be gained from cooperation with all cultures.

I ask that we recognize this as a special time for Michiganders to celebrate the valuable contributions and longstanding relationship between the Philippines and the United States of America. I would like to express our gratitude and our desire for a continued friendship for many years to come.

Senator Geiss' statement is as follows:

This morning I rise to address my resolution, which was to recognize June 2019 as Lipedema Awareness Month. Many are unaware that lipedema is a chronic and painful lymphatic disease that occurs almost exclusively in women, and is thought to affect between 10 and 17 million people in our country. It's characterized by bilateral excess asymmetrical fatty tissue that bruises easily, mainly in the hip region, upper and lower leg areas, or upper arms, and it's combined with a tendency for leg swelling that worsens when standing.

The etiology of lipedema and other types of fatty tissue enlargement is still unknown, however, a genetic cause is suspected. Individuals who suffer from lipedema are further impacted by the absence of diagnostic tools, a lack of public and medical awareness of it, and the stigma associated with its physical characteristics. Patients suffering from lipedema cannot simply just shed the additional weight and size through typical extreme weight loss measures, and it is progressive through four stages, meaning that the condition gradually worsens, is degenerative, incredibly painful, disfiguring, and can lead to permanent disability. Certain types of liposuction are the only treatments that can reverse the pain, its disfigurement, and the inability caused by lipedema. Most lipedema patients cannot access this surgery because of its classification as a cosmetic procedure and the costs associated to treat the condition.

So we want to raise awareness about lipedema, the many people that it affects, and how we can work to expand the education and research of it by the medical community and to spread awareness of it and advocating for the Michiganders who might be suffering in silence.

By unanimous consent the Senate returned to the order of

I am writing to request the use of the House of Representatives Chambers for Senate Session on the dates of July 23, 24, 25, as well as any or all dates in July and August that are believed to be necessary and that

the House Chamber is available. As you may be aware, the Senate Chambers is undergoing multiple upgrades including new heating and cooling systems, new voting boards and new sound systems. These upgrades mandate the Senate Chambers be completely closed for any use for approximately 5-6 weeks.

They believe they have identified all needs. With your permission, the Secretary will work with the Clerk to finalize details.
