The following communication was received:
State 9-1-1 Committee

July 27, 2019

As the 2019 Chair of the State 911 Committee (SNC), I am pleased to present the State 911 Committee's Annual Report to the Michigan Legislature. Consistent with Section 412 of P.A. 32 of 1986, as amended, each year the SNC provides the Legislature with data about Michigan's 911 systems. It is the goal of the SNC to provide the Legislature with information about 911 as required by statute, but it's also our goal to provide additional information that is useful to you and the citizens of Michigan. This year our report once again reflects Michigan's steady steps forward to Next Generation 911 (NG911).

In addition to the Annual Report to the Michigan Legislature, the State 911 Committee also has statutory duties and responsibilities regarding 911 funding and best practices for 911 systems in Michigan. To meet the growing demands and streamline processes, the State 911 Office is embarking on a significant automation project that will enhance tracking and reporting capabilities.

This past year the State 911 Committee has continued to put Public Act 51 of 2018 into action, facilitating its multifaceted requirements in 911 funding and policies with regards to NG911, service fee changes, collection of the service fees, and the modified distribution of service fees collected. The SNC has also been

collecting data to assist the Michigan Public Service Commission with its legislatively required report on the status of NG911 to the Legislature by December 1, 2020, to ensure the entire State of Michigan can move to NG911.

The Multi-Line Telephone Systems (MLTS) requirements and the deadline for compliance recently saw changes when Public Act 30 of 2019 was passed. The act provides for extensions of time and additional exemptions under certain circumstances. The SNC's MLTS Guidelines and the MLTS Frequently Asked Questions documents on the SNC's website of www.michigan.gov/snc are under review and revision based on the new legislation. Once revised and approved by the State 911 Committee, both documents are expected to be added to the website in mid-September to assist MLTS owners in understanding the updates to the legislation.

The State 911 Committee continues to strive to ensure that the 911 services provided to the citizens of Michigan are performed by highly trained, dedicated public safety employees. Please be proud of our State's progress, willingness, and commitment to the betterment of 911. I would also like to take this opportunity to thank you for your continuing support of Michigan 911.

Sincerely,
Mr. Jeff Troyer, Chair

The communication was referred to the Secretary for record.

Messages from the Governor

The following message from the Governor was received on July 29, 2019, and read:

EXECUTIVE ORDER No. 2019-17

Declaration of State of Emergency

On July 20, 2019 Lake County experienced heavy rainfall which resulted in widespread flooding, washed-out roadways and bridges, and damage to homes. Due to these conditions, additional actions are necessary to protect public health, safety, and property.

The county and several municipalities have taken several actions to cope with the situation, including but not limited to declaring a local state of emergency, activating the disaster response and recovery aspects of their emergency operations plan, issuing emergency public information, evacuating and providing shelter to impacted residents, and repairing damaged roads.

Despite these measures, local resources have been insufficient to respond to the situation and the assistance of the state is required to protect public health, safety, and property, and to lessen or avert the threat of more severe and persisting impacts to the community.

Under the Emergency Management Act, 1976 PA 390, MCL 30.403(4), "[t]he Governor shall, by executive order or proclamation, declare a state of emergency if he or she finds that an emergency has occurred or that the threat of an emergency exists." Therefore, acting pursuant to the Michigan Constitution of 1963 and Michigan law, including the Emergency Management Act, 1976 PA 390, MCL 30.401 to 30.421, I order the following:

1. A state of emergency is declared for Lake County.
2. The Emergency Management and Homeland Security Division of the Department of State Police shall coordinate and maximize all state efforts and may call upon all state departments to utilize available resources to assist in the designated area pursuant to the Michigan Emergency Management Plan.
3. The state of emergency is terminated at such time as the threats to public health, safety, and property caused by the emergency no longer exist, and appropriate programs have been implemented to recover from the effects of this emergency, but in no case later than August 23, 2019, unless extended as provided by the Emergency Management Act.

Given under my hand and the great seal of the State of Michigan,

Date: July 29, 2019

[SEAL]

Gretchen Whitmer
Governor

By the Governor:
Jocelyn Benson
