A bill to amend 1976 PA 451, entitled "The revised school code," by amending sections 1147 and 1561 (MCL 380.1147 and 380.1561), section 1147 as amended by 2016 PA 192 and section 1561 as amended by 2016 PA 532.

THE PEOPLE OF THE STATE OF MICHIGAN ENACT:

Sec. 1147. (1) A child who is a resident of a school district that does not provide kindergarten and who is at least 5 years of age on the first day of enrollment of the school year may attend
school in a public school operated by the school district or, for a community district or a school district that does not directly operate schools on its own, in another public school located within the geographic boundaries of the school district. A school district shall provide kindergarten.

(2) Subject to subsection (3), beginning with the 2015-2016 school year, a child who is at least 5 years of age on September 1 of the school year of enrollment and who resides in the school district may enroll in kindergarten in a public school operated by the school district or, for a community district or a school district that does not directly operate schools on its own, in another public school located within the geographic boundaries of the school district.

(3) If a child residing in the school district or a child eligible to enroll in and be counted in membership in the school district under section 105 or 105c of the state school aid act of 1979, MCL 388.1705 and 388.1705c, is not 5 years of age on the enrollment eligibility date specified in subsection (2), but will be 5 years of age not later than December 1 of a school year, the parent or legal guardian of that child may enroll the child in kindergarten for that school year in a public school operated by the school district or, for a community district or a school district that does not directly operate schools on its own, in another public school located within the geographic boundaries of the school district if the parent or legal guardian notifies the public school in writing that he or she intends to enroll the child in kindergarten for that school year. A public school that receives this written notification may make a recommendation to the parent or legal guardian of a child described in this subsection that the
child is not ready to enroll in kindergarten due to the child's age or other factors. However, regardless of this recommendation, the parent or legal guardian retains the sole discretion to determine whether or not to enroll the child in kindergarten under this subsection.

(4) The ages prescribed in this section for a child's eligibility for enrollment in a public school also apply to a child's eligibility to enroll in a public school academy.

(5) If a public school enrolls any children in kindergarten for a school year under subsection (3), the public school shall notify the department of the number of those children enrolled by not later than December 31 of that school year.

(6) This section does not require a school district to operate a public school directly on its own.

(7) This section does not apply to a school district that does not operate a public school directly but retains a limited separate identity for purposes of section 12, 12b, 863, 903, or 947.

(8) This section does not require a school district or public school academy that does not otherwise provide kindergarten to provide kindergarten.

Sec. 1561. (1) For a child residing in this state who is at least age 5, the child's parent, legal guardian, or other person in this state having control and charge of the child shall send that child to a public school during the entire school year as provided in subsection (2). Except as otherwise provided in this section, for a child who turned age 11 before December 1, 2009 or who entered grade 6 before 2009, the child's parent, legal guardian, or other person in this state having control and charge of the child shall send that child to a public school during the entire school
year from the age of 6 to until the child's sixteenth birthday.

Except as otherwise provided in this section, for a child who turns age 11 on or after December 1, 2009 or a child who was age 11 before that date and enters grade 6 in 2009 or later, the child's parent, legal guardian, or other person in this state having control and charge of the child shall send the child to a public school during the entire school year from the age of 6 to until the child's eighteenth birthday. The child's attendance shall must be continuous and consecutive for the school year fixed by the school district in which the child is enrolled. In a school district that maintains school during the entire calendar year and in which the school year is divided into quarters, a child is not required to attend the public school more than 3 quarters in 1 calendar year, but a child shall not be absent for 2 or more consecutive quarters.

(2) A child becoming 5 years of age on or before December September 1 shall be enrolled on the first school day of the school year that begins in the calendar year in which the child's sixth fifth birthday occurs, and a child becoming 5 years of age on or after December September 1 shall be enrolled on the first school day of the school year following the school year that begins in the calendar year in which the child's sixth fifth birthday occurs.

(3) A child is not required to attend a public school in any of the following cases:

(a) The child is attending regularly and is being taught in a state approved nonpublic school, which teaches subjects comparable to those taught in the public schools to children of corresponding age and grade, as determined by the course of study for the public schools of the district within which the nonpublic school is located.
(b) The child is less than 9 years of age and does not reside within 2-1/2 miles by the nearest traveled road of a public school. If transportation is furnished for pupils in the school district of the child's residence, this subdivision does not apply.

(c) The child is age 12 or 13 and is in attendance at confirmation classes conducted for a period of 5 months or less.

(d) The child is regularly enrolled in a public school while in attendance at religious instruction classes for not more than 2 class hours per week, off public school property during public school hours, upon written request of the parent, legal guardian, or person in loco parentis.

(e) The child has graduated from high school or has fulfilled all requirements for high school graduation.

(f) The child is being educated at the child's home by his or her parent or legal guardian in an organized educational program in the subject areas of reading, spelling, mathematics, science, history, civics, literature, writing, and English grammar.

(4) For a child being educated at the child's home by his or her parent or legal guardian, exemption from the requirement to attend public school may exist under either subsection (3)(a) or (3)(f), or both.

(5) For a child who turns age 11 on or after December 1, 2009 or who was age 11 before that date and enters grade 6 in 2009 or later, this section does not apply to the child if the child is at least age 16 and the child's parent or legal guardian has provided to school officials of the school district in which the child resides a written notice that the child has the permission of the parent or legal guardian to stop attending school.
