25 keep the cemetery open to the public without charge for as long as  
26 parcel B is used as a cemetery. Parcel A must be conveyed subject

28 provide effective access for ingress and egress over parcel A to  
29 parcel B, as described by the 30-foot easement for ingress and

4 easement is relocated, the then-current owner of parcel A shall  
5 grant and duly record a grant of easement benefitting parcel B to  
6 that effect. This subsection does not, and must not be construed  
7 to, preclude the buyer or any subsequent owners from operating the

10 public conduct and safety, for site maintenance, for security, and  
11 to ensure the dignity and repose of the deceased persons interred  
12 there.

13 (b) Deposit the net revenue received by this state or the  
14 state land bank authority from the conveyance of property under  
15 this section into the land bank fast track fund created in section

17 (8) The department of corrections remains responsible for all

19 good order and in compliance with all applicable state laws and  
20 local ordinances until the time of transfer under this part.

21 (9) This state reserves all aboriginal antiquities, including  
22 mounds, earthworks, forts, burial and village sites, mines, or  
23 other relics lying on, within, or under the property conveyed under  
24 this part with power to this state and all others acting under its  
25 authority to enter the property for any purpose related to  
26 exploring, excavating, and taking away the aboriginal antiquities.

27 (10) This state shall not reserve oil, gas, or mineral rights  
28 to the property conveyed under this part. However, a conveyance  
29 authorized under this part must provide that, if the purchaser or

1 any grantee develops any oil, gas, or minerals found on, within, or  
2 under the conveyed property, the purchaser or any grantee must pay  
3 this state 1/2 of the gross revenue generated from the development  
4 of the oil, gas, or minerals. This payment must be deposited in the  
5 general fund.

6 (11) If property conveyed under this part was used by this  
7 state as a historical monument, memorial, public park, burial  
8 grounds, or protected wildlife habitat area, it must be maintained  
9 and protected for that purpose in perpetuity in accordance with  
10 applicable law.

11 (12) If property conveyed under this part is used for any  
12 purpose that is inconsistent with any restrictions required under  
13 this part as applicable, this state may reenter and repossess the  
14 property, terminating the grantee's or successor's estate in the  
15 property. If this state reenters and repossesses property under  
16 this subsection, this state is not liable to reimburse any person  
17 for any improvements made on the property or to compensate any  
18 person for any part of an unfulfilled contract or license issued to  
19 provide goods or services on or for the property.

20 (13) On request by the department of technology, management,  
21 and budget, the department of attorney general shall approve as to  
22 legal form the affidavit of jurisdictional transfer authorized by  
23 this part in recordable form.

24 (14) The department of technology, management, and budget may  
25 require the state land bank authority to record the instrument of  
26 jurisdictional transfer with the applicable register of deeds and  
27 provide the department of technology, management, and budget with a  
28 complete and faithful copy of the recorded instrument as a  
29 condition of closing.

## PART 2 - KENT COUNTY

1  
2       Sec. 21. Before 2 years after the effective date of this act,  
3 the state administrative board, on behalf of this state, may convey  
4 to Kent County, for not less than fair market value as determined  
5 under section 23, or for less than fair market value subject to the  
6 restrictions under section 25, all or any portion of property now  
7 under the jurisdiction of the department of state police and  
8 located in the township of Grand Rapids in Kent County, described  
9 as:

10       All that part of the West 1/2 of the Southeast 1/4, Section  
11 20, Town 7 North, Range 11 West, Grand Rapids Township, now City of  
12 Grand Rapids, Kent County, Michigan, more particularly described  
13 as: Commencing South 1° 30' West 1030.85 feet and South 87° 55'  
14 East 40.0 feet from the center of said Section 20, thence North 1°  
15 30' East along the East line of Fuller Avenue 175.0 feet; thence  
16 North 54° 05' East 305.0 feet; thence South 87° 09' East 240.0  
17 feet; thence South 1° 7' West 360.0 feet; thence North 87° 55' West  
18 485.0 feet to the Point of Beginning, containing 3.49 acres of  
19 land, more or less.

20       Sec. 22. The description of the property in section 21 is  
21 approximate and for purposes of the conveyance is subject to  
22 adjustments as the state administrative board or the attorney  
23 general considers necessary by survey or other legal description.

24       Sec. 23. The fair market value of the property described in  
25 this part must be determined by an appraisal based on the  
26 property's highest and best use, as prepared by an independent fee  
27 appraiser.

28       Sec. 24. If Kent County fails to purchase the property  
29 described in section 21 within 2 years after the effective date of

1 this act, the department of technology, management, and budget may  
2 take the necessary steps to convey the property to another  
3 purchaser using any of the following methods:

4 (a) Competitive bidding designed to realize the best value to  
5 this state, as determined by the department of technology,  
6 management, and budget.

7 (b) A public auction designed to realize the best value to  
8 this state, as determined by the department of technology,  
9 management, and budget.

10 (c) Use of real estate brokerage services designed to realize  
11 the best value to this state, as determined by the department of  
12 technology, management, and budget.

13 (d) A value for value conveyance negotiated by the department  
14 of technology, management, and budget designed to realize the best  
15 value to this state. In determining whether value for value  
16 consideration for the property represents the best value, the  
17 department may consider the fair market value, or the total value  
18 based on any positive economic impact to this state likely to be  
19 generated by the proposed use of the property, especially economic  
20 impact resulting in the creation of jobs or increased capital  
21 investment in this state.

22 (e) Offering the property for sale for fair market value to a  
23 local unit or units of government.

24 (f) Offering the property for sale for less than fair market  
25 value to a local unit or units of government subject to the terms  
26 set forth in section 25.

27 (g) Transferring jurisdiction of the property to the state  
28 land bank authority created under section 15 of the land bank fast  
29 track act, 2003 PA 258, MCL 124.765, and renamed under Executive

1 Reorganization Order No. 2019-3, MCL 125.1998. If the property is  
2 transferred under this subdivision, the state land bank authority  
3 is responsible after the transfer for the proper care, maintenance,  
4 and security of the property.

5       Sec. 25. Any conveyance of the property described in this part  
6 for less than fair market value must provide for all of the  
7 following:

8       (a) The property must be used exclusively for public purposes  
9 and if any fee, term, or condition for the use of the property is  
10 imposed on members of the public, or if any of those fees, terms,  
11 or conditions are waived for use of the property, all members of  
12 the public must be subject to the same fees, terms, conditions, and  
13 waivers. On termination of the property's exclusive use for public  
14 purposes, this state may reenter and repossess the property,  
15 terminating the grantee's estate in the property.

16       (b) If the grantee or successor disputes this state's exercise  
17 of its right of reentry and fails to promptly deliver possession of  
18 the property to this state, the attorney general, on behalf of this  
19 state, may bring an action to quiet title to, and regain possession  
20 of, the property.

21       (c) If this state reenters and repossesses the property, the  
22 state is not liable to reimburse any party for any improvements  
23 made on the property.

24       (d) The local unit of government shall reimburse this state  
25 for requested costs necessary to prepare the property for  
26 conveyance.

27       (e) If the local unit of government intends to convey the  
28 property within 30 years after the conveyance from this state, the  
29 local unit shall provide notice to the department of technology,

1 management, and budget of its intent to offer the property for  
2 sale. The department of technology, management, and budget shall  
3 retain a right to first purchase of the property at the original  
4 sale price within 180 days after the notice. If this state waives  
5 its first refusal right, the local unit of government shall pay to  
6 this state 100% of the difference between the sale price of the  
7 conveyance from this state and the sale price of the local unit's  
8 subsequent sale to a third party.

9       Sec. 26. A conveyance or jurisdictional transfer of the  
10 property described in this part must include all surplus, salvage,  
11 and scrap property or equipment remaining on the property on the  
12 date of the conveyance or jurisdictional transfer.

13       Sec. 27. Any conveyance authorized by this part must be by  
14 quitclaim deed, or in the case of transfer to the state land bank  
15 authority, by affidavit of jurisdictional transfer as approved by  
16 the department of attorney general.

17       Sec. 28. This state shall not reserve oil, gas, or mineral  
18 rights to the property conveyed under this part. However, a  
19 conveyance authorized under this part must provide that, if the  
20 purchaser or any grantee develops any oil, gas, or minerals found  
21 on, within, or under the conveyed property, the purchaser or any  
22 grantee shall pay this state 1/2 of the gross revenue generated  
23 from the development of the oil, gas, or minerals. This payment  
24 must be deposited in the general fund of this state.

25       Sec. 29. This state reserves all aboriginal antiquities  
26 including mounds, earthworks, forts, burial and village sites,  
27 mines, or other relics lying on, within, or under the property with  
28 power to this state and all others acting under its authority to  
29 enter the property for any purpose related to exploring,

1 excavating, and taking away the aboriginal antiquities.

2       Sec. 30. The net revenue received from the sale of property  
3 under this part must be deposited in the state treasury and  
4 credited to the general fund. As used in this section, "net  
5 revenue" means the proceeds from the sale of the property less  
6 reimbursement for any costs associated with the sale of the  
7 property, including, but not limited to, administrative costs,  
8 including employee wages, salaries, and benefits; costs of reports  
9 and studies and other materials necessary to the preparation of  
10 sale; environmental remediation; legal fees; and any litigation  
11 related to the conveyance of the property.
