Title of proposed rule set:

Barbers - General Rules

3. Purpose for the proposed rules and background:

The current rules pertain to sanitation requirements, patron protection, barber college requirements, and barber college curriculum.

The rules will be amended to provide for rules to comply with MCL 339.1110, effective May 4, 2020, which permits a barber college to accept hours of instruction completed at a state school of cosmetology to be substituted for required courses in a barber college program, if they are substantially similar.

All rules will be reviewed and may be revised for clarity or to provide up-to-date information and requirements.

4. Summary of proposed rules:

Agency Report to JCAR-Page 2

The proposed revisions to the rules add definitions for terms used in the rule set and add the requirements for licensure by endorsement and relicensure; establish the criteria to be used by a barber college to determine whether instruction completed at a Michigan-licensed cosmetology school is substantially similar instruction to course work required in a barber student’s program of instruction; and require the school to notify the department of the substantially similar hours the student was permitted to substitute in the student’s barber college curriculum. Revisions were also made to the barber training curriculum for clarity.
