The Department of Licensing and Regulatory Affairs will hold a public hearing to receive public comments on proposed changes to the Barbers - General Rules rule set.

The proposed revisions to the rules add definitions for terms used in the rule set and add the requirements for licensure by endorsement and relicensure; establish the criteria to be used by a barber college to determine whether instruction completed at a Michigan-licensed cosmetology school is substantially similar instruction to course work required in a barber student's program of instruction; and require the school to notify the department of the substantially similar hours the student was permitted to substitute in the student's barber college curriculum. Revisions were also made to the barber training curriculum for clarity.
