<u>TRANS. NO.</u>	<u>AGENCY</u>	<u>SUBJECT</u>
25-38	Department of Health and Human Services – Public Health Administration	Body Art Facilities

FISCAL IMPACT:

The proposed rules would have no fiscal impact on the Department of Health and Human Services or local units of government. The Department indicated that a “Requirements for Body Art Facilities” guide was created after the enactment of legislation in 2010 that required body art facilities to be licensed by the State. The proposed rules would codify the requirements and would therefore not change current practice. Costs incurred by the Department and local health departments related to staffing and the infrastructure to perform oversight of body art facilities are covered by the licensure fees paid by body art facility owners.
