BACKGROUND AND SUMMARY OF PROPOSED RULES

Rule Set 2024-060 LR would make numerous amendments and rescissions to the rules pertaining to the sanitarian profession. The changes would accomplish the following:

- Adopt by reference the 2024 edition of the National Environmental Health Science and Protection Accreditation Council (EHAC) standards for environmental health baccalaureate programs.
- Adopt by reference the 2025 edition of the EHAC standards for environmental health graduate programs.
- Raise the fee for copies of standards adopted by reference from \$0.10 per page to \$0.25 per page.
- Remove language deemed to be unnecessary.
- Increase the period during which applicants can pass the examination to qualify for re-registration from two years to three years.
- Clarify renewal requirements.

FISCAL IMPACT OF PROPOSED RULES

Rule Set 2024-060 LR is not anticipated to affect the expenditures or revenues of any state or local units of government. Any fiscal impact from the fee increase related to copies of standards adopted by reference would likely be minimal, and thus would not have any appreciable impact on revenue for the Department of Licensing and Regulatory Affairs.
