<u>TRANS. NO.</u>	<u>AGENCY</u>	<u>SUBJECT</u>
21-37	Department of Environment, Great Lakes, and Energy Air Quality Division	Air Pollution Control Part 9. Emission Limitations and Prohibitions- Miscellaneous

**FISCAL IMPACT:** The Department of Environment, Great Lakes, and Energy (EGLE) has amended two rules: Rule 902 (R 336.1902) and Rule 974 (R 336.1974). The amendments originated from the Air Quality Division (AQD) within EGLE. Both rules are currently required by federal law, under the Clean Air Act. The Department publicized the amended rules and notice of the public hearing in compliance with requirements. No written comments either in favor or against were submitted to the AQD and no one attended the public meeting held on March 31, 2021. The final report was completed on July 9, 2021. Neither of the amended rules exceed the current requirements set by federal standards. As such, the rule changes will have no fiscal impact on the Department or local units of government.
