<u>TRANS. NO.</u>	<u>AGENCY</u>	<u>SUBJECT</u>
23-36	Department of Licensing and Regulatory Affairs - Public Service Commission	Interconnection and Distributed Generation Standards

FISCAL IMPACT: The proposed rules would have a moderate negative fiscal impact on the department. The implementation would require additional staff and overhead costs to review, approve, reject, or modify proposed interconnection procedures. There is a potential for savings over time as the proposed rules are expected to streamline processes and minimize uncertainty for electric utilities and interconnection applicants.
