MOAHR-Rules@michigan.gov

**AGENCY REPORT TO THE
JOINT COMMITTEE ON ADMINISTRATIVE RULES (JCAR)**

1. Agency Information

Agency name:

Health and Human Services

Division/Bureau/Office:

Public Health Administration

Name of person completing this form:

Talisa Gauthier

Phone number of person completing this form:

517-241-0048

E-mail of person completing this form:

gauthiert1@michigan.gov

Name of Department Regulatory Affairs Officer reviewing this form:

Mary Brennan

2. Rule Set Information

MOAHR assigned rule set number:

2022-61 HS

Title of proposed rule set:

Statewide ST-Elevation Myocardial Infarction (STEMI) System

3. Purpose for the proposed rules and background:

The proposed rules describe the structure, organization, and components of the STEMI system and how that will integrate into the existing trauma system. The rules outline the responsibilities of the department and the participants in the system and describe the process of STEMI program verification and designation; triage and transport and transfer; system evaluation; data collection; STEMI registry establishment; and STEMI performance improvement. The proposed rules will provide structure, clarity, and detail to operationalize the existing boilerplate language that briefly outlines the system. The rules represent a stakeholder supported approach to system development that is practical, needed, and designed to optimize quality care and positive outcomes for Michigan residents who have had a STEMI. Outside of this rule set, there is not an organized effort in the state to ensure that those encountering a time intensive event like a STEMI get to the right resource in the right amount of time to salvage as much heart tissue as possible.

4. Summary of proposed rules:

Agency Report to JCAR-Page 2

The general purpose of the Statewide Stroke System rules describe the process of stroke program verification and designation; triage and transport and transfer; system evaluation; data collection; stroke registry establishment; and stroke performance improvement. The requested rules will provide structure, clarity, and detail to operationalize the existing boilerplate language that briefly outlines the system. They represent a stakeholder supported approach to system development that is practical, needed and designed to optimize quality care and positive outcomes for Michigan residents who have had a stroke.

5. List names of newspapers in which the notice of public hearing was published and publication dates:

Oakland Press, July 14, 2023.
Battle Creek Enquirer, July 19, 2023.
Marquette Mining Journal, July 19, 2023.

6. Date of publication of rules and notice of public hearing in Michigan Register:

8/15/2023

7. Date, time, and location of public hearing:

8/22/2023 01:00 PM at JAR Conference Room , 1001 Terminal Road, Lansing, MI 48909

8. Provide the link the agency used to post the regulatory impact statement and cost-benefit analysis on its website:

<https://ARS.apps.lara.state.mi.us/Transaction/RFRTransaction?TransactionID=1420>

9. List of the name and title of agency representative(s) who attended the public hearing:

Mary E Brennan, Regulatory Affairs Officer for MDHHS.
Emily Berquist, State Division Administrator, Systems of Care - Stroke and STEMI.
Eileen Worden, Section Manager, Systems of Care - Stroke and STEMI.
Aaron Brown; Systems of Care Coordinator.
Katelyn Schlable, Department Manager, Systems of Care - Stroke and STEMI.

10. Persons submitting comments of support:

None.

11. Persons submitting comments of opposition:

None.

12. Persons submitting other comments:

Agency Report to JCAR-Page 3

Dr. Abed Asfour, Corewell Health.

Karen Hartman, President & CEO, Corazon, Inc.

13. Identify any changes made to the proposed rules based on comments received during the public comment period:

Agency Report to JCAR-Page 4

	Name & Organization	Comments made at public hearing	Written Comments	Agency Rationale for Rule Change and Description of Change(s) Made	Rule number & citation changed
1	Alex Bou Chebl, MD, FSVIN Director, Harris Comprehensive Stroke Center Director, Division Vascular Neurology Chair, System Stroke Council Henry Ford Health		In both rules, there does not appear to be a Rule 4. We request clarification whether this is due to a missing section or simply a numbering error.	Numbering error. This will be corrected in the final rule set.	R 330.204

Agency Report to JCAR-Page 5

2	Dr. Natalie L. Baggio SVP, Patient Care Services Corewell Health South Joshua Kooistra Chief Medical Officer Corewell Health West		Corewell Health appreciates the Bureau of Emergency Preparedness, EMS, and Systems of Care's efforts to offer broad language related to approved accrediting bodies. We also understand that no final decisions have been made related to the accrediting bodies. However, we believe that the Corazon accreditation should be recognized as a valid and valuable alternative, for facilities without on-site Open-Heart Surgery (OHS) services.	DHHS has changed these rules to the following language: 206(4)(a): ...or a Corazon PCI/Catheterization program[.] and 206(4)(b) : or a Corazon chest pain center[.]	Accrediting Bodies Language - R 330.206 Rule 6(4)(a); R 330.206 Rule 6(4)(b).
