<u>TRANS. NO.</u>	<u>AGENCY</u>	<u>SUBJECT</u>
25-02	Department of Environment, Great Lakes, and Energy Materials Management Division	Hazardous Waste Management

**FISCAL IMPACT:** The proposed rules would likely have both positive and negative fiscal impacts on the Department. These impacts are expected to be minor and are likely to have offsetting effects. The rules would include additional options for recalled airbags which may result in a decrease in waste handler fees. Identifying hazardous waste pharmaceuticals as separate from universal waste may result in increased handler fees. In all, the rules are expected to yield minimal fiscal impacts.
