Rep. Philip J. LaJoy, from the 21st District, offered the following invocation:

“Let us pray: Good and gracious God, we lift up our praises to You and thank You for bringing us together today.

We pray for harmony in our community, in our state, in our country, and around the world. We pray that You may grant wisdom, courage, and insight to the leaders of our nation and state as we work towards Your will.

As we come together, let us show our respect for one another and treat one another as You have taught us. Lord, let our mission be to serve You.

Also Lord, let us remember those who serve in our Armed Forces and those who have sacrificed their lives for us. May we never forget the cost of freedom. Let us pray that any sacrifice truly leads to a more peaceful world.

As we assemble today, we look forward to doing Your work and through that, the work of the people. Bless each of us with Your never ending love and grace. In Your precious name we pray. Amen.”

Pursuant to Joint Rule 20, the full title of the act shall be inserted to read as follows:

“An act to protect the environment and natural resources of the state; to codify, revise, consolidate, and classify laws relating to the environment and natural resources of the state; to regulate the discharge of certain substances into the environment; to regulate the use of certain lands, waters, and other natural resources of the state; to prescribe the

powers and duties of certain state and local agencies and officials; to provide for certain charges, fees, and assessments; to provide certain appropriations; to prescribe penalties and provide remedies; to repeal certain parts of this act on a specific date; and to repeal certain acts and parts of acts,”

The House agreed to the full title.

Rep. Hildenbrand moved that the bill be given immediate effect.

The motion prevailed, 2/3 of the members serving voting therefor.

Rep. Sheen, under Rule 33, made the following statement:

“Mr. Speaker and members of the House:

I was absent from the Chamber when the vote was taken on Roll Call No. 160. Had I been present, I would have voted ‘yea’.”

Rep. Bieda, having reserved the right to explain his protest against the passage of the bill, made the following statement:

“Mr. Speaker and members of the House:

While there is much merit in Senate Bill 226, I voted ‘no’ because the bill failed to include members of the environmental community in the formal discussion of how the laws, rules, and policies administered by the by the DEQ affect agricultural communities and agricultural producers. I also believe that the bill should have also included a directive that the Agricultural and Rural Communities Roundtable assess how concentrated animal feeding operations affect the quality of life, property values, and the environment, including but not limited to water quality, in agricultural communities. Since the bill did not include these very important concerns, I voted no on SB 226.”

Rep. Kathleen Law, having reserved the right to explain her protest against the passage of the bill, made the following statement:

“Mr. Speaker and members of the House:

I voted No on Senate Bill 226 which would add Part 23 (Agriculture and the Environment) of the Natural Resources and Environmental Protection Act. It requires the Department of Environmental Quality (DEQ) to convene an agriculture and rural communities roundtable to discuss how the laws, rules, and policies administered by the DEQ and the Michigan Department of Agriculture (MDA) affect farmers, food processors, agribusiness, rural counties, and cities, villages, and townships in rural counties (counties with a population under 70,000). It would be beneficial to have the DEQ meet with farmers and agribusiness representatives to discuss how their regulations are adversely impacting agriculture, the county population threshold of 70,000 excludes Wayne County and the 17 Million dollar industry represented by our farmers. Wayne County is #2 in the production of domestic ducks in the State and inclusion in a DEQ Agricultural roundtable rather than exclusion from participation is preferred.”

Rep. Hood, having reserved the right to explain his protest against the passage of the bill, made the following statement:

“Mr. Speaker and members of the House:

I voted no on SB 226 because this bill is just one more attack on the DEQ. It is interesting to note that this bill comes soon after the implementation of a comprehensive set of administrative rules that regulate the storage and disposal of manure on large factory farms and prohibits manure from running into rivers and streams. If such a discussion is going to take place then the environmental community should also be involved.

Furthermore, the bill is far too limited in scope by defining rural counties as those having a population of 70,000 or less. The bill advocates a discussion of the laws, rules, and policies administered by the DEQ that affect farmers, food processors, and agribusiness. Agriculture has a significant presence in every county in Michigan. This restriction eliminates nearly half of Michigan counties from this discussion. Supporters of the bill have not been able to provide a rational argument for this arbitrary number.”

Rep. Waters, having reserved the right to explain her protest against the passage of the bill, made the following statement:
 “Mr. Speaker and members of the House:

I voted no on SB 226 because this bill is just one more attack on the DEQ. It is interesting to note that this bill comes soon after the implementation of a comprehensive set of administrative rules that regulate the storage and disposal of manure on large factory farms and prohibits manure from running into rivers and streams. Rep. Cushingberry entered the House Chambers.

Reps. Moore, Accavitti, Acciavatti, Adamini, Anderson, Ball, Booher, Brandenburg, Brown, Byrnes, Clemente, Espinoza, Farhat, Farrah, Garfield, Gillard, Gleason, Gonzales, Gosselin, Hoppgood, Hunter, Jones, Kolb, Lemmons, III, Lemmons, Jr., Mayes, Meisner, Meyer, Miller, Mortimer, Palsrok, Pearce, Phillips, Plakas, Polidori, Proos, Sak, Shaffer, Stakoe, Stewart, Taub, Tobocman, Vagnozzi, Vander Veen, Kooiman and Zelenko offered the following resolution:

House Resolution No. 81.

A resolution designating June 25, 2005, as Tuberous Sclerosis Awareness Day in the state of Michigan.

Whereas, It is important to increase awareness of Tuberous Sclerosis Complex (TSC) and support programs to increase research and improve treatment of Tuberous Sclerosis. It is also vital to improve training and support for individuals with Tuberous Sclerosis and those who care for individuals with Tuberous Sclerosis; and

Whereas, The Tuberous Sclerosis Alliance is the only national voluntary health organization dedicated to finding a cure for TSC and improving the lives of those affected through research, support, and education; and

Whereas, TSC affects an estimated 1 in very 6,000 live births in America; and

Whereas, TSC affects some people severely, while others are so mildly affected that it often goes undiagnosed; and

Whereas, People with TSC often develop epilepsy and autism. In fact, TSC is the leading known genetic cause of epilepsy and autism. Many other individuals encounter behavioral and learning problems. Despite this, many professionals in the medical and educational fields are still unaware of the best methods to diagnose and treat TSC; and

Whereas, The Tuberous Sclerosis Alliance of Michigan is hosting an opportunity to create awareness of Tuberous Sclerosis and raise funds for research programs and services titled "Step Forward to Cure Tuberous Sclerosis" on June 25, 2005; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body designate June 25, 2005, as Tuberous Sclerosis Awareness Day in the state of Michigan. We recognize and commend the families and individuals affected by TSC for their sacrifice and dedication in dealing with this devastating condition. We commend them for providing the special needs of both children and adults with TSC and for absorbing significant financial costs for treatment and support services; and be it further

Resolved, We stress the need to begin early intervention services soon after a child has been diagnosed with TSC. Early intervention strategies are the primary therapeutic options for young people with TSC, and early intervention significantly improves outcomes for people with TSC. Early intervention can reduce the level of funding and services needed later in life.

Pending the reference of the resolution to a committee,

Rep. Ward moved that Rule 77 be suspended and the resolution be considered at this time.

The motion prevailed, 3/5 of the members present voting therefor.

The question being on the adoption of the resolution,

The resolution was adopted.

Reps. Caswell, Ball, Hune, Hildenbrand, Mortimer, Newell, Huizenga, Kahn, LaJoy, Sheen, Robertson, Brandenburg, Hoogendyk, Wenke, Hansen, Vander Veen, Sheltroun, Leland, Farhat, Accavitti, Acciavatti, Byrnes, Clemente, Espinoza, Garfield, Gillard, Gosselin, Jones, Lemmons, III, Lemmons, Jr., Meyer, Miller, Palsrok, Pearce, Proos, Shaffer, Stakoe, Stewart, Taub, Tobocman and Zelenko offered the following resolution:

House Resolution No. 82.

A resolution to express support for the Republic of China on Taiwan's participation in the World Health Organization and the World Health Assembly.

Whereas, The preservation of good health is essential to all citizens of the world, and access to quality health programs is a necessity for this to occur; and

Whereas, The Republic of China on Taiwan was a founding member of the World Health Organization (WHO), and it has continued to express a willingness to assist, financially and technically, international health programs supported by the WHO; and

Whereas, The Republic of China on Taiwan has a population larger than 75 percent of WHO member countries, is a vibrant democracy, and is an economic presence that has continued to play an important role in the international arena, as seen through the collaboration of the United States Centers for Disease Control and Prevention and its Taiwanese counterpart; and

Whereas, The World Health Assembly (WHA) has allowed observers to participate in the activities of this organization in the past; now, therefore, be it

Resolved by the House Representatives, That we express support for the Republic of China on Taiwan's meaningful and appropriate participation in the World Health Organization and the World Health Assembly; and be it further

Resolved, That copies of this resolution be transmitted to Thomas Cheng, Director General of the Taipei Economic and Cultural Office in Chicago, and the World Health Organization.

The resolution was referred to the Committee on Government Operations.

Reps. Gillard, Accavitti, Acciavatti, Adamini, Anderson, Ball, Brandenburg, Brown, Byrnes, Byrum, Clack, Clemente, Espinoza, Farrah, Garfield, Gleason, Gonzales, Hood, Hopgood, Hunter, Jones, Kehrl, Kolb, Kathleen Law, Leland, Lemmons, III, Lemmons, Jr., Mayes, Meisner, Miller, Mortimer, Palsrok, Pearce, Phillips, Plakas, Polidori, Proos, Rocca, Sak, Sheltrown, Stakoe, Stewart, Tobocman, Vagnozzi, Wojno, Kooiman and Zelenko offered the following resolution:

House Resolution No. 83.

A resolution commemorating June 4-12, 2005, as Aquatic Invasive Species Awareness Week in the state of Michigan.

Whereas, Michigan and its economy are defined by the Great Lakes and depend on their great abundance of freshwater for manufacturing, tourism, fishing, public water supplies, agriculture, and numerous other uses; and

Whereas, Preventing the introduction and spread of aquatic invasive species ultimately benefits the state of Michigan. Stopping the introduction and spread of these species would reduce the need of Michigan's business, industry, and citizens to employ costly methods to control and manage them; and

Whereas, Over 160 non-indigenous aquatic invasive species have been introduced to the Great Lakes. Many of these are displacing native species, disrupting habitats, and degrading natural, managed and agricultural landscapes. They also damage water-based infrastructure. This damage results in millions of dollars for control efforts each year; and

Whereas, Michigan has over 1 million registered boaters. Michigan also has many other recreational, commercial, and industrial users of its over 11,000 lakes and ponds and over 36,000 miles of streams. Many of these users are impacted by aquatic invasive species; and

Whereas, Aquatic invasive species awareness is an important first step towards behavior change, which prevents the introduction and spread of aquatic invasive species; and

Whereas, The introduction and spread of aquatic invasive species must be addressed by all levels of government, business, industry, environmental groups, community organizations, and citizens to protect Michigan and the Great Lakes from the irreversible damage caused by aquatic invasive species; now, therefore be it

Resolved by the House of Representatives, That the members of this legislative body commemorate June 4-12, 2005, as Aquatic Invasive Species Awareness Week in the state of Michigan; and be it further

Resolved, That all citizens must increase their understanding and awareness of aquatic invasive species and their ecological and economic impacts. They should take preventative measures to stop the spread and introduction of aquatic invasive species; and be it further

Resolved, That a copy of this resolution be transmitted to the Michigan Department of Environmental Quality, Michigan Department of Agriculture, Michigan Department of Natural Resources, Michigan Department of Transportation, Office of the Great Lakes, Great Lakes Fishery Commission, Council of Great Lakes Governors, Michigan congressional delegation, and the Great Lakes Commission.

Pending the reference of the resolution to a committee,

A resolution to express the deep concern of the Michigan House of Representatives about the lack of free speech and human rights in the People's Republic of China.

Whereas, The state of Michigan recognizes the importance of freedom of speech and the open exchange of information. Our people have enshrined these convictions in Article I, Section 5 of the *Constitution of the State of Michigan of 1963*, by declaring that freedom of speech and freedom of the press are basic rights. Other sections of Article I express our strongly held beliefs in human rights and freedom for our people, including freedom of religion. The people of Michigan value the free flow of information as a protector of our liberty and recognize that human rights depend on freedom. For people living under oppressive and violent regimes, freedom of speech is especially important to nurture human rights; and

Whereas, The communist government of the People's Republic of China has a history of human rights abuses, including the brutal ongoing persecution of the peaceful practice of Falun Gong. Established churches have been forced underground, and priests and ministers risk arrest and imprisonment for practicing their faith outside of state-supervised churches. The state-run media of China has complete control of the broadcast and print media, allowing the state to suppress information and disseminate propaganda. Heavily slanted information about the September 11 attacks, the SARS outbreak, and persecution of dissidents stymies the development of human rights. This media monopoly extends the reach of the government to ethnic Chinese communities around the world that lack alternative views about China; and

Whereas, In order to help foster respect for human rights, democratic principles, and freedom of belief, the people of China and ethnic Chinese communities around the world need Chinese-language alternatives to the state propaganda engineered in Beijing. New Tang Dynasty Television (NTDTV) was established in July 2003 in New York as a Chinese-language news and information satellite broadcasting channel. As a forum for ideas of freedom and human rights independent of the government of the People's Republic of China, the station attracted the ire of the communist Chinese government. The Chinese government worked to prevent the development of this station, including interference in local NTDTV coverage in Michigan. This pressure resulted in the decision by the French satellite company, Eutelsat, to drop NTDTV transmissions to China by April 15, 2005, contradicting the company's commitment to pluralism, non-discrimination, and the free flow of ideas. The general secretary of the International Federation of Journalists calls this suppression of NTDTV a shocking act of censorship; and

Whereas, Our recognition of the value of freedom of speech, respect for human rights, and freedom of religion makes the actions of the Chinese government an affront to our deeply held convictions. Freedom and liberty require the protection offered by the free exchange of ideas. Our government should strenuously object to the censorship by the People's Republic of China that has driven NTDTV from the air, and work to place this valuable alternative voice back in operation; now, therefore, be it

Resolved by the House of Representatives, That we express the deep concern of the Michigan House of Representatives about the lack of free speech and human rights in the People's Republic of China; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, the members of the Michigan congressional delegation, the United States Secretary of State, and the ambassador of the People's Republic of China to the United States.

The resolution was referred to the Committee on Government Operations.
