Rev. Nathan Dannison, Senior Minister of Kalamazoo First Congregational Church, UCC in Kalamazoo, offered the following invocation:

“Holy and Eternal God,

Your name we lift before all other names. You are the architect of creation, the spirit of new life, and the savior of all people.

Be present in these proceedings, and give to all those gathered here holy wisdom, that they might do first Your will in the world for the sake of Your kingdom of peace and justice.

Continue to weave our lives together into a single garment of destiny.

Loving God, our state is beset with grave challenges. The voices crying out from the margins are unheard. Your good creation is groaning beneath the weight of our human avarice. We have elected these people, Lord, because we believe their hearts are good, their vision noble, and their desires just. Empower them to bring us into a time of common good for the sake of all people.

For they cannot do it without Your help. Remind them that small decisions often have great consequences. Give them the courage to lead on behalf of our beloved state of Michigan. You made her beautiful, Lord, now make her strong.

These prayers we lift to You in Your Holy name,
Amen.”

Motions and Resolutions

Reps. Rutledge, Irwin, Phelps, Durhal, Guerra, Chirkun, Liberati, Byrd, Hovey-Wright, Geiss, Singh, Moss and Sarah Roberts offered the following resolution:

House Resolution No. 57.

A resolution to declare April 17, 2015, as a Day of Silence in the state of Michigan.

Whereas, the National Day of Silence is a day in which students take a vow of silence to bring attention to the anti-lesbian, gay, bisexual, and transgender name-calling, bullying, and harassment faced by individuals in schools; and

Whereas, The Gay, Lesbian and Straight Education Network designates the third Friday of every April as the National Day of Silence; and

Whereas, Hundreds of thousands of students at more than 8,000 schools have participated in the National Day of Silence in past years; and

Whereas, The Gay, Lesbian and Straight Education Network’s 2013 National School Climate Survey illustrates the pervasive harassment and victimization faced by lesbian, gay, bisexual, and transgender students by documenting their experiences within the preceding academic year; and

Whereas, Nearly 75 percent of lesbian, gay, bisexual, and transgender students reported being verbally harassed by their peers at school because of their sexual orientation and more than 55 percent because of their gender expression; and

Whereas, Over 36 percent of lesbian, gay, bisexual, and transgender students reported being physically harassed by their peers at school because of their sexual orientation and over 20 percent because of their gender expression; and

Whereas, Over 15 percent of lesbian, gay, bisexual, and transgender students reported being physically assaulted by their peers at school because of their sexual orientation and more than 10 percent because of their gender expression; and

Whereas, Nearly 60 percent of lesbian, gay, bisexual, and transgender students reported that they felt unsafe in school and nearly 30 percent reported missing at least one entire school day in the preceding month because of safety concerns; and

Whereas, Transgender students were more likely than all other students to report feeling unsafe at school because of their gender expression; and

Whereas, According to the National Transgender Discrimination Survey, those who expressed a transgender identity or gender nonconformity while in grades K through 12 reported alarming rates of harassment, physical assault, and sexual violence so severe that almost 15 percent of those surveyed had to leave school; and

Whereas, Student academic performance is affected such that lesbian, gay, bisexual, and transgender students who experienced high levels of verbal harassment because of their sexual orientation or gender expression report a grade point average nearly a half grade lower than those of lesbian, gay, bisexual, and transgender students who experienced low levels of such harassment; and

Whereas, The presence of supportive staff contributed to a range of positive indicators including fewer reports of missing school, fewer reports of feeling unsafe, greater academic achievement, higher educational aspirations, and a greater sense of school belonging; and

Whereas, A growing number of cities and local education authorities in the state of Michigan are adopting laws and policies to prohibit name-calling, bullying, harassment, and discrimination against students on the basis of their sexual orientation and gender identity or expression; and

Whereas, Every child should be guaranteed an education free from name-calling, bullying, harassment, and discrimination regardless of his or her sexual orientation and gender identity or expression; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare April 17, 2015, as a Day of Silence in the state of Michigan. We support the ideals of supports the goals and ideals of the National Day of Silence, request that the Governor issue a proclamation calling on the people of the United States to observe the National Day of Silence with appropriate ceremonies, programs, and activities, and encourage city and local education authorities in the state of Michigan to adopt laws and policies to prohibit name-calling, bullying, harassment, and discrimination against students, teachers, and other school staff regardless of their sexual orientation and gender identity or expression, so that the nation's schools are institutions where all individuals are able to focus on learning.

The resolution was referred to the Committee on Education.

Rep. Franz offered the following resolution:

House Resolution No. 58.

A resolution to declare June 8, 2015, as Remember The USS *Liberty* Day in the state of Michigan.

Whereas, It is the actions of the brave that allow us to live free in this great democracy that we so treasure; and

Whereas, Veterans throughout our history have answered the clarion call to duty, defended America, and built this land of incomparable greatness for the generations to come; and

Whereas, No one has given more to our nation and to the cause of freedom than the men and women of the United States military, many of whom have made the ultimate sacrifice; and

Whereas, We remember and honor the men of the USS *Liberty*; and

Whereas, The USS *Liberty*, AGTR5, a US Navy intelligence gathering ship, was operating in international waters off the Sinai Peninsula on June 8, 1967; and

Whereas, The Six-Day War was in progress; and

Whereas, The USS *Liberty* was clearly marked and flying the American Flag when it was strafed and torpedoed with devastating consequence; and

Whereas, Those military and civilian personnel who suffered casualties, including 34 fatalities and 172 injured, will never be forgotten; and

Whereas, The commanding officer, Captain William McGonagle, and the valiant crew attempted to save the ship from total destruction while awaiting US Navy assistance; and

Whereas, On that day, the USS *Liberty*'s crew responded valiantly. Captain William McGonagle earned the Congressional Medal of Honor for extraordinary heroism and his ship received the Presidential Unit Citation; and

Whereas, We will remember the service of the crew of the USS *Liberty*, patriots united in their mission, patriots who embraced the cause of all who serve to make our world safe for democracy; and

Whereas, It is appropriate that we recognize all who are standing today at this very hour in harm's way in the frontlines in defense of freedom, affording us all the opportunity to hold dear and fully enjoy our inalienable rights of life, liberty, and the pursuit of happiness; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare June 8, 2015, as Remember The USS *Liberty* Day in the state of Michigan.

The resolution was referred to the Committee on Military and Veterans Affairs.

Reps. Driskell, Howrylak and Sarah Roberts offered the following resolution:

House Resolution No. 59.

A resolution to declare April 9, 2015, as Robotics Day in the state of Michigan.

Whereas, Robotics has matured into an all-encompassing and enabling technology that, as a pillar of 21st-century innovation, is positioned to fuel a broad array of next generation products and applications, transform our society, and become as ubiquitous over the next several decades as desktop and mobile computing technology is today; and

Whereas, The emerging market for service robotics in various sectors, including healthcare, national defense, homeland security, energy, manufacturing, logistics, transportation, agriculture, education, consumer goods, and others, is expected to grow at a compound annual growth rate of nearly 20 percent over the next few years to become a worldwide \$27 billion industry; and

Whereas, Robotics is a critical technology capable in the near term of contributing to the economic recovery by creating new jobs, increasing productivity, improving quality, and increasing worker safety, and equally capable over time of addressing the longer term labor and healthcare issues; and

Whereas, Robotics technology holds tremendous potential for reducing the cost of healthcare delivery, stimulating the discovery and development of new procedures and treatments for a wide variety of diseases and disorders, improving the standard and accessibility of care, providing individuals with disabilities, especially injured veterans, with greater independence and dignity, and enhancing overall patient health outcomes; and

Whereas, Robotics technology is proving essential to our national defense and homeland security by enabling the ongoing development and fielding of unmanned air, ground, and maritime systems that today help keep our nation's war-fighters and protectors out of harm's way and in the long run will serve as a highly effective force multiplier; and

Whereas, Robotics is a key transformative technology that can revolutionize manufacturing by enabling small and mid-sized companies to cost effectively combine highly skilled workers and highly adaptable, precise, and reliable equipment to create and make high value products in high-stakes industries; and

Whereas, Robotics is rapidly proving to be one of the most effective, compelling, and engaging means for teaching and reinforcing fundamental science, technology, engineering, and mathematics (STEM) concepts as well as inspiring youth to pursue STEM-related careers thereby helping to create a highly skilled, 21st-century American workforce; and

Whereas, America's ability to maintain its leadership position and be both globally competitive and cooperative in a wide range of rapidly emerging markets is being currently challenged by other regions, including the European Union, Korea, and Japan, who have committed to making multi-billion dollar long-term investments in further developing and commercializing robotics technology; and

Whereas, There is a strong need to recognize America's leadership in robotics technology, educate the public on robotics technology's broad potential, growing importance, and future impact on society, underscore the need for increased investment in robotics technology research and development, and inspire youth to pursue careers in robotics and other STEM-related fields; and

Whereas, The second week in April each year is designated as National Robotics Week. This recognizes the accomplishments of Isaac Asimov, who immigrated to America, taught science, wrote science books for children and adults, was the first person to use the term robotics, developed the Three Laws of Robotics, and died in April 1992; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare April 9, 2015, as Robotics Day in the state of Michigan.

The question being on the adoption of the resolution,

The resolution was adopted.

House Concurrent Resolution No. 3.

A concurrent resolution to urge the U.S. Department of Defense Missile Defense Agency to select the Fort Custer Training Center as the location for a new ground based interceptor ballistic missile defense mission.

(For text of concurrent resolution, see House Journal No. 20, p. 220.)

With the recommendation that the following substitute (H-2) be adopted and that the concurrent resolution then be adopted.

Substitute for House Concurrent Resolution No. 3.

A concurrent resolution to urge the U.S. Department of Defense Missile Defense Agency to select the Fort Custer Training Center as the location for a new ground based interceptor ballistic missile defense mission.

Whereas, The Fort Custer Training Center is one of four sites being considered for a new ground based interceptor ballistic missile defense mission. Fort Custer is a 7,500 acre Michigan National Guard installation that supports all branches of the Armed Services as well as law enforcement agencies and Federal partners. The training center and the nearby Air National Guard Base are integral to the economy of Southwest Michigan providing more than \$22 million in total wages and salaries and \$26 million in gross regional product. The community surrounding the Fort Custer Training Center embraces the soldiers and their families, supporting their missions and realizing how important their duties are to our nation; and

Whereas, The Fort Custer Training Center is nationally recognized by the Department of Defense for its superior environmental stewardship, having won numerous environmental and energy awards from the Department of the Army; and the selection of the ground based interceptor ballistic missile defense mission will rely heavily on the Installation's ability to support the mission and protect the environment; therefore Fort Custer's respect for the environment makes it a logical choice for the site selection; and

Whereas, The final site selection must be based upon the Installation's ability to support the mission of the ground based interceptor ballistic missile defense mission, but the cost to U.S. taxpayers to complete that mission should be important in the site selection process for the U.S. Department of Defense Missile Defense Agency. Fort Custer can support the mission and will provide the best value for U.S. taxpayers; and

Whereas, The selection of the training center as the location for a new ground based interceptor ballistic missile defense mission would have significant economic impact on the region. An estimated \$700 million in new construction and 2,100 new direct and associated jobs could be realized in the Calhoun and Kalamazoo counties if the defense system were built here. An analysis prepared by the W.E. Upjohn Institute for Employment Research advises the project would have a \$3.2 billion economic impact on the region's economy; and

Whereas, The ground based interceptor ballistic missile defense system is the key defense tool protecting our state and nation from ballistic missile attacks. The placement of the ballistic missile defense system in Battle Creek will take full advantage of Fort Custer's strategic location and security. Michigan is prepared to support the construction and operation of the new missile defense system, as well as the military personnel who will maintain it; now, therefore, be it

Resolved by the House of Representatives, (the Senate concurring), That we urge the U.S. Department of Defense, Missile Defense Agency to select the Fort Custer Training Center as the location for a new ground based interceptor ballistic missile defense mission; and be it further

Resolved, That copies of this resolution be transmitted to the United States Missile Defense Agency, the United States Secretary of Defense, and the members of the Michigan congressional delegation.

Senate Concurrent Resolution No. 5.

A concurrent resolution to request the United States Congress to enact legislation and the U.S. Department of Health and Human Services to promulgate rules that would promote the opportunity for consumers to choose Direct Primary Care Services as an integral part of their health care plan.

Whereas, Direct Primary Care Services (DPCS) provides patients with low-cost access to primary care services that promote preventative care; and

Whereas, Access to preventative care provided by primary care service providers has been demonstrated to reduce hospitalization, improve health outcomes for consumers, and lower the premiums for catastrophic insurance plans; and

Whereas, Gaps in health care services provided by DPCS can be filled with wraparound insurance plans at a much lower cost than traditional insurance plans inclusive of primary care services; and

Whereas, Section 10104 of the Affordable Care Act (ACA) allows for Direct Primary Care Medical Home Plans; and

Whereas, Section 1301 of the ACA requires a Qualified Health Plan; and

Whereas, Section 1302 of the ACA requires health coverage that meets the minimum essential benefit requirements in order to avoid tax penalties from the Internal Revenue Service; and

Whereas, DPCS used in concert with wraparound insurance plans provides a means of satisfying the requirements of the ACA in a manner that lowers the cost of health care, expands access to care, and improves the quality of care received; and

Whereas, The current federal tax code treats direct care membership as a form of insurance, inhibiting individuals from opening Health Savings Accounts if they are also enrolled in a high-deductible insurance plan; and

Whereas, Current law allows direct primary care practices to be treated as medical home services if the practices meet certain requirements. The U.S. Department of Health and Human Services is responsible for setting these requirements, but has not yet done so; and

Whereas, Current law features balanced billing limitations that require physicians to drop out of Medicare for two years if they accept direct payment from Medicare beneficiaries; now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That we request the United States Congress to enact legislation reforming the federal tax code to allow direct primary care payment for services through tax-deferred or tax-exempt accounts, such as Health Savings Accounts; and be it further

Resolved, That we request the United States Congress to enact legislation and the U.S. Department of Health and Human Services to promulgate rules that explicitly allow medical home services to include direct primary care arrangements; and be it further

Resolved, That we request the United States Congress to enact legislation and the U.S. Department of Health and Human Services to promulgate rules that allow Medicare patients to pay doctors directly outside of the traditional Medicare program; and be it further

Resolved, That we request the United States Congress to enact legislation and the U.S. Department of Health and Human Services to promulgate rules that encourage states to enable Medicaid patients to pay doctors directly for routine medical services; and be it further

Resolved, That copies of this resolution be transmitted to the Secretary of the U.S. Department of Health and Human Services, the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

The Senate has adopted the concurrent resolution.

Rep. Howrylak was named co-sponsor of the concurrent resolution.

The concurrent resolution was referred to the Committee on Health Policy.

Rep. Outman moved that the House adjourn.

The motion prevailed, the time being 3:40 p.m.

The Speaker Pro Tempore declared the House adjourned until Tuesday, April 21, at 1:30 p.m.
