EXTEND SUNSET ON TRANSPORTATION FORMULA

House Bill 4659 as introduced
First Analysis (5-21-87)

Sponsor: Rep. Curtis Hertel
Committee: Transportation

JUN 11 1987

JUN 08 1987

File # 4659-1000

H.B. 4659 (5-21-87)

THE APPARENT PROBLEM:

Public Act 438 of 1982 amended the Michigan transportation fund act to establish a temporary formula for distribution of money from fuel and vehicle weight taxes placed in the Michigan Transportation Fund. Under the formula ten percent of the fund goes to the comprehensive transportation fund. After deductions for expenses, the balance is divided as follows: 39.1 percent to the state trunk line fund, 39.1 percent to county road commissions, and 21.8 percent to cities and villages for their own roads. In addition, the formula provided for the distribution of the funds within each category.

The act also established a task force to recommend a new distribution formula for fuel and vehicle weight taxes by October 1, 1984. The deadline was first extended to December 31, 1986, then to March 31, 1987, and later to June 1, 1987. More time is needed to work out a transportation package and a new formula.

THE CONTENT OF THE BILL:

House Bill 4659 would extend the sunset for the temporary formula until June 15, 1987.

MCL 247.660

FISCAL IMPLICATIONS:

There is no fiscal information at present. (5-20-87)

ARGUMENTS:

For:

The extension is needed for the legislature to put together a new transportation package and a new formula. The distribution of funds must continue under the temporary formula so as not to disrupt contractual agreements with labor unions and small business suppliers that are contingent upon disbursement of the funds. Without the bill, furthermore, the statute would provide no authority for the distribution of funds to the Comprehensive Transportation Fund, the State Trunk Line Fund, county road commissions, and cities and villages, except for the payment of principal and interest on bonds and notes.

POSITIONS:

There are no positions at present.
