HOSP. FIN. AUTH. ACT/INC. NURSING HOMES

House Bill 5267

Sponsor: Rep. Rick Sitz

Committee: Appropriations

1977 01 10 00

Complete to 4-26-88

A SUMMARY OF HOUSE BILL 5267 AS INTRODUCED 12-30-87

The bill would amend the Hospital Finance Authority Act to provide that health care institutions could receive financing under the act for establishing and operating nursing homes and congregate care facilities. Under the bill, a "congregate care facility" would be defined as a residential facility intended for use primarily by aged persons which makes health care services available to the residents of the facility. (The bill would also replace the term "hospital" with the term "health care institution" throughout the act.)
