A SUMMARY OF HOUSE BILL 5558 AS INTRODUCED 4-19-88

The bill would amend the Worker's Disability Compensation Act of 1969 to allow a worker's compensation insurance policy to exclude coverage of real estate salespersons and associate real estate brokers if these persons had an agreement with their employer stating that they were not considered employees for tax purposes. Under the act, both the employer and the employee would be required to sign an application for an exclusion endorsement. The exclusion would remain in effect until revoked by the employer or the excluded person by giving notice in writing to the carrier.
